A Lot to Remember 'Cats Claw to the Top

Wilson High School has reached the top. We are a school that has matured very quickly — a seventeen-year-old school, that has become parallel to the other older schools in the area. Academically, socially and in the field of athletics, we parallel the other schools.

Our athletic teams never used to be anything to reckon with, but now we are feared by many other schools. The academic scores of students at Wilson were never the highest, but now they are above the average. The involvement of the students at Wilson is the phenomenal jump.

Students at Wilson finally realized that it was

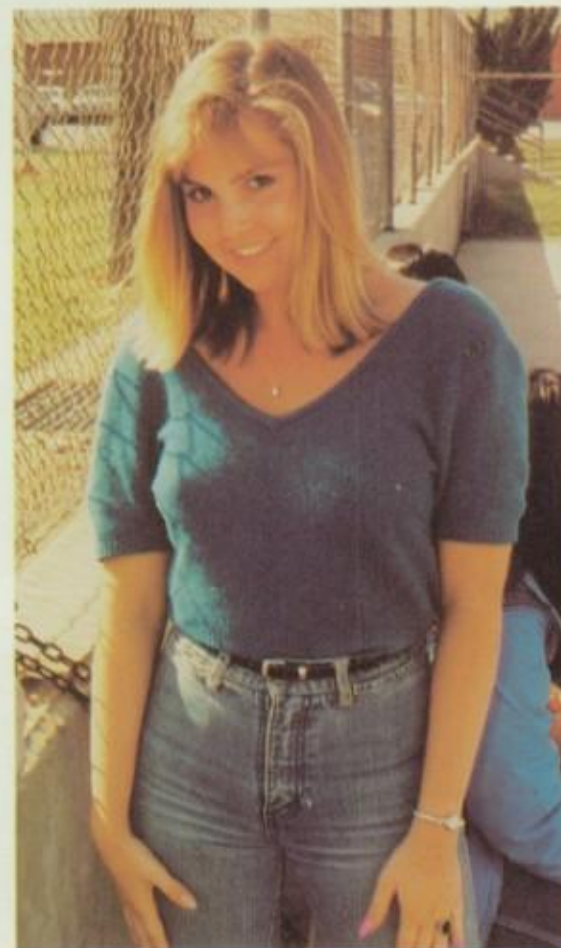

acceptable to cheer at a game or get involved with a club. Just last year is when the big jump in student involvement began. This year even more people started to attend games, go to after-game dances and participate in a club's activity.

The students are the main reason a school runs smoothly. If no students are involved, a school will not function at all. Wilson students are certainly not students that are not involved.

Our school is still rising. If it keeps growing at this pace, it will surely be considered as one of the best anywhere.

Seniors Claw to Top Seniors '83

Many of us remember our senior year. It was a time of beginnings. We were finally not classified as children. We all struggled for social acceptance and few achieved it.

During our sophomore year, we shed our "freshman" image, and were finally considered by upperclassmen as *real* people. We acquired signs of maturity such as our school ring or our driver's license. We now went more places and participated in activities at school.

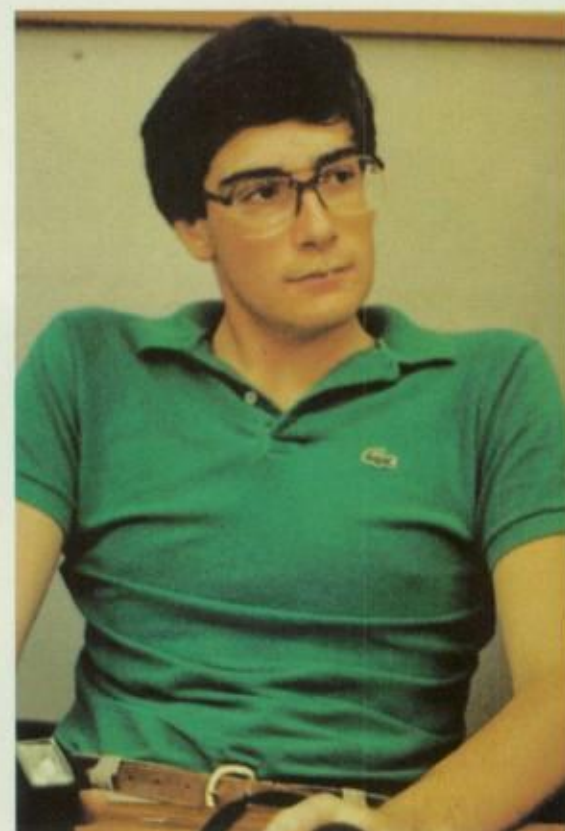

As juniors, we were right where we wanted to be, an upperclassman. We started to have pride in our school. We went to all the dances we could. Everyone that could went to the prom.

After four years we are seniors. We are the ones that are looked up to by underclassmen. We are the graduating class of 1983.

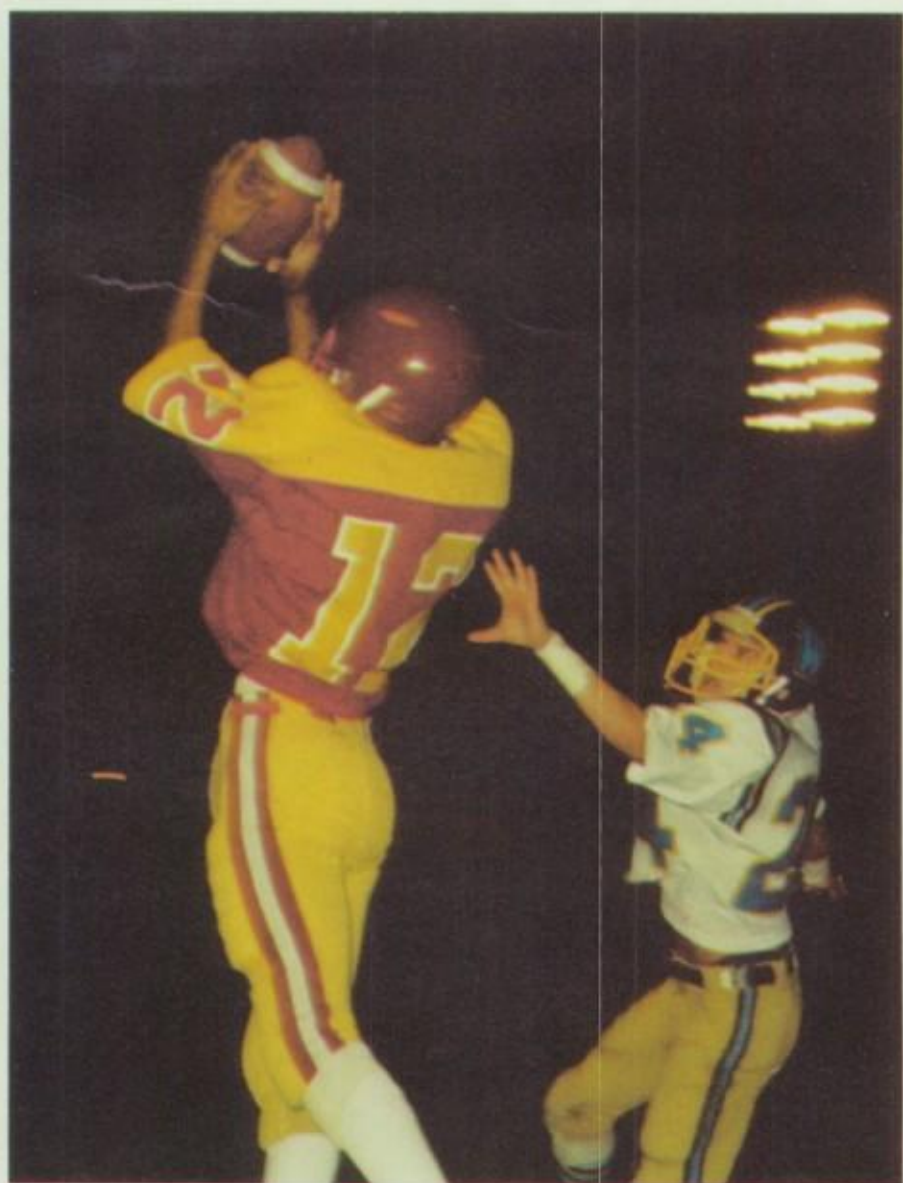

Many colleges, all of the sudden, throw catalogues in our faces. Our first major decision in life: whether or not to go to college.

Whatever the decision, the times we've spent at Wilson will always be remembered. At Wilson, we made many unforgettable friends and acquaintances.

Our high school years are a time in life which should never be forgotten. It was the perfect time for us: we were no longer children and not yet adults.

Many Students Upset Year Opens with Registration

Suggestions have been made by the students at Wilson to have the process of registration changed. Students do not realize how lucky they are. Most students do not get to even choose the periods that they want, let alone the teachers.

In the mid 1960's, the Los Angeles City School District handled registration this way: each student would go to the class they wanted and as soon as the class had thirty-six students, the teacher would close the door to any oncoming students. Those students would have to find another class to go to. This would cause rushing around halls screaming and yelling and trying to find a class with an open door. As soon as the bell would ring, students would rush out the door to get into the class they wanted next. This would go on all day. Do we have it better now?

Mr. Hyma, the principal said, "Registration was organized much better this year than last year because everyone was used to registering in the Media Center." Students thought otherwise, "It was a complete fiasco. Better methods should be obtained in the future," said junior Cheryl Redd. "I don't think it is fair for the student who signed up for a class and didn't get it because the class was already full. They might need that class for graduation or even college," said Sophomore Libby Fadden. But, Senior Doug Stekkinger thought otherwise and said, "It was great."

Registration was considered by many to be a madhouse. Seniors didn't get Civics, juniors got stuck in linguistics, and sophomores had trouble getting into advanced classes.

There are approximately 2,000 students at Wilson High School, and an influx of new students has pushed the enrollment over 100 students more than expected.

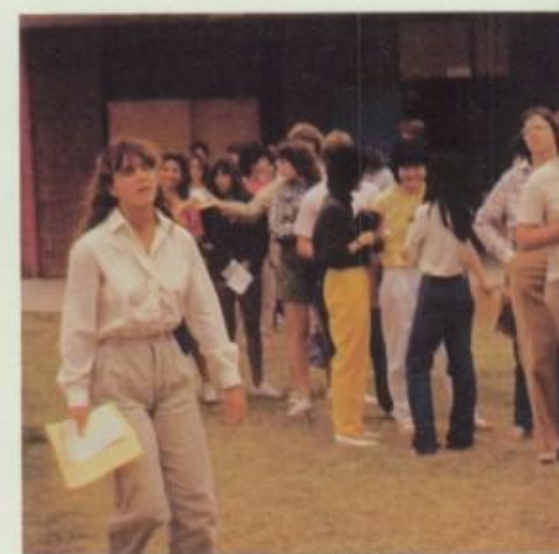

At the end of last year, the district cut back some of the teachers. New students came in during the summer or the beginning of school. When registration came, Wilson had more students than teachers. The district did not hire any new teachers until the students were actually enrolled in classes. This is why classes filled up so much faster than years before.

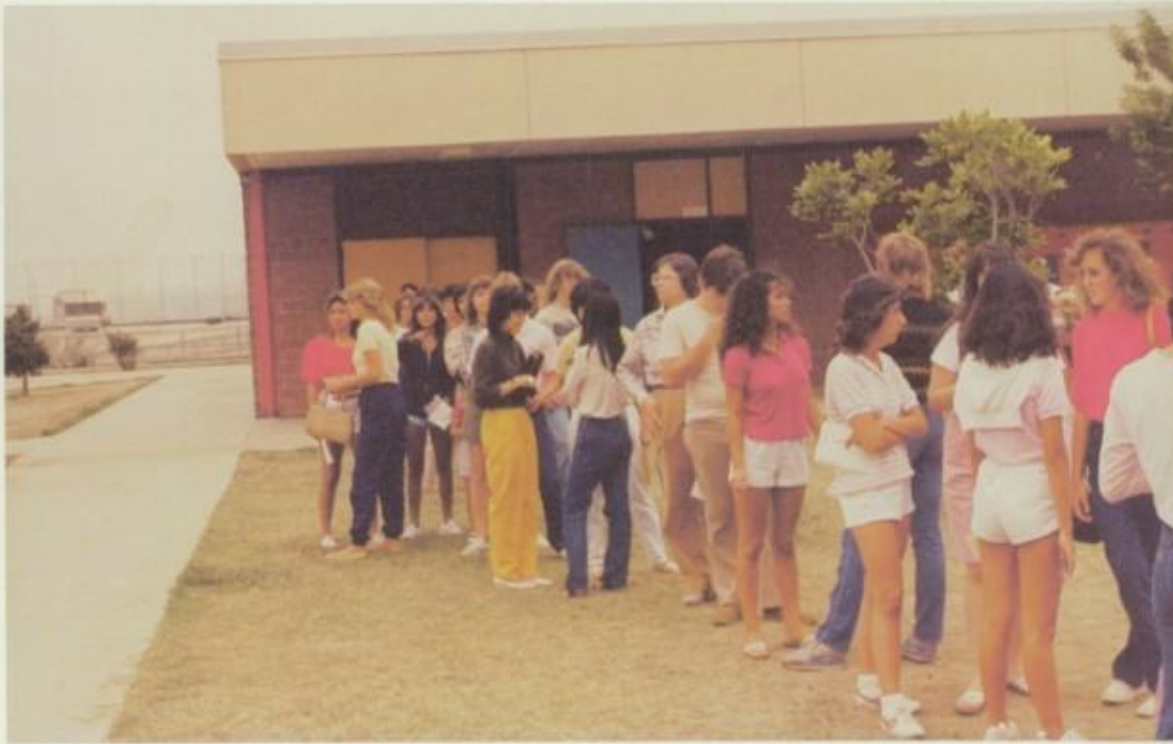

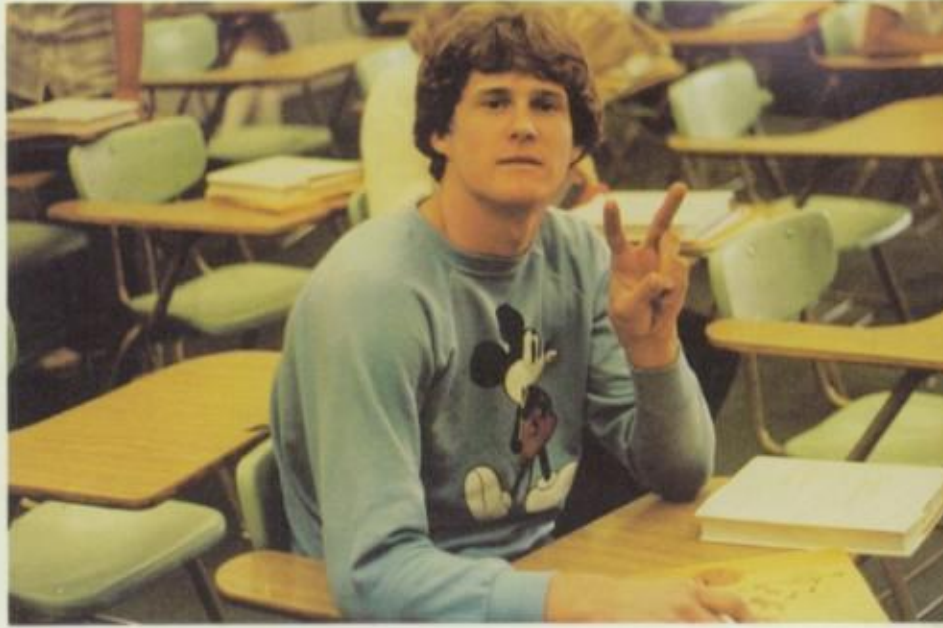

A few suggestions have been made to have registration done by computers. Mr. Olson, head counselor, said that computerizing has disadvantages — the students would not be able to pick the teachers they want, the periods, or the lunch. Only two schools in the district have registration done by computers La Puente and Workman. Both of these schools have had many complaints from students.

When Mr. Olson was asked how he felt registration turned out he replied, "I feel that the teachers had done remarkably well in trying to get students into classes and also in accepting larger classes this year."

Cats Show More Spirit

Spirit Keeps on Coming

Spirit has been shown many different ways this year at Wilson High School. The large crowds at rallies and football games, and participation during both lunches at senate activities.

This year's rally squad, which consists of thirty-six members, had put on some great rallies and did a tremendous job in promoting spirit throughout the school. They accomplished all this without help of an advisor. The squad had some great backup from Brent Bailey and Mark Marrero.

Brent and Mark are two very spirited and funny guys. They help promote spirit. They were on the field with the Rally Squad, dressed up in the mascot uniforms. Not only did they enhance spirit, but also gave the audience a few laughs.

When students were asked what positive thing they could say about Wilson spirit, senior Brent Bailey replied, "I think that the spirit this year has been better than any other of the years past, due to the class of '83. '83 is the best." Junior Chely Hicks said, "I really

feel that our spirit has improved a lot because I see a lot more people at rallies and participating at lunch time activities and also the rally squad has done an outstanding job in promoting spirit this year." Senior Todd Chambers replied, "Out of the four years I have been here the school spirit this year has been the greatest, and I think everyone should be commended on it."

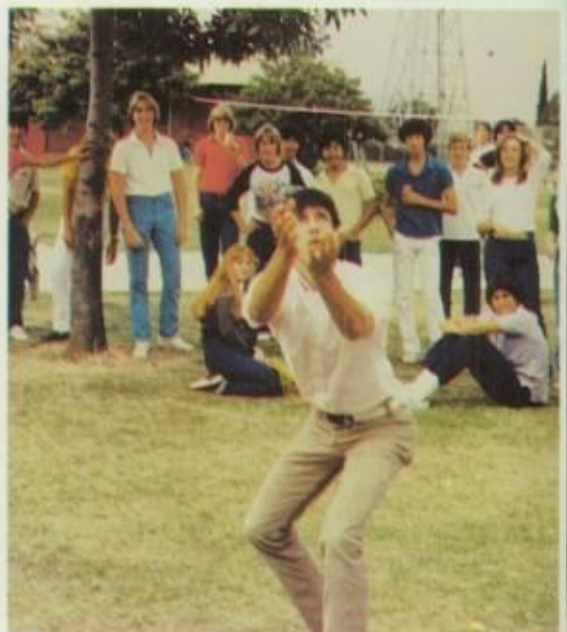

"Athletes at our school are really involved and spirited," said Heidi Dean. This was shown at a Wilson water polo game against Los Altos, when the whole football team came to cheer for Wilson as they conquered Los Altos 12-7.

Here at Wilson during lunch students can be seen taking part in many activities like, throwing raw eggs, riding tricycles, drinking down root beers, and eating donuts on a string.

"This year spirit has increased tremendously," said one student. There's only one way to put that, "We've got spirit yes, we do."

Wildcats Come From Behind Remembrances of the Past

Of all the events that shape a school year, Homecoming has to be one of the most well remembered. Wilson's 1982-83 Homecoming was no exception. Not just the game and its festivities, but the whole week.

In charge of this year's Homecoming was junior Chely Hicks. She and the other members of the Senate planned lunch-time activities for the whole week. These activities consisted of a plaid day, an egg toss, a tug-of-war, and a Halloween dress up day on Friday.

Also held on Friday was the traditional Homecoming rally, in which the Homecoming King is selected. All of the nominees for King, and those nominated for Queen, were depicted by the rally squad as to how they looked when they were younger. Then all the nominees for king were lined up behind a poster, so that their legs showed, for a leg contest. The winner of the leg contest was the 1982-83 Homecoming King, Chris Bolano.

On the evening of October 29, the District Stadium was filled with fans and excitement. The Wildcats were pitted against the Walnut Mustangs. With the 'Cats being highly favored, many thought it would be a Wilson blow out, but that was not the story. The 'Cats had to come from behind and hang on for a 23-20 victory.

Although it was a lackluster performance by the 'Cats, Wilson actually dominated the contest.

Wilson looked awesome in the first period as they took a 9-0 lead. The 'Cats opened the game by driving eighty yards for the first score, which was a Tom Tucker eleven yard run. The 'Cats made it nine with a twenty-five yard David Nicassio field goal.

But as quickly as Wilson opened up the game, they let Walnut get right back into it. Behind the arm of Jeff Patera, the Mustangs took a 14-9 lead on scoring passes of fifty-five and nineteen yards. Walnut went into the locker room with a 14-9 lead and thoughts of an upset.

As the gun sounded to end the half, the procession began. The parade was led by the

class floats. The junior's float took the first place award. Next came the princesses and last year's queen Pam Walker. The princesses were escorted by their fathers to the stage at the center of the field. When the lights of the stadium were turned off, all eyes went toward the end zone, where the fireworks lit up the name of Dawn Jackson, the 1982-83 Homecoming Queen.

Dawn was crowned by Pam Walker just as a brilliant display of fireworks was set off.

As the fireworks ended and the lights came back on, balloons were let free into the night and the new Queen was escorted back to her seat by her father.

After all the excitement, the crowd settled, because there was still one half of football left, and the 'Cats were down. The 14-9 deficit did not last long. Wilson took the opening kickoff and marched seventy-three yards for another score. Tom Tucker went in again, this time from two yards out. Tucker, the Sierra League's number one rusher, had 195 yards on thirty-three carries.

When the 'Cats took the lead, the Wilson defense took over, led by middle linebacker Rich Daganpat and safety John Pan, the 'Cats virtually shut down all of Walnut's offense. The Mustang's offense had to punt on every possession. An interception by Pan set up the 'Cats' final score. On fourth down and goal-to-go, quarterback Andy Nicassio found his brother Dave for a seven yard touchdown pass.

The defense responded again as Dagampat intercepted a pass with thirty seconds left. It looked as if Wilson would simply run out the clock. However, the 'Cats fumbled a pitch out and a Walnut defender ran sixty yards for the score. The 23-20 victory may have dampened the spirit of the crowd, but the fans soon realized that it was still a victory.

Later in the evening, the Homecoming dance featured the "rockabilly" style music of "Captain Cardiac and the Coronaries." All of the participants at the dance and the game had a great time.

Many Friendships Made Friends Keep Us Going

Friendship plays an important role in a high school student's life. A student needs friends to tell them their worries and excitement, and also to go places with.

Almost all of us at one time or another are afraid of being "socially rejected." There is always a fear of not being accepted by people. This fear always puts us on guard of what we wear and watch how we behave. Because we sometimes try so hard to become a certain image, we don't allow others to see our true personalities. But, around close friends we can show our real personality without fear of being mocked at.

Friends are someone to go places with. Barro's, football games, or just to the mall. It wouldn't be very fun to go to a Wilson football game and sit all by yourself. Going places wouldn't be half as much fun if not for friends to make them fun.

Friends are someone we should cherish all our lives. They teach us how to love, respect, and care. If it wasn't for our friends people would not know how to laugh and enjoy life. We would be living like hermits because we would never have a social life. And what would most of us do without a social life?

More Than Just a Game

Wilson Vs. Los Altos

Rivalry

That run woke up the 'Cats fans as they played an important role in the 'Cats last drive. That drive started with 4:40 left in the game, eighty yards away. Four minutes later after an incredibly exciting drive, the 'Cats had cut the lead to one point. Wilson then used their final timeout with :40 seconds left in the game.

The ball was lined up nine yards away from a championship and the 'Cats lined themselves up behind it. The rest need not be told again out of sheer respect that the greatest football team in this schools' history and their coaches deserve. One point should not determine who is the champion. Wilson was the better team.

As the Sierra League basketball season came to a close, the 'Cats needed to beat the Conquerors to grab sole possession of second place. Wilson hung in with LA throughout the first half only behind by ten points at the half. As the second half opened, so did the LA offense. LA shut Wilson down and when the 'Cats called time with 3:23 left in the third quarter, they were behind by twenty-three points.

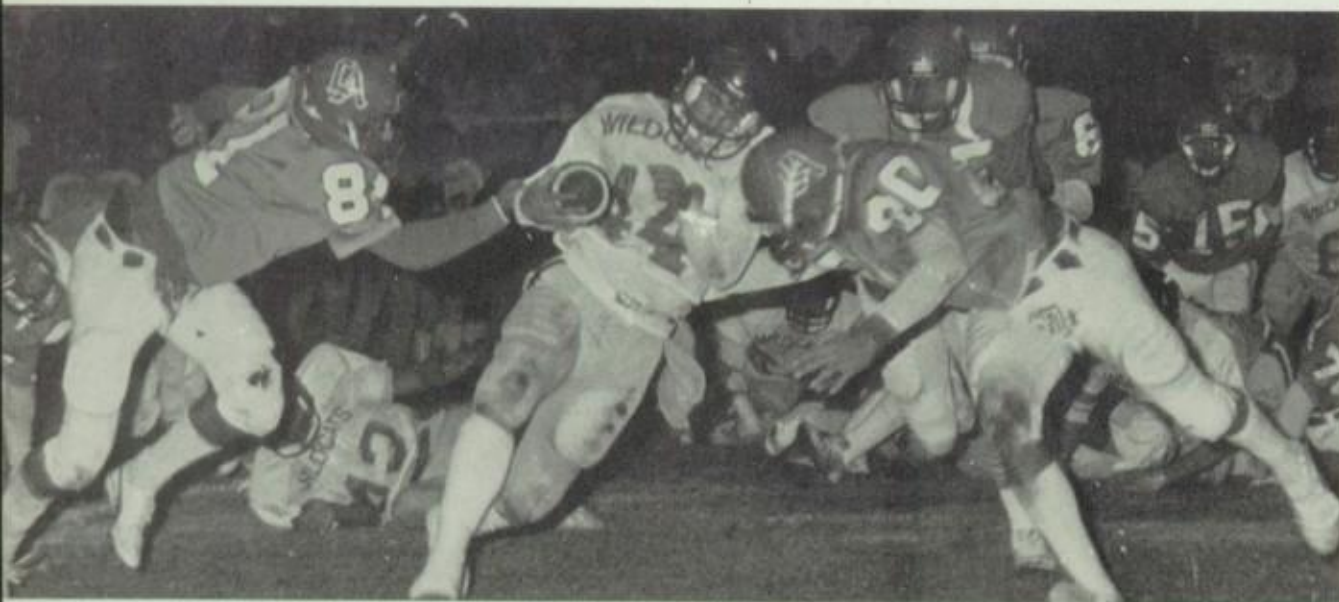

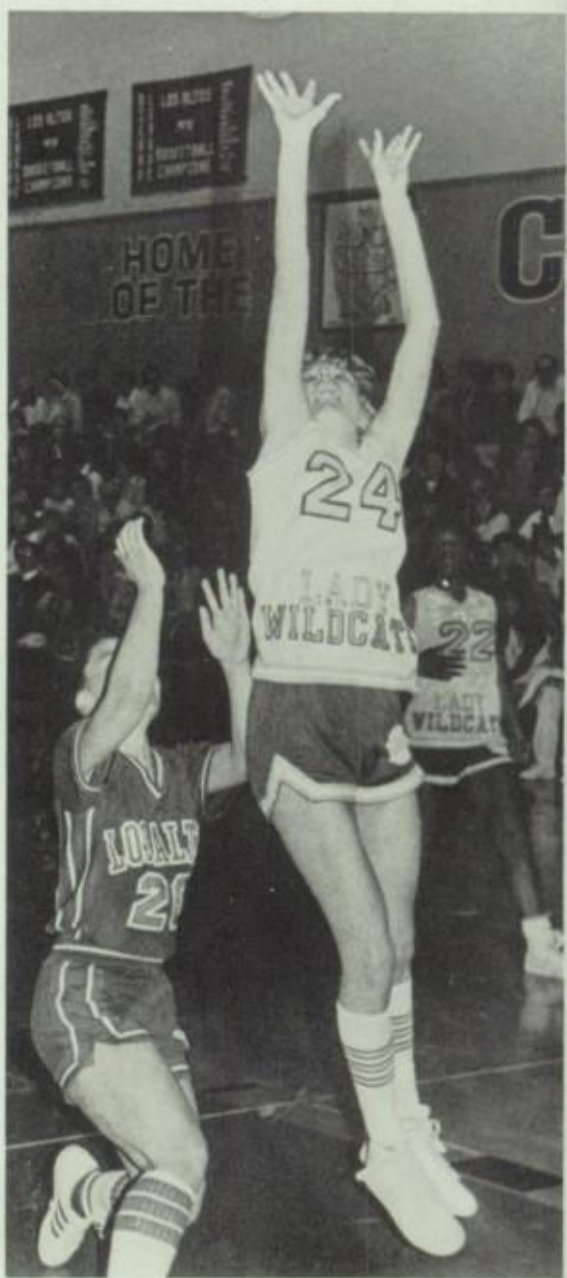

Then Wilson started a comeback unequaled by any Wilson team this year. Behind the clutch play of Brent Bailey and the hot hands of Mike Sorosky, Dion Snow, and Christopher Schoemann, the 'Cats scored thirty-nine points in eight minutes but still fell six short.

Performances like those two show what kind of character is brought out in a team when faced with a game of such magnitude.

Of all the games that a high school athlete competes in, the most emotion-filled has to be the final game you play against your school's biggest rival. In college athletics there are many great rivalries. USC vs. UCLA, Penn State vs. Pittsburgh, Army vs. Navy, and Notre Dame vs. USC top the list as the biggest of these rivalries. In baseball there is the Dodger/Padre rivalry, while in basketball it is Philadelphia vs. Boston. In high school athletics in the CIF Southern section, the rivalry which grabs the most attention is the one between the Glen A. Wilson Wildcats and the Los Altos Conquerors.

At the beginning of the year the Wildcat football team was picked to possibly finish in third place. They obviously surprised everyone but themselves with their ability. As they made their march through the Sierra League, they began to get more press space with every shellacking they handed. People began to talk about the dream game between the two Heights schools for the Sierra League crown. Finally the game which brought "Havoc in the Heights" came about, pitting the 'Cats against LA at the District Stadium.

As the game opened it was all Los Altos. The Conquerors opened up a 14-0 lead before David Nicassio booted a field goal to cut the lead to eleven points. All that LA could muster in the second half was a field goal due to the awesome defense that Wilson played led by Richard Dagampat, Todd Chambers, John Pan, and Todd Saldana. Wilson was stifled until the end of the third period when Al Osuna broke loose for a sixty yard touchdown run to cut the score to 17-10.

Japanese Students

Wilson Welcomes Foreigners

On March 3rd a bus with 9 Japanese exchange students and their teacher drove into Wilson High's parking lot. The students and their teacher were warmly welcomed by the band, Mr. Hyma, the A.S.B. president, and the students' host families. The next morning Senate gave the guests a welcoming ceremony where they were welcomed by many more students and teachers.

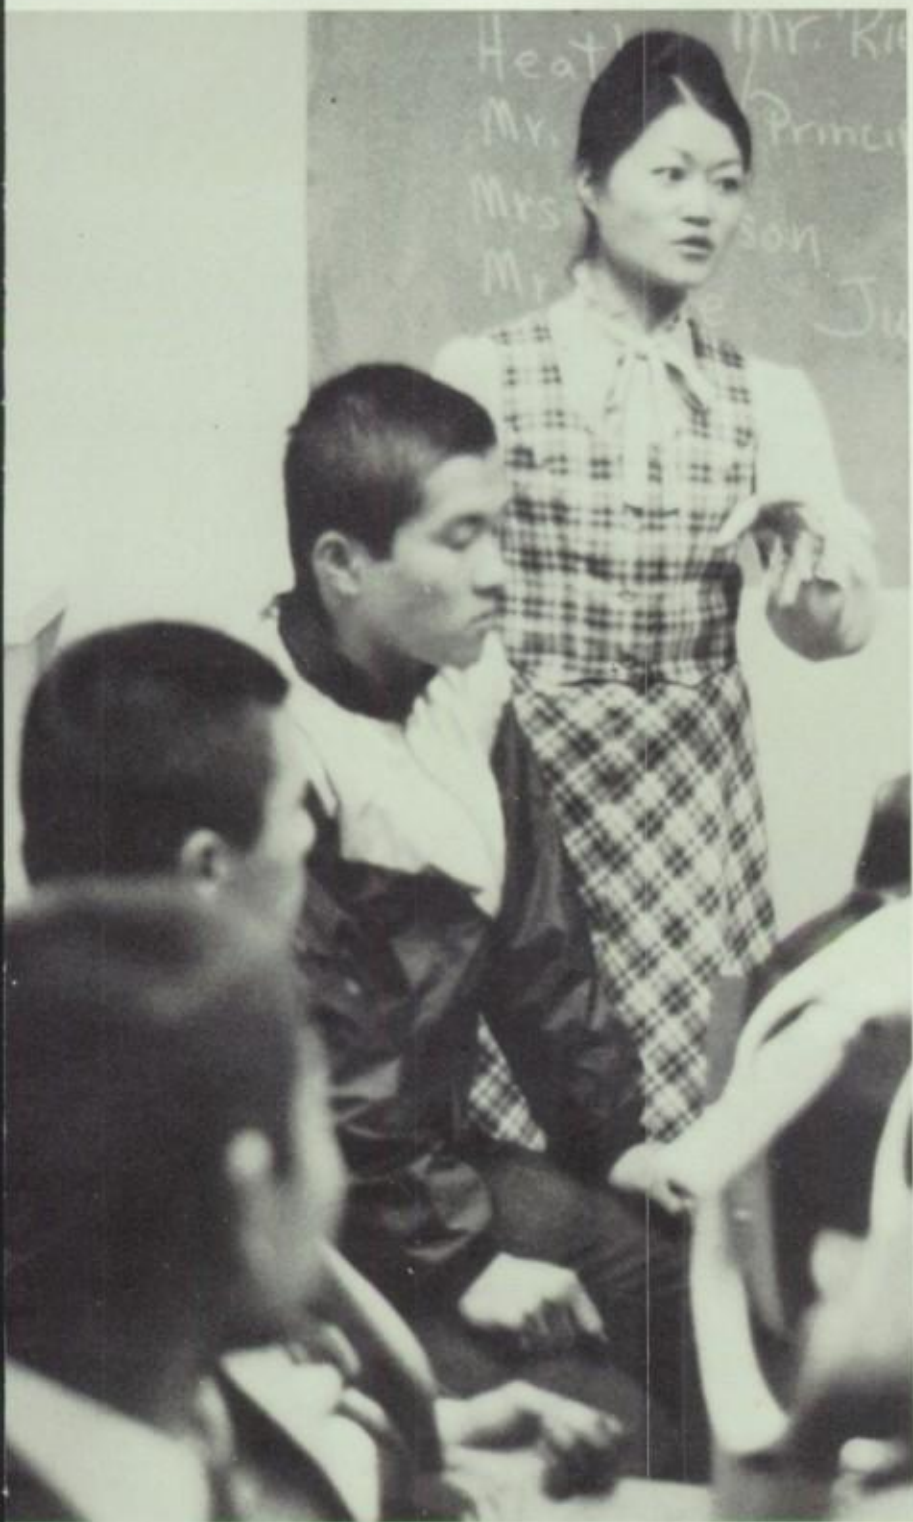

Many activities were planned for these students. They were invited to a Senate meeting, an Inter-, Ex, club meeting, the Sadie Hawkins dance, and an Amerasian club dinner. They also visited Disneyland, UCLA, and other California sights. The host students took them to all their classes, showed them around, and tried to teach them some of the aspects of American culture and they tried to learn some of the aspects of the Japanese culture.

The Japanese students enjoyed their stay as much as we enjoyed having them. It's nice to know that even though there was a communication problem and a difference in culture that many of us got to make true friends in another part of this world.

Sadie Hawkins Dance

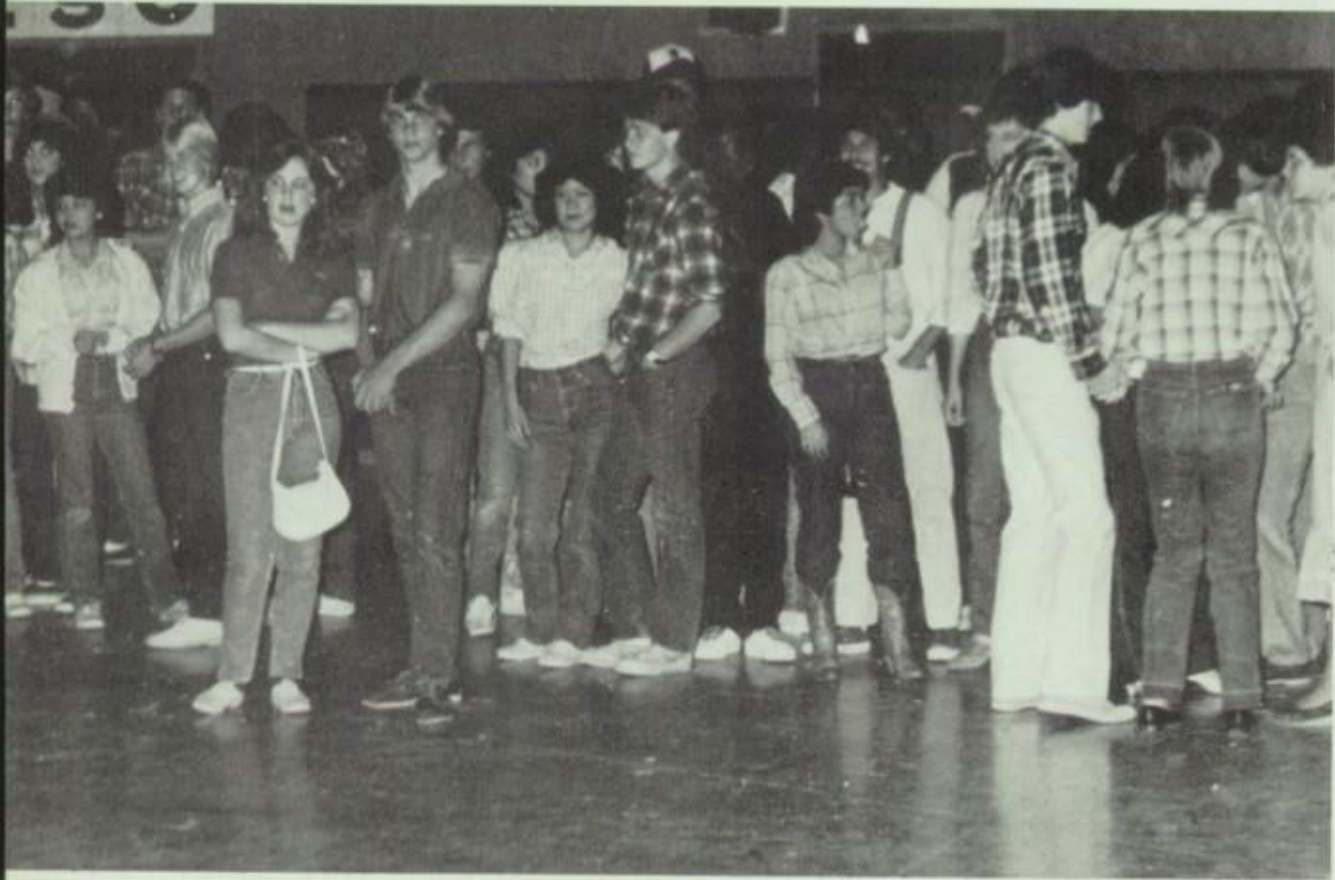

Cats Go Hog Wild

In Dogpatch USA there was a special holiday once a year. On this special day, the single women chased the single men in hopes of catching a husband. Wilson High School has adopted this holiday and has turned it into a Sadie Hawkins' week.

There was lots of hee-hawing and hoedowning at the Sadie Hawkins dance Friday, March 11 in the gym. The dance started at 8:00 and was over at 11:30. Bids were sold at \$3.50 for singles and \$6.00 for couples. The students had to pay for refreshments.

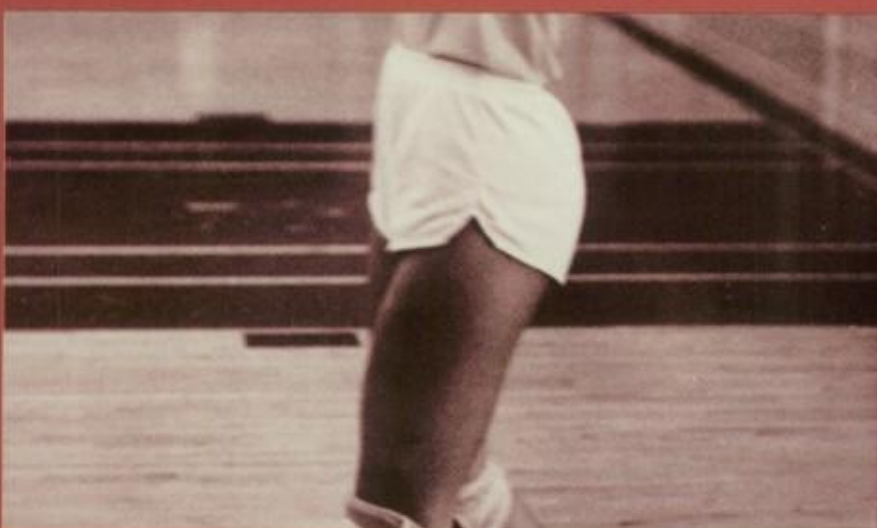

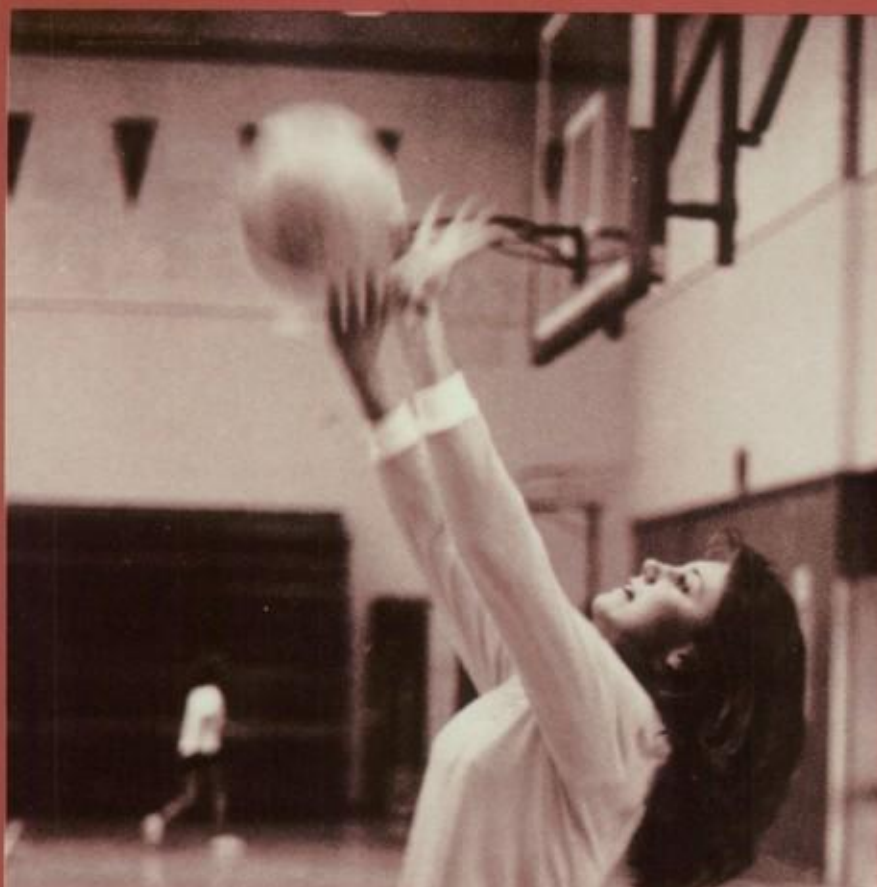

The student body added another feature to the dance, instead of the kissing patch they still had the regular features of being thrown in jail or getting married. The band was Headfirst. Everybody enjoyed dancing to this fantastic band.

The Sadie Hawkins dance was put on by the A.S.B. They did everything from the art work to the wood work and did a fantastic job.

Wilson Has Incredible Season

The 1982 Varsity Football Team had an incredible season. Picked by many not even to finish second in the Sierra League, the 'Cats proved the critics wrong. Wilson made it all the way to the CIF Semi-Finals before bowing to the Esperanza Aztecs 28-8.

In previous years, Coach Dave Merrill's teams have been primarily running type teams. This year, however, Wilson added another dimension to their offense, the passing game. Junior quarterback Andy Nicassio led the way, throwing for over one hundred fifty-five yards on seven occasions. The passing game was a perfect pair for the potent Wildcat rushing attack which was led by senior tailback Tom Tucker.

Not only were the 'Cats blessed with an effective offense, but they also fielded one of the top defenses in the valley. The defense was led by middle linebacker Richard Dagampat, defensive end Todd Chambers, cornerback John Pan, and linemen Dan Van Brabant and Mike Miller.

The season opened at home against the Bell Gardens Lancers. Wilson opened up the Sierra League Co-MVP and CIF first team performer David Nicasio booting a thirty-seven yard field goal. On their next possession, Tucker, who gained 186 yards on twenty-three carries, found the end zone from one yard out. Tucker scored two touchdowns on the evening. The other touchdown came when Andy Nicassio, who was 13 of 24 passes for 153 yards, found his brother Dave on a thirty-four yard touchdown strike. The 'Cats were also effective on defense with John Pan and Todd Saldana picking off one pass a piece. Final score, Wilson 24, Bell Gardens 0.

The next week, the 'Cats were pitted at home against the Warren Bears. Wilson was looking to avenge a tough 7-0 loss last year at the hands of the Bears. Wilson got revenge by defeating Warren 21-16. Offensively, Tucker was the star again, racking up 135 yards on the ground. However, it was the Wilson defense which stole the spotlight against Warren. Leading the way on defense was Richard Dagampat with twelve tackles and John LaPonsey who nailed the Warren to hold onto the victory.

The third week of the season found the 'Cats traveling to play the Schurr Spartans. This was a key game for the Wildcats, by beating the Spartans 42-0. Wilson was now to be regarded as a force in CIF football. Tom Tucker amassed 144 yards on 19 carries and scored four touchdowns. But the real star on offense was Andy Nicassio. Andy threw for 196 yards by completing 16 of 24 passes and two touchdowns. His brother Dave was his main target as the combination hooked up ten times for 113 yards. The 'Cats rolled up 434 yards of total offense.

Now 3-0, Wilson faced coastal conference rival, Arcadia. The Apaches were highly ranked before the game, but no Wilson team has ever lost to the Apaches. This contest was no exception, with Wilson coming from behind for a 35-13 win.

The next week of the season brought on the year's first defeat. Colton beat the Wildcats 14-3 on a windy night in Colton. The only offense Wilson could muster was a forty-two yard field goal from Dave Nicassio.

As the Sierra League campaign opened, the 'Cats drew Edgewood in the first game. Wilson took out all their frustrations of the earlier loss by bombing the Trojans 47-3. Al Osuna was the big ground gainer piling up 191 yards on nineteen carries and three touchdowns in the win.

The Rowland Raiders were the next opponent on Wilson's schedule. The 'Cats dominated the game

by winning 30-7. Rowland's only score came on a razzle-dazzle flea flicker pass in the second quarter. John Pan ran for over 200 yards on kick returns and ran one all the way for a fifty-seven yard touchdown.

Homecoming against the Walnut Mustangs was next for Wilson. The 'Cats came from behind for a 23-30 win. Tucker rolled up 195 yards on 33 carries. Andy Nicassio passed for 157 yards and one touchdown.

Wilson's next contest against the West Covina Spartans was just a tune-up for the showdown against Los Altos. The 'Cats rolled up a 33 point tally to West Covina's 7 points. John Pan ran another punt back for a touchdown this time for 60 yards.

"Havoc in the Heights" occurred when Wilson went against Los Altos for the Sierra League Crown. It was every players' dream for an end to a season, but the dream fell one point and one foot short. Trailing 17-10 with 4:40 remaining, the 'Cats started a match that found them on the one yard line with a first down. The 'Cats tried three times to punch the ball in over the right side, with no luck in sight. On the fourth down, Andy Nicassio faked a handoff and scooted in the end zone untouched. With forty seconds left to win it, Wilson elected to go for the win. With fans surrounding the sidelines, the 'Cats lined up nine feet from a championship. The two point conversion failed, as did the hopes for the crown, 17-16.

The CIF playoff opened the next week. Wilson had to travel to Capistrano Valley to play the highly-ranked squad. Wilson left Capo Valley with a 38-17 victory and thoughts of a rematch with Los Altos. The highlight of the game was a thirty-three yard, Tucker halfback, option pass to sophomore Mike Wanstreet for a touchdown. Tucker scored three touchdowns himself.

Wilson's next opponent was its most formidable. Foothill's football team had compiled a twenty-two game unbeaten streak before they faced the Wildcats. Foothill also boasted the number two rusher in Orange County, James Laind. Laind was held to minus one yard on eight carries. Foothill was held down also, as the final score read Wilson 37, Foothill 0.

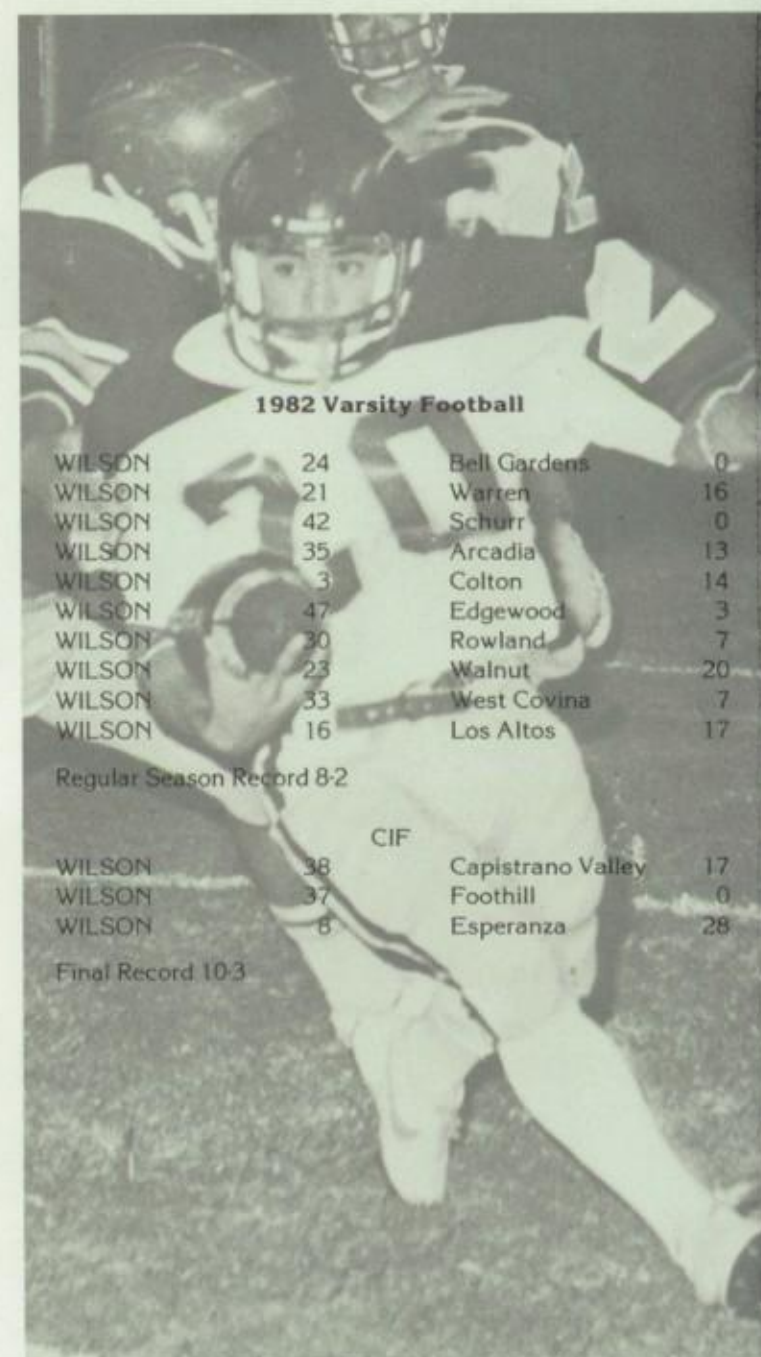

Now Wilson only had one more game to win before the dream rematch. They had to get by the Esperanza Aztecs. The Aztecs averaged 230 pounds on their line. Wilson was behind the whole game, and just couldn't get anything started. The 'Cats' only score came from Tucker from two yards out. Esperanza 28, Wilson 8. A down way to end an up season, Esperanza was defeated in the finals of CIF.

Wilson was well-represented with the post-season honors. First Team All-CIF selections were senior tailback, Tom Tucker, and senior defensive back, David Nicassio. Senior offensive lineman, Mike Miller, was selected to the Honorable Mention All-CIF Team. Those three were also selected to the All-San Gabriel Valley First Team.

The 'Cats dominated the First Team All-Sierra League Squad. Seniors Dan Van Brabant, Tim Galbraith, Al Osuna, Todd Chambers, Rich Dagampat, John Pan, Mike Miller, Tom Tucker, and David Nicassio were all selected to the First Team. Members of the Second Team All-Sierra League included senior Todd Saldana, and juniors Andy Nicassio and Tony Gonzales.

David Nicassio was also selected as the Sierra League's Co-Player of the Year, and Co-Kicker of the Year.

Wilson's head coach Dave Merrill and his staff should have no trouble in winning the CIF Championship in the coming years.

Junior Varsity Has Impressive Season

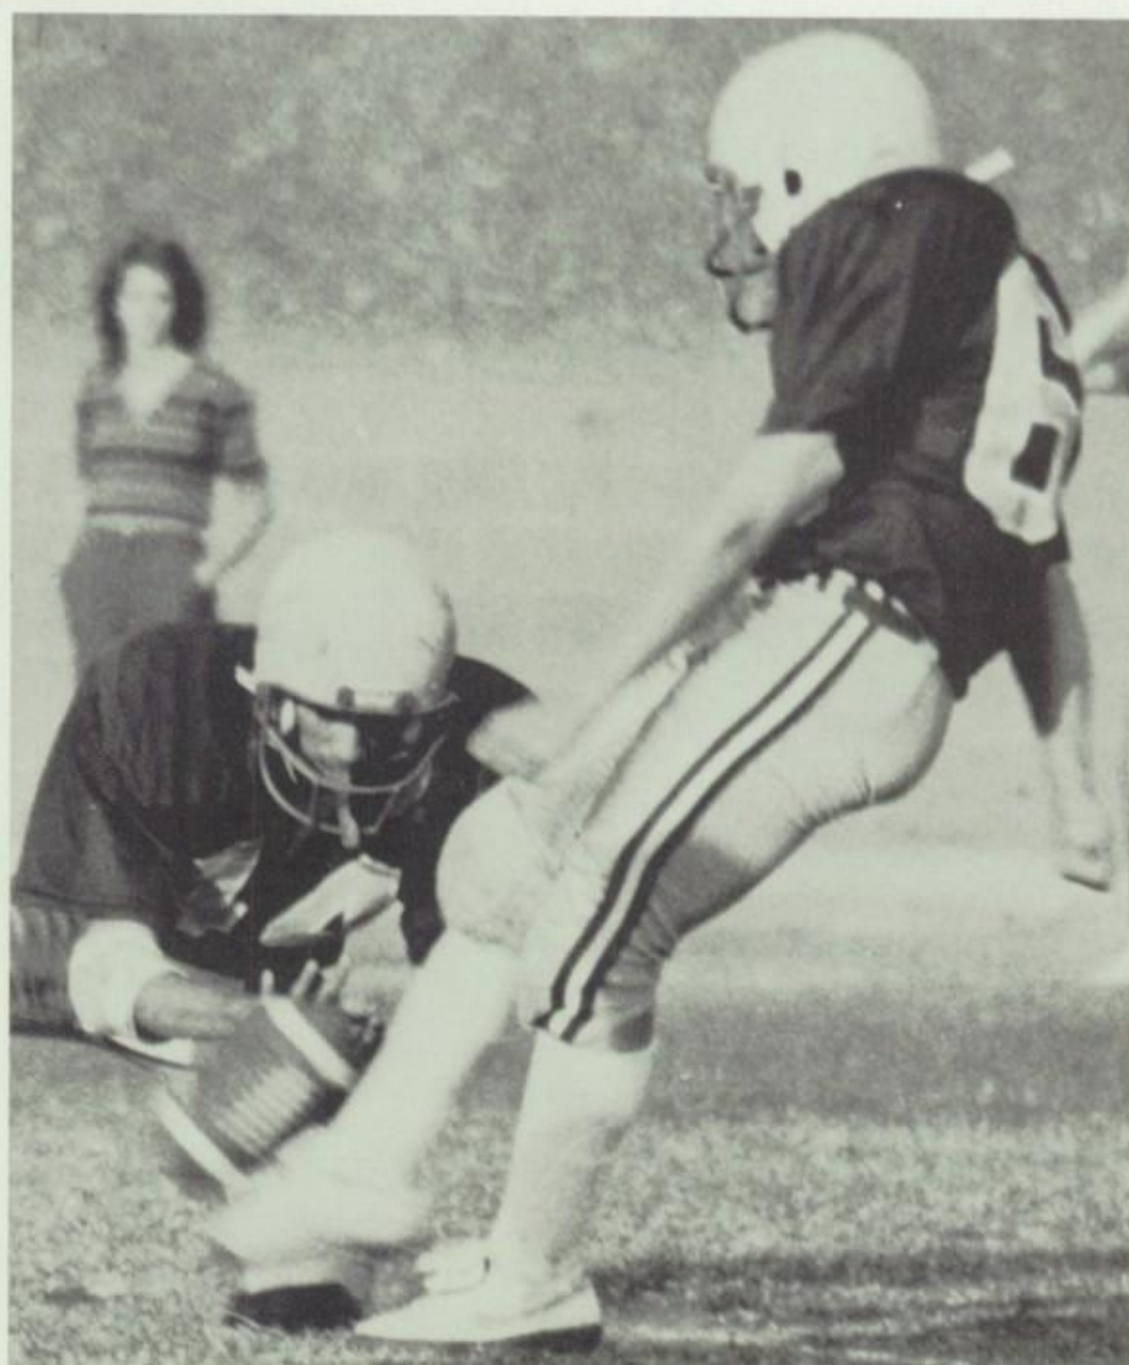

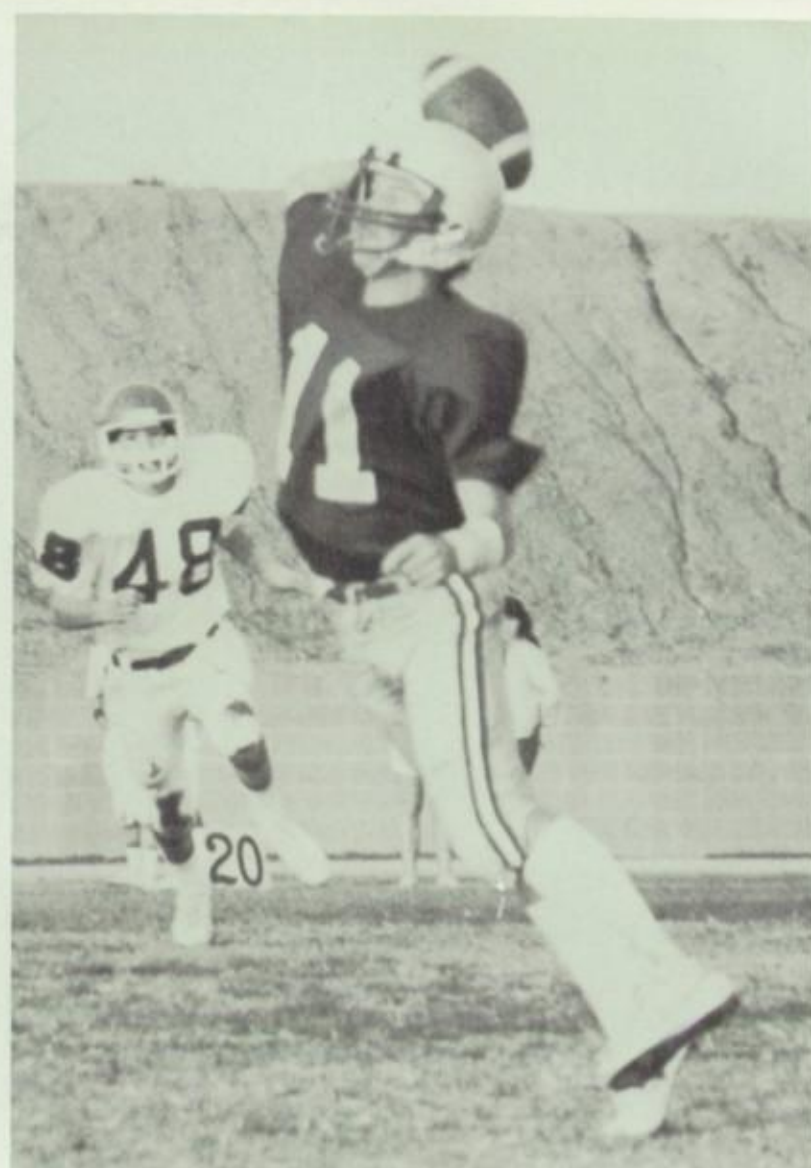

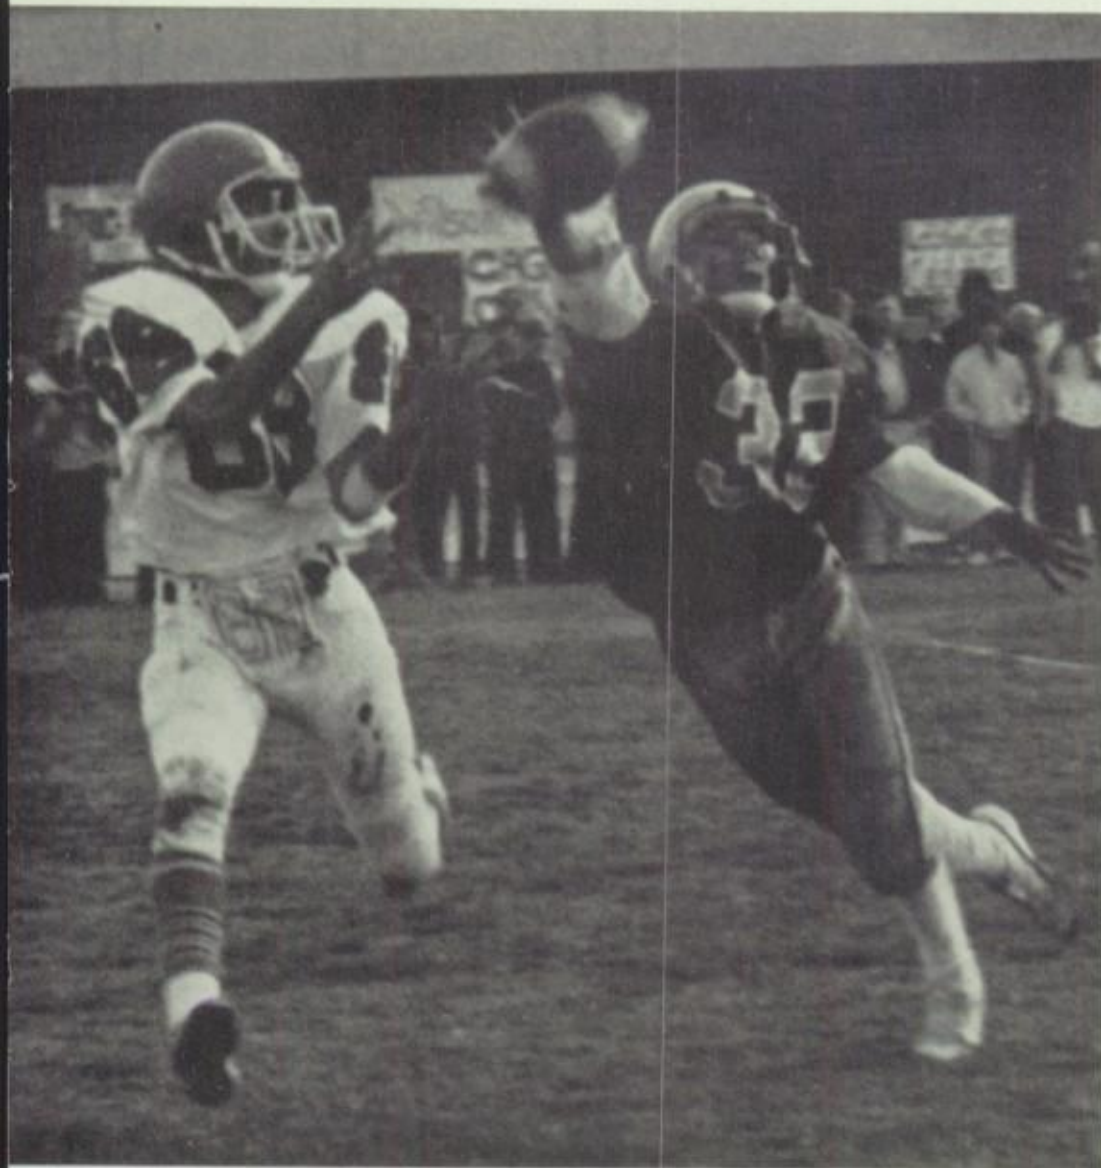

The junior varsity football team had an outstanding year. Although they did not capture the Sierra League crown, they lost to Los Altos in the championship game. They did gain a lot of respect from the opponents that they faced. Behind the high-powered offense, which was led by juniors, Danny Trinkle and Devin Aviles, the J.V. 'Cats compiled an 8-2 record. They finished second in the final Sierra League standings.

The junior varsity team does not get much of the recognition that it so well deserves. However, many of the players from J.V. moved up to the varsity level for the CIF playoffs. One of the players that moved up to the varsity was Mike Wanstreet.

Wanstreet, a sophomore, was moved up to play in the Capistrano Valley CIF game. In the game Wanstreet was selected the offensive player of the game, catching four passes for over one-hundred yards. He caught a touchdown pass on a thirty-yard strike from Tom Tucker. On the play, Wanstreet stretched out so far that upon impact, he broke his collar-bone, and played the rest of the game with the break.

Freshmen Have Learning Year

The 1982-1983 freshman football team's season was classified by their coach John Dobrenen as a "learning experience". The 'Cats finished second in league with a 3-2 record.

When asked about how he felt about his players he replied, "They were the best group of kids I have worked with. Their attitudes were super. As sophomores, you can look for them to be champions."

Cross Country Has Competitive Season

The Boys' Varsity Cross-Country team ended the season with a record of 3 wins, 4 losses and 1 tie. They tied with West Covina for a fourth place standing in the Sierra League. The team was led by seniors Tim Arreola, Tom Murphy and Tom Alvarez and by juniors, Robert Quezada and Dan Kellogg. Although these boys did not place high in league, they all proved to be model runners — the kind that never quit.

In their first meet, the Cross-Country runners showed their resilience in what they called "The Polish Ploy". Some of the Wilson runners had to run two races that day because they had already run an inter-team race when Workman finally showed up for the meet. Despite the circumstances, Wilson won. Another sign of perseverance was shown by Danny Kellogg who ran an entire race with a broken foot. The team was fairly young and should be at the top of the league next year.

J.V. Cross Country Does Well in League

The Junior Varsity Cross Country Team ended its season with 5 wins and 3 losses, and a second place in the Sierra League. The Frosh-Soph team also won second place in league, but with 3 wins and 5 losses. These teams both had a good amount of participation with 23 runners on the two teams. These boys will be the determined runners of next year's Cross Country team, who will lead Wilson High to victory.

Girls' Cross Country Has Impressive Season

The Girls' Cross-Country team consisted of only six runners, and those runners were all freshmen and sophomores except for one junior, Candy Sievert, who led the team. The girls won 1 meet and lost 6 which gave them a fifth place standing in the league. Despite the difficult season that they encountered, all six runners and more will be back next year to show the Sierra League that they will not quit.

Girls' Tennis Plays Tough

The 1982-1983 Girls' Varsity Tennis team competed with many high-ranking teams to end the season with a respectable record of 4 wins and 6 losses. The girls started off the new school year with a new coach, Mr. Milhiser, and only one returning senior. However, the spirit they projected in their games and the enthusiasm of Susan McCaig, the team captain, made these girls true Wilson athletes. The outstanding players on the team were Lori Gonzalez (Soph) and Heather Stevens (Jr) whose doubles team was named to the 1st Team All League. Both of these girls will be returning next year to lead Wilson to victory.

Girls' J.V. Tennis Has Learning Season

The Girls' Junior Varsity Tennis team was made up of very young and inexperienced girls. These girls had a lot of drive and their spirit was always high, despite winning only one match the whole season. Coach Cavezza motivated these girls excellently, and next year they should move up the ladder toward the Sierra League title. Leading the team in doubles were Tammy Peng and Sabin Song, who together clinched the MVP and Most Improved awards.

Varsity Girls Place Second in League

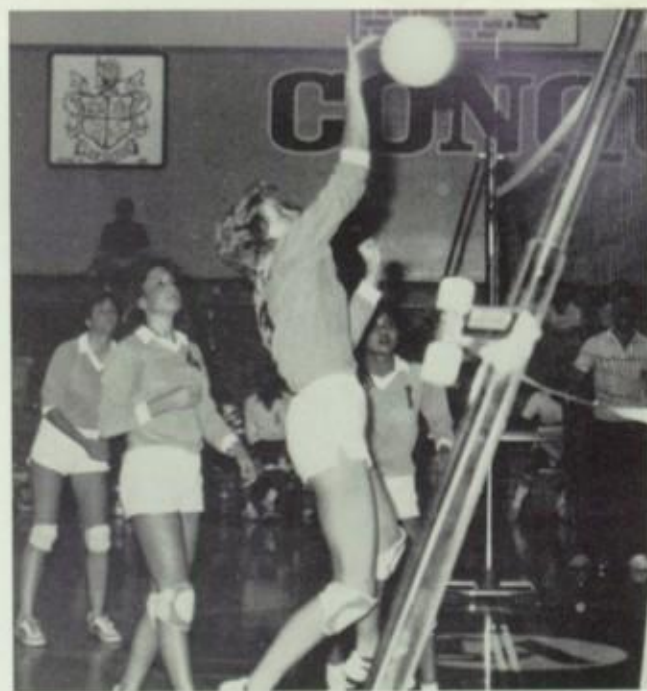

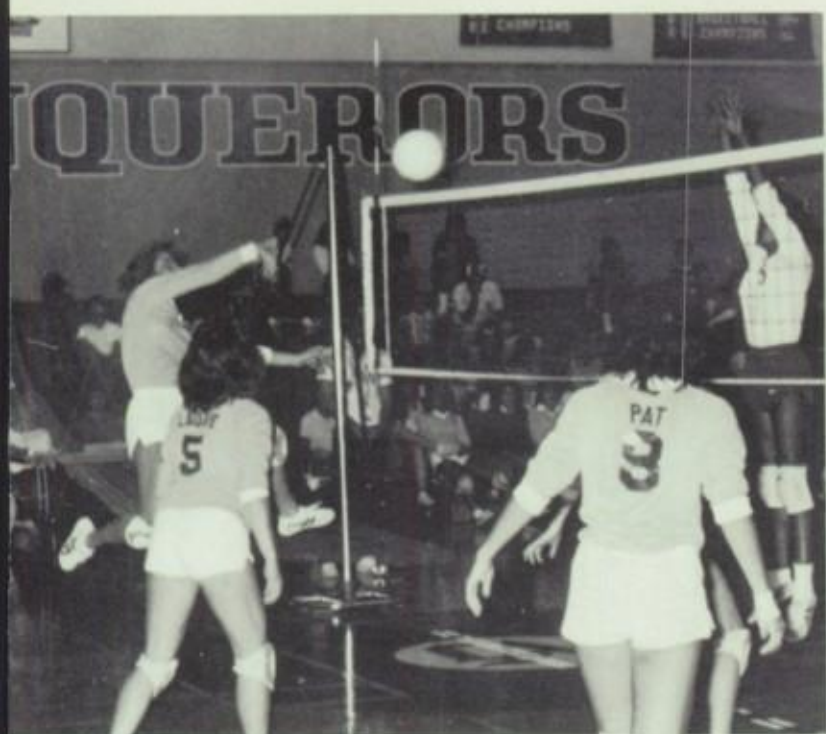

The 1982-1983 Varsity Girls' Volleyball Team had an outstanding league season with 7 wins and 3 losses. They placed second next to Rowland in the tough Sierra League. The Cats, also, made it to C.I.F., but were, unfortunately, defeated by Victor Valley in the first round. The team was led by seniors Paige Neuberger, Sharon Bartak, Linda Douglas and Royanne Fratto who were voted first team all league, first team all league, second team all-league and honorable mention, respectively. As a team, Paige Neuberger was named Most Valuable Player and Sharon Bartak was the Most Improved Player. The team was made up of mostly seniors, so hopefully next year they will be able to uphold their winning standards.

J.V. Girls' Dominate League

The 1982-1983 Junior Varsity Girls' Volleyball team had an incredible season. They were 5-0 in the pre-season in which they only lost one game. In league, the team went 9-1, with loss to Walnut in three games.

The team consisted of mainly sophomores and freshmen. Coach Bill Fults was very pleased with his teams performance and thinks he will have another winning season next year.

With so many returning players, the varsity team next year should have no trouble in fielding a winning squad.

Varsity Water Polo Dominates League

The 1982-1983 varsity water polo team virtually dominated every opponent they faced. The 'Cats finished the year with an overall record of 21-4 and a perfect league record of 6-0. Wilson was ranked seventh in the final CIF 4-A poll.

The 'Cats were paced by senior captain Walter Royal. Walt Royal smashed the season scoring record by ramming home 118 goals (4.7 per game). Royal was selected as the Sierra League's most valuable player and was on the first team All-Sierra League.

Led by Royal's tally of 118 goals, the 'Cats broke the team scoring record by scoring 348 goals (13.84 per game). Greg Salvinski, a first team All-League selection, was very tough outside and inside recording 74 goals on the year. Senior Mike McCoy, another first-team selection, tallied 54 goals. Pat Nelson, another senior, had 34 goals while freshman starter Darin Blizzard had 27 goals this year.

Wilson thoroughly crushed all of their league foes. The 'Cats averaged 14.3 goals a game while giving up 7.6 goals a game. There was not one team in the league that gave them a tough game. Wilson finished on top again with a 6-0 record.

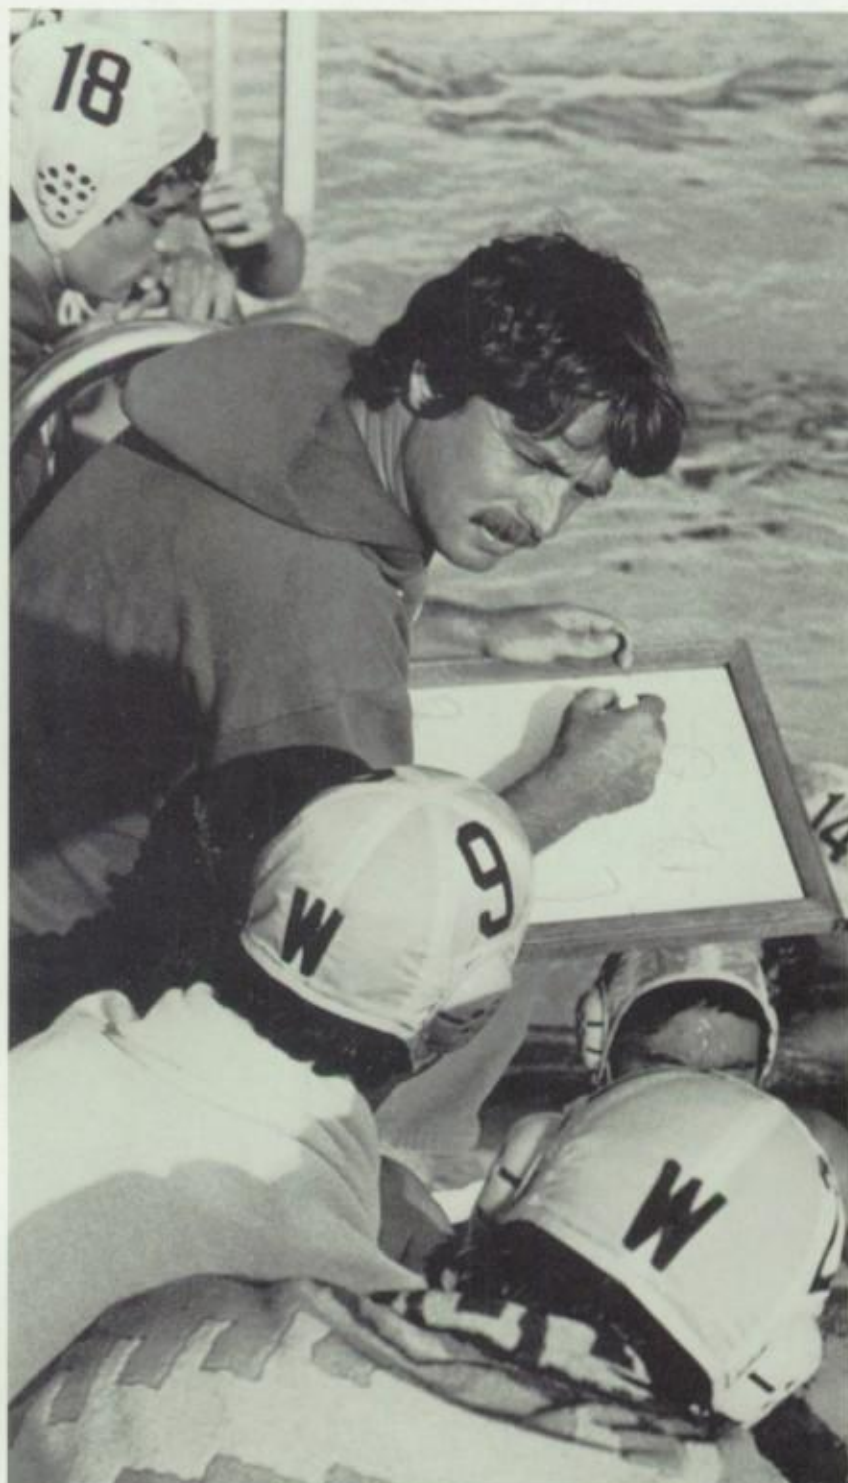

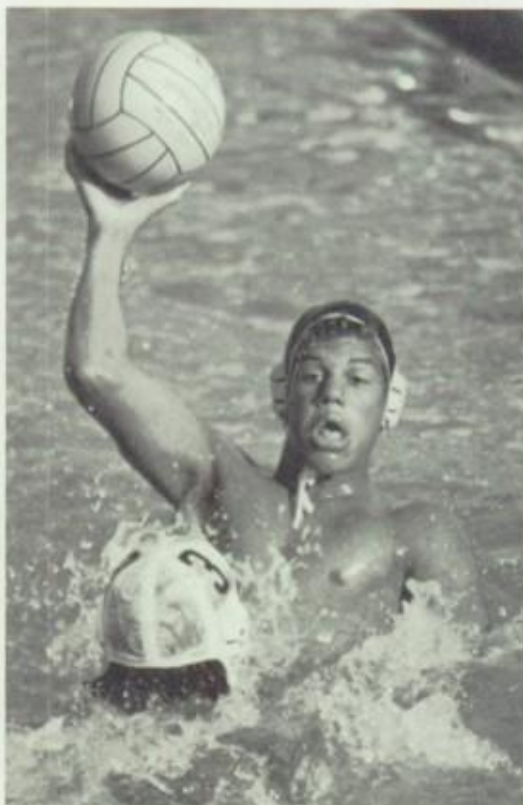

Of Wilson's four losses, two came against La Puente, last year's CIF 2A champion, one an overtime loss to Esperanza by one goal, and the last, coming in a second round CIF playoff match against Wilson High of Long Beach.

The Wildcats made it to the CIF playoffs again. The team continued a tradition of making the playoffs that previous years teams had made. Wilson opened CIF against Buena Park at home. The 'Cats dominated the contest by beating Buena Park 19-5.

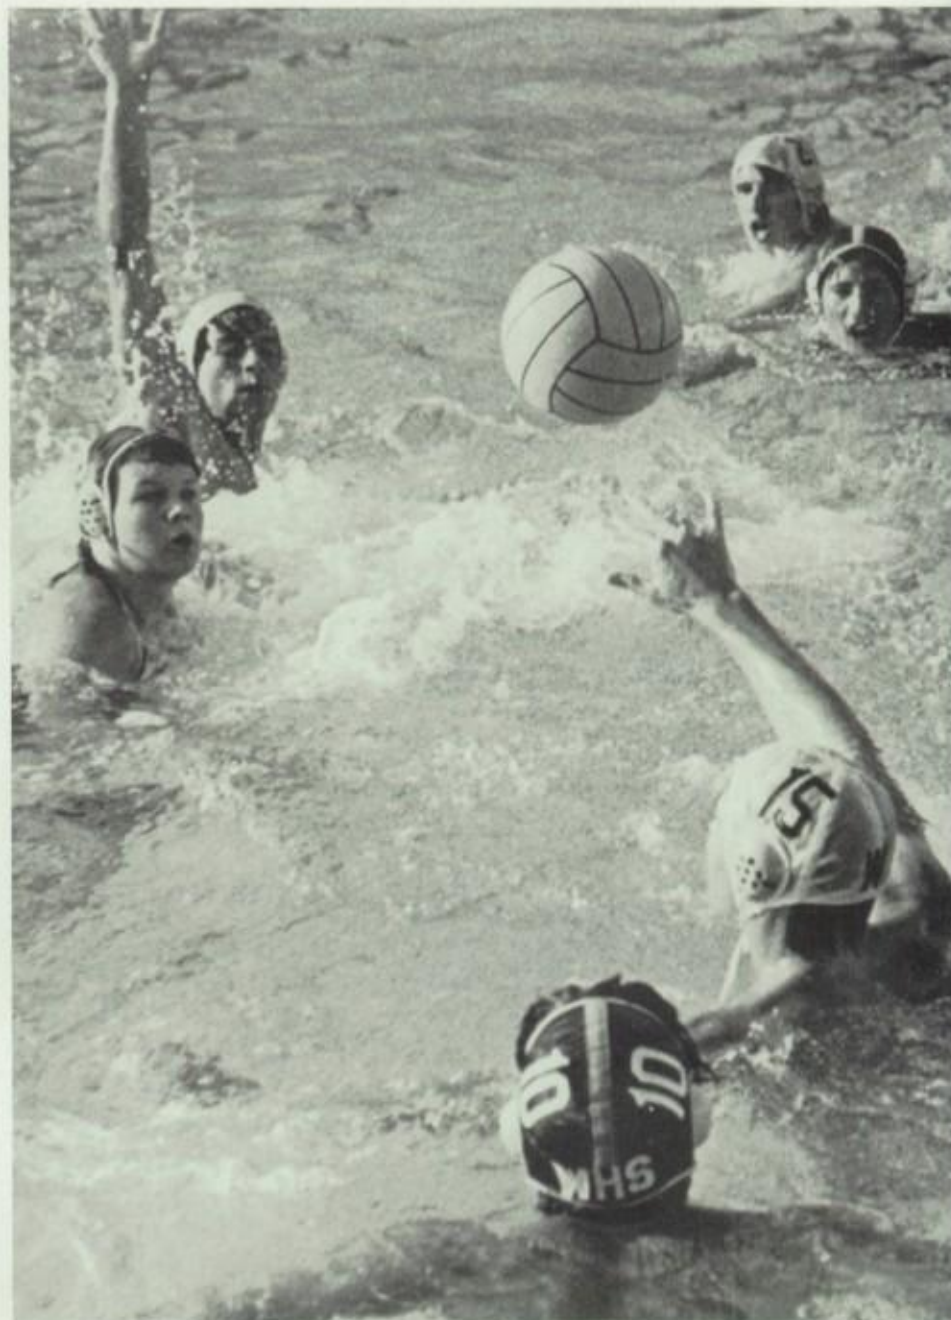

The second round of CIF found Wilson getting another home game, this time against Wilson High of Long Beach. Wilson was the defending CIF champion. The 'Cats could not get out of the blocks, and fell behind. They came on strong in the second half, but the deficit could not be made up — L.B. Wilson 14 — Wildcats 6.

The season ended on a losing note but the water polo team was certainly the best team ever at Wilson. Head Coach Scott Massey deserves a lot of the team's credit.

J.V. Water Polo Wins League Title

The 1982-1983 Junior Varsity Water Polo team had a tremendous season. The Cats took the Sierra League crown by defeating Los Altos in the final game. This year's team had many stars, among them are: Joel Francisco, Robert Hitchcock, and Robby Brooke.

The team also had more "long suits" than ever before. This means the team had more girls on it than in the previous years. All three of the girls played a lot. The girls on the team are: Freshman Susan Schoemann, Freshman Julie Skonord, and Sophomore Marcella Cantu. With these returning players, the water polo dynasty that Scott Massey has made at Wilson will not be in jeopardy.

Varsity Basketball Has Strong Season

The 1982-1983 Varsity Boys' Basketball had a very productive season. Using their high-powered fast break offense, the starting 'Cats shattered both the average points per game in a season and in the league. After starting out slowly, the 'Cats finished up with a 14-11 record.

Wilson started off sluggishly, losing four of their first six games. The 'Cats were eliminated out of the tough Sonora Cage Classic in three quick games. This was disappointing to first-year coach, Jim Smith. Smith had three goals before the year started; he wanted to do well in the three pre-season tournaments, to do well in the Sierra League, and to qualify for the C.I.F. 3-A playoffs. After dropping their first game in the Fullerton Tourney to La Mirada, the 'Cats captured the Consolation Championship by defeating Bellflower and 2-A powerhouse Garey High. The 'Cats were rolling as they went into the tough Nogales Christmas Tournament. Wilson quickly disposed of La Puente, La Serna and Alta Loma to work their way into the finals against El Dorado of Las Vegas. El Dorado had won all three of their games by thirty points or more. The 'Cats rose to the occasion and gave El Dorado all they could handle by losing in a high scoring fast paced game, 89-86. El Dorado wound up their season ranked second in the state of Nevada.

The 'Cats then ran into two games which they thought they should have won but dropped. Wilson was blown out by 2-A semi-finalist Workman and then were upset by lowly Northview High. As they made the turn into the Sierra League campaign they were 7-7.

As league opened, the 'Cats were picked to finish in fourth place. Wilson handily defeated Walnut, West Covina and Edgewood to keep pace with the league leader. Wilson then had a tough week when they dropped close games to Rowland at home and Los Altos away. They finished the first half of the league in third place with a 3-2 record.

The second half of the league season brought out the true character of the Wilson squad. Again, they handed losses to Walnut, West Covina and Edgewood. Then came the 'Cats biggest game of the year at Rowland. Wilson pulled off a last second victory with senior guard Brent Bailey sinking two clutch free throws with four seconds left. Wilson then had to beat fourth ranked Los Altos to clinch sole possession of second place. Wilson got far behind in the game and then the 'Cats started to turn it all around. Midway through the third quarter, the 'Cats were down by twenty three points. Wilson fought back all the way but the clock was their enemy as they lost by only six points. The 'Cats finished 7-3 tied for second place. Wilson lost the coin flip and drew a third place finish.

Wilson's C.I.F. draw was second ranked Palm Springs High. The 'Cats long bus ride did not help them at all as they could not get anything going throughout the game. The 'Cats fell short and were eliminated from the playoffs.

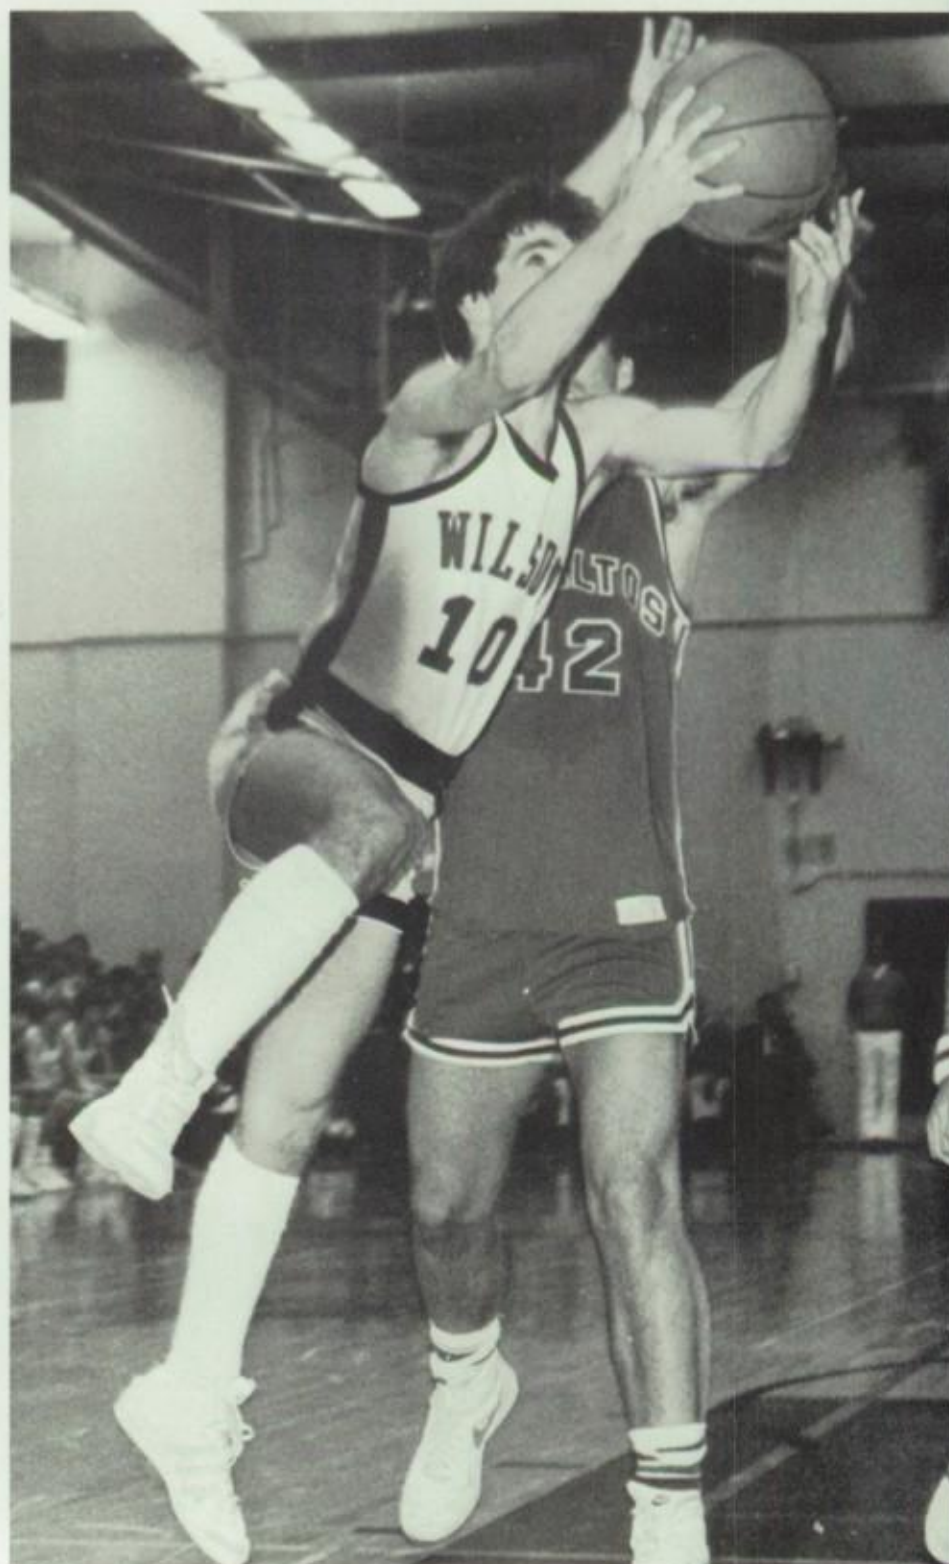

Wilson was well-represented on the All Sierra League Team. Senior MVP guard Brent Bailey and the lightning quick junior guard Dion Snow, were both selected to the first team. Senior center Al Williams was put on the second team while senior offensive standout Mike Reinberger and junior forward Greg Smith were voted on to the Honorable Mentions squad.

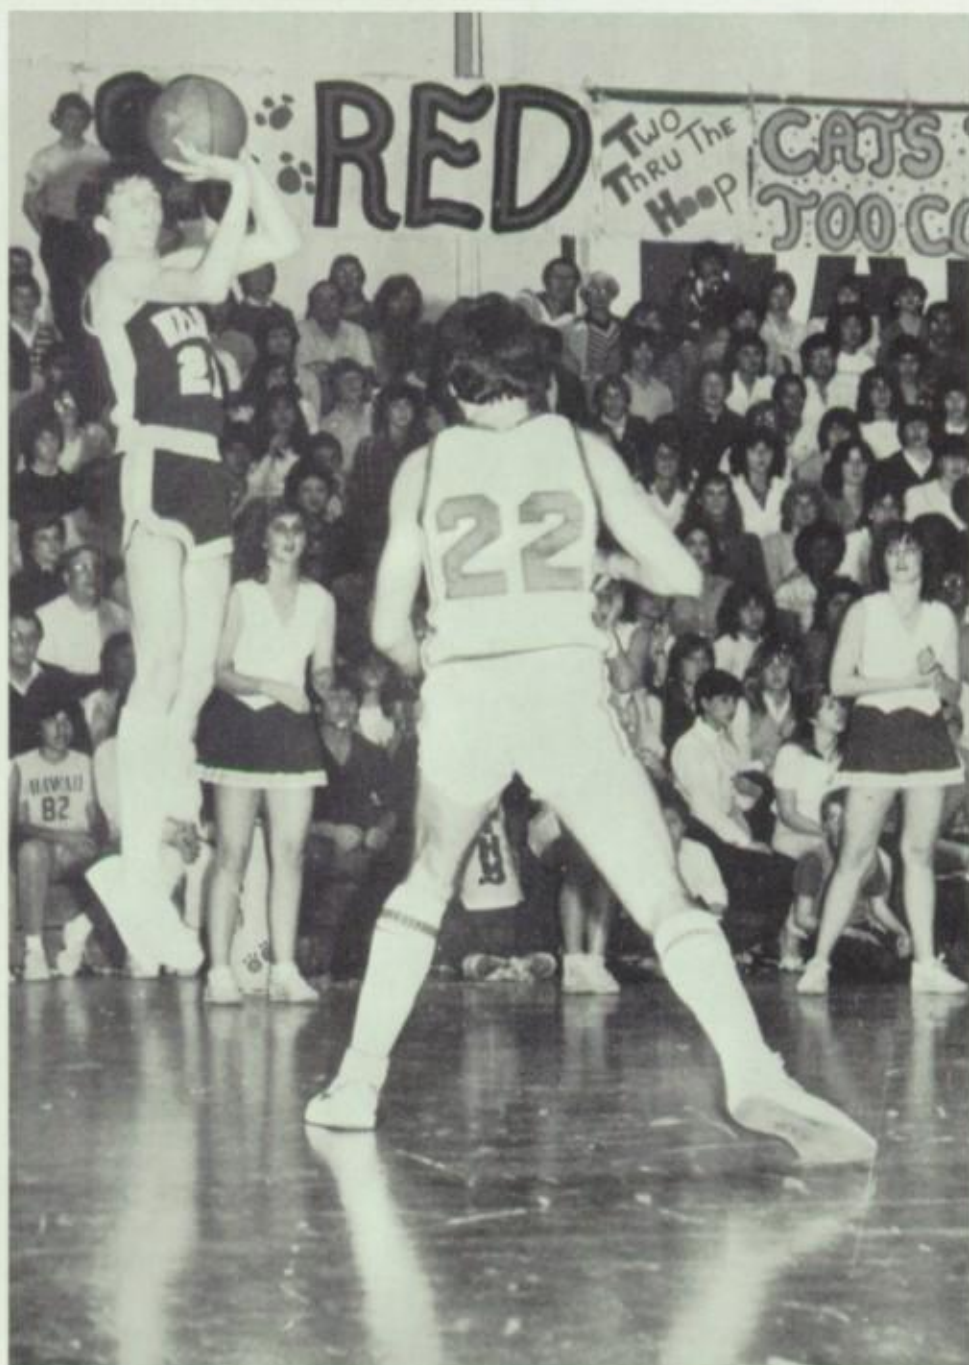

Wilson had many good performances from its bench. Mike Sorosky, Reinberger, Art Andrade, Scotty Kemple and Christopher Schoemann all came off the bench giving the 'Cats extreme depth at all positions.

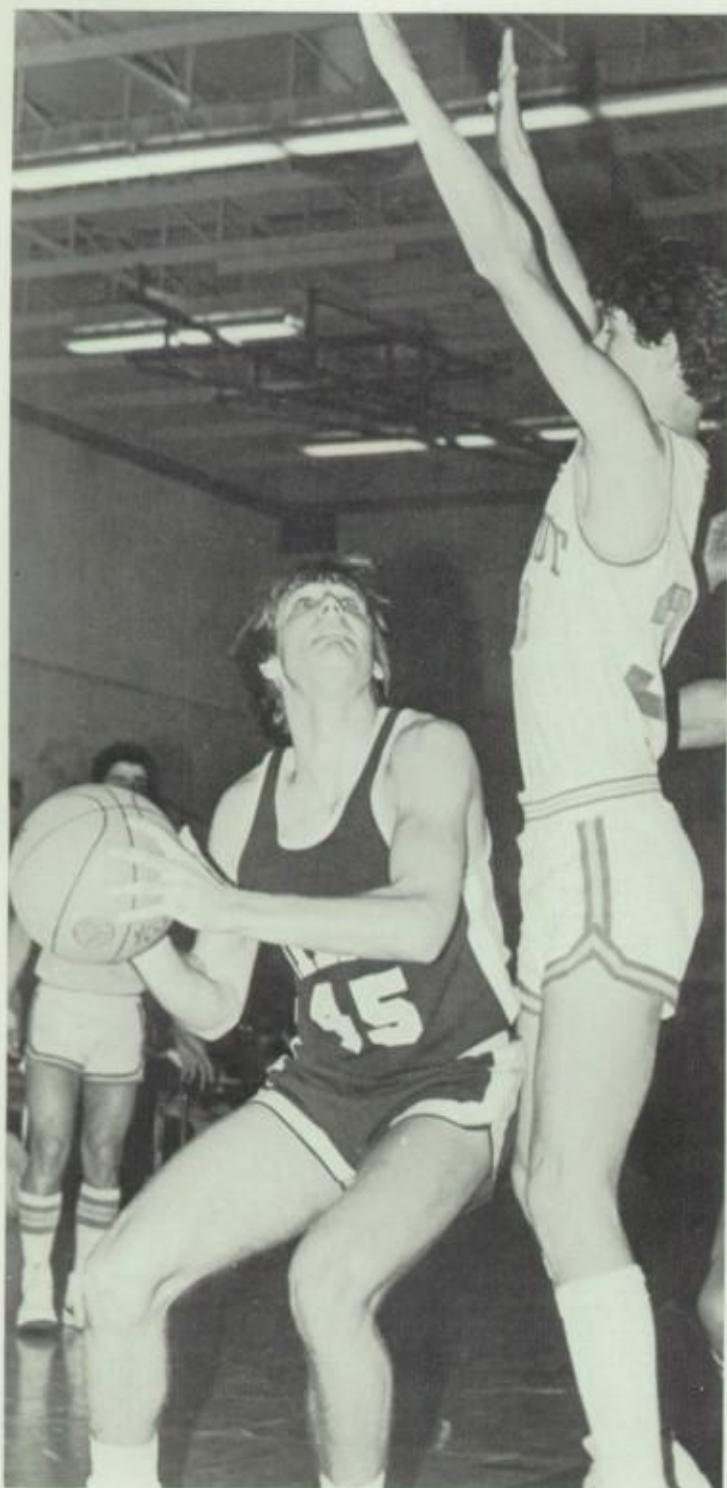

Bailey, the 5'11" senior guard, set the game record for assists in a game (14) and in a season (178). Snow was the man with the offensive scoring punch, averaging sixteen points per game.

Coach Jim Smith must be pleased with his squad's performance, and must be looking forward to a big season next year.

Junior Varsity Dominates Sierra League

The 1982-83 boys Junior Varsity basketball team had a terrific season. The J.V. team, coached by Mike Lowe had an overall record of 21-3 and averaged over 90 points per game. The greatest asset of the team came from the starting five, Juniors; David Horie and Don Boman; Sophomores; David Daganpat and Scott Richardson; and Freshman; Scott Williams. The J.V. team tied with Los Altos for first place in league with a record of 9-1. This year's J.V. team will fill the shoes of the Varsity team very easily next year.

Sophomore Boys' Have Respectable Year

The 1982-1983 Boys' Sophomore basketball team had a good year. They had a good year in League. Gene Fortenberry, Jason Morales, Mark Bloome and Albert Ortega all had fine years. With these players returning next season and the other players on the team coming back also, the 'Cats should be a dominant force in the Sierra League next year.

Frosh 'Cats Enjoy Fine Year

The 1982-83 Freshman boys' basketball team, coached by John Walters finished the season in second place with a league record of 6-4, which tied them with Los Altos. With the fine shooting of Paul Barriga, Joel Fransisco, John Minor, Keith Mackey, and Darrin Blizzard the Wildcats had an overall record of 15-6.

Lady Wildcats Capture League Title

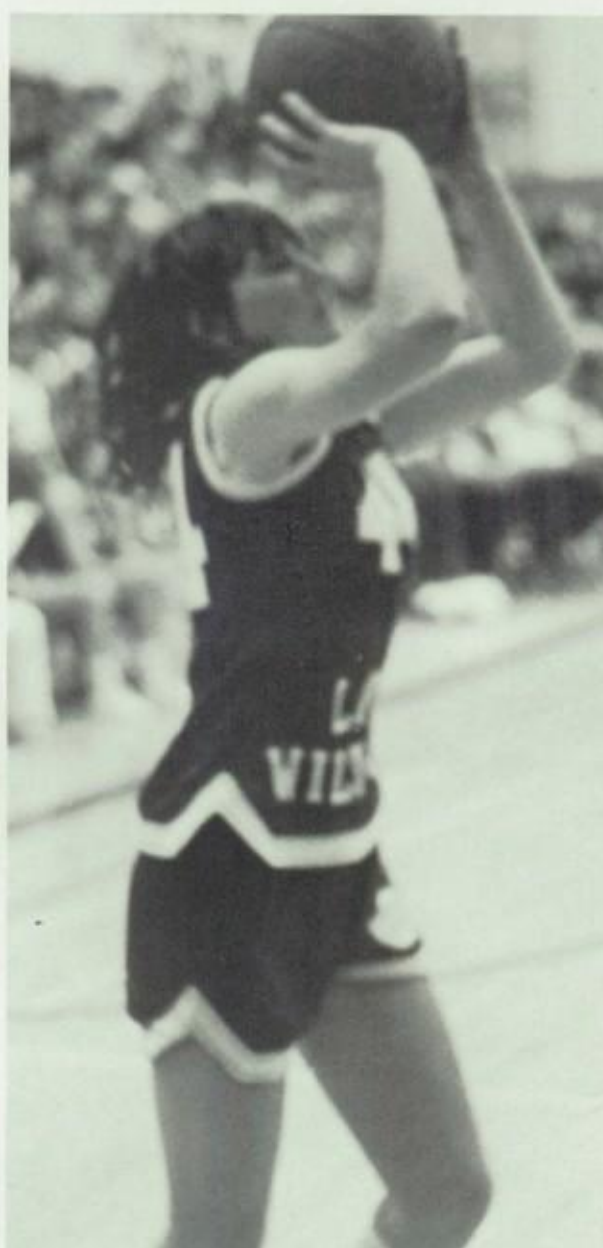

The 1982-83 girls' Varsity basketball team had an excellent season. Coached by Ernie Yarbrough, the Varsity team placed first in league tied with Walnut with a record of 20-5. The fine shooting of Julie Curtis, Paige Neuberger, and Cindy Hernandez helped the Lady Wildcats reach the first round in C.I.F. finals. Unfortunately, they were defeated by Esperanza.

J.V. Girls Play Well in League

The 1982-83 Junior Varsity Girls' basketball team, coached by Larry Sotomayer had a fine season. The team finished in second place in league with a record of 8-2 behind Walnut. The J.V. team was led by freshmen Darcy Neuberger, Traci Tsujimura and Lisa Bogard.

Miller and VanBrabant Pace 'Cats

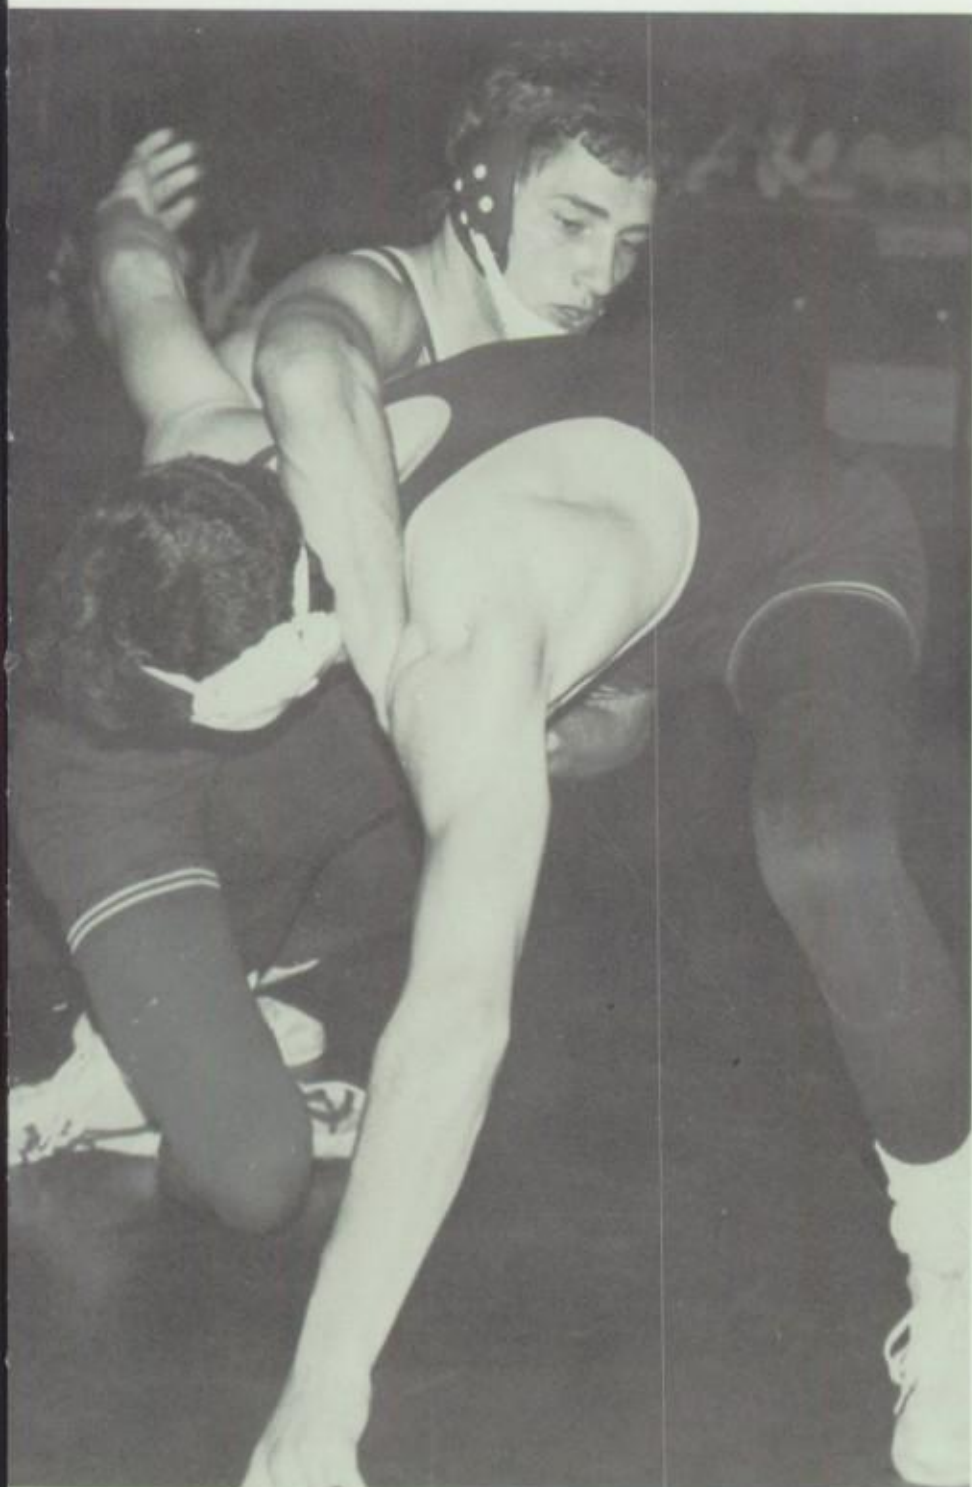

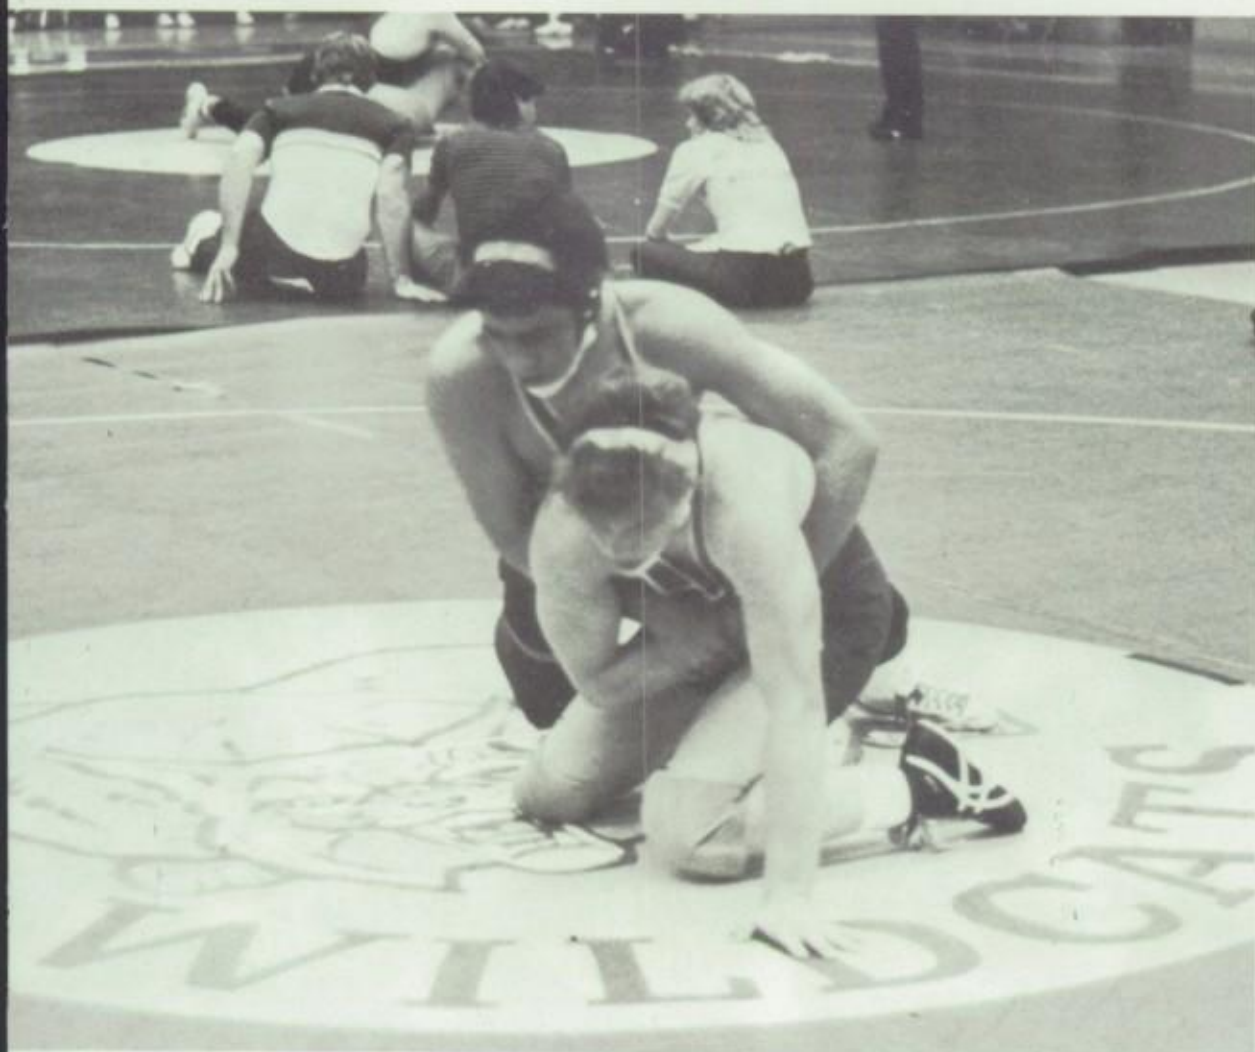

The 1982-1983 Varsity Wrestling team finished in third place behind Rowland and Edgewood. They had a 3-2 record in Sierra League play. When head coach Lee Fair was asked how he felt the team did, he replied, "We beat teams that I thought we would lose to and lost to the ones that I thought we could beat."

Mike Miller, Dan VanBrabant, Gus Samara, and Wilbert Escalante all qualified for the CIF meet. Miller and VanBrabant both went on to the Masters meet but went no further. They both had tremendous seasons. Miller and VanBrabant were Sierra League champions, Samara took second place while Escalante captured third place.

Varsity Soccer Qualifies for CIF, Again

As the 1982-83 Wilson Varsity Soccer season came to an end the overall record was 10 wins, 10 losses and 1 tie. The team went to the CIF playoffs and lost 3-2 to Glendale in the first round.

M.V.P. Award went to Gabriel Mercado, Most Improved Player went to Joe Miraglia and the Wilson 100% Award went to Mike Purcoy. Gabriel Mercado was voted M.V.P. Player of the Sierra League along with making All-League's First Team with Mike Percoy and Pay Casado.

When asked if this was a satisfying season Coach Schlessinger replied, "Yes, because we were so young in varsity experience. The progress that the players made during the season was very impressive."

J.V. Soccer Has Strong Year

The 1982-1983 Junior Varsity Soccer team had a great season in the tough Sierra League. The team finished in third place behind Walnut. The team members from the squad will help out with filling the vacant spots on next year's Varsity squad.

Boys' Track Eyes Successful Year

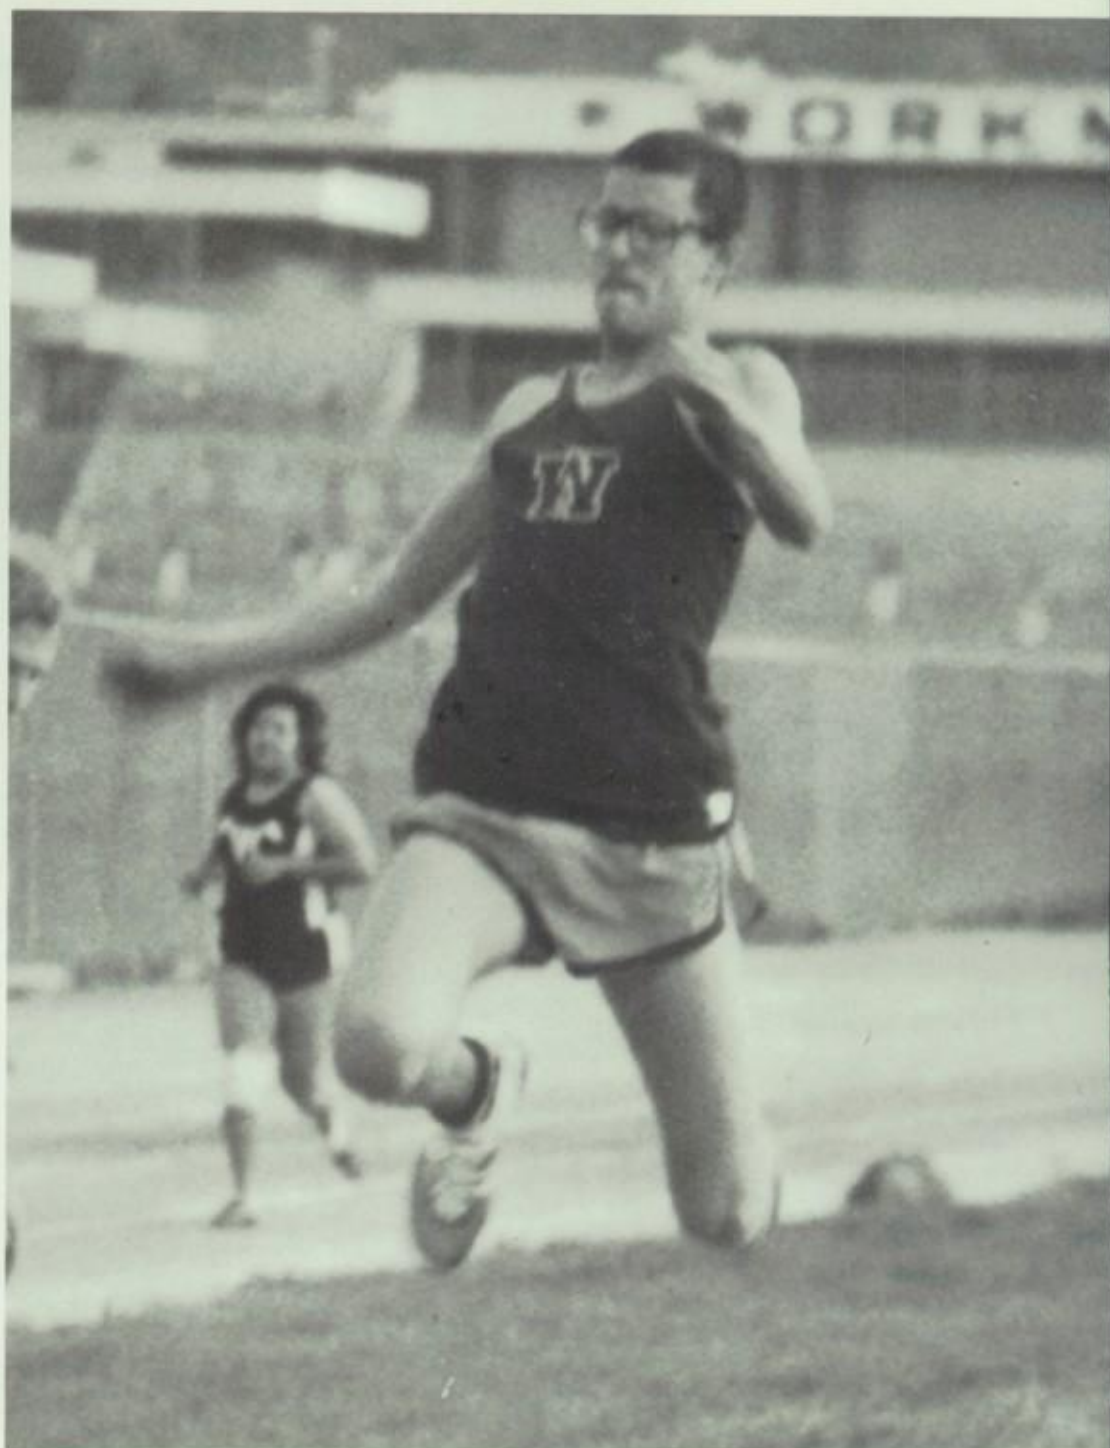

The Wilson High Boys' Track Team started out fresh with a very young team. Regardless of the athletes' youth, this team will be tough to beat. The team not only worked on the improvement of the times and distances of its athletes, it also worked on the morale of the individuals. Tim Arreola, Randy Moranda, Greg Smith, Brian Lumpkin and Dion Show were a few of the runners that helped the team reach its goals, but the team members' constant high spirits insured its success.

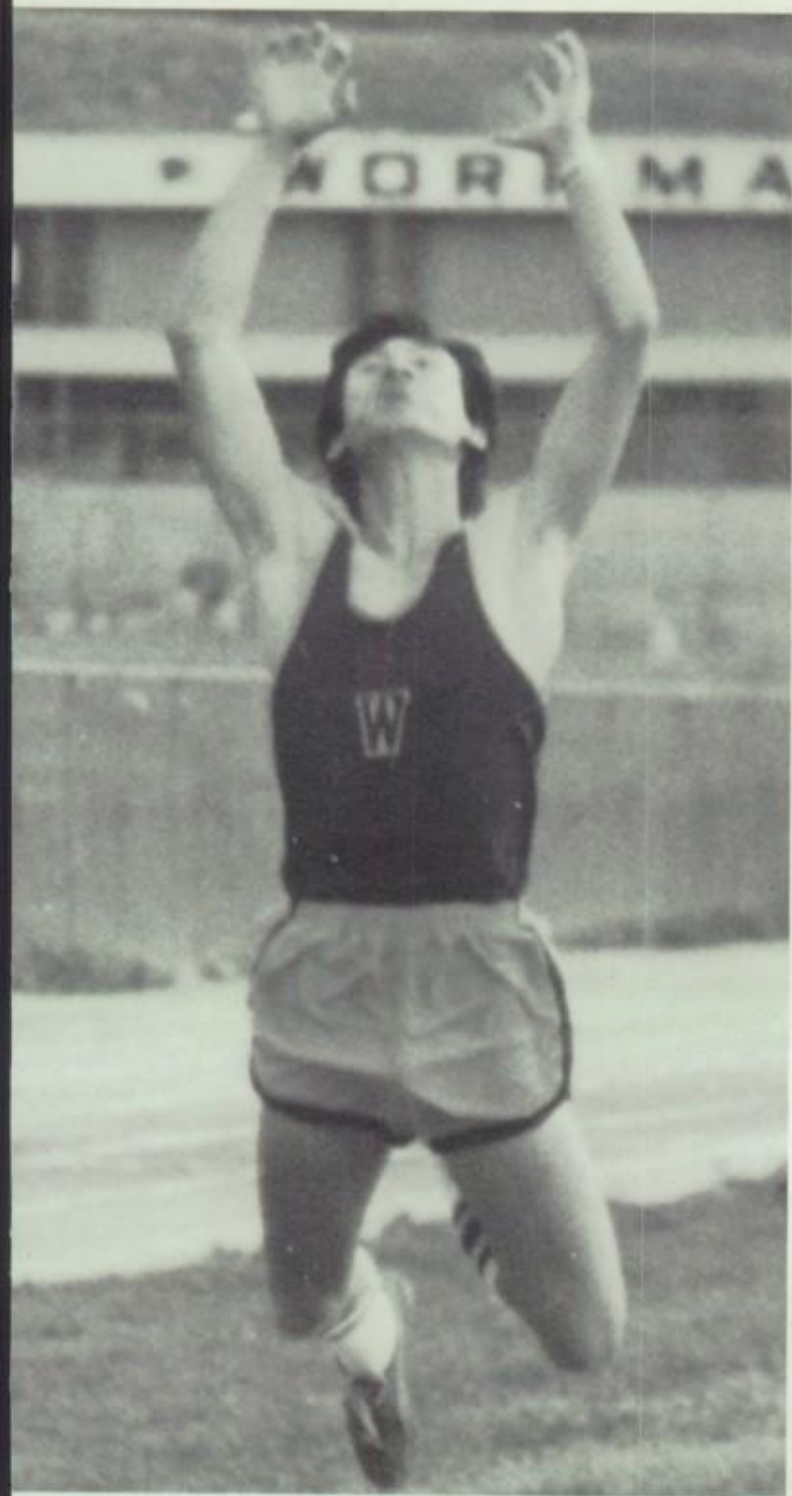

Right — 1982-83 Varsity Track team. Below — Wilson runners run down back stretch at Workman high school. Below Right — Brian Lumpkin hurtles with ease.

Girls' Track Looks Towards Strong Season

In contrast with the Boys' Track Team, the Girls' Track Team was filled with good and experienced seniors. Elisa Cooks, as always, made a high place in the Sierra League, as well as in California. Noelle Williams, Anita Fennell, and Denise Barker were also extremely successful runners who will surely go on to CIF. Talent and speed was obviously what this team was made up of, and runners with these qualities can beat anyone. This track team will undoubtedly leave its competition in the dust.

Right — Track team practices for big tournament. Below — Denise Barker races for the finish line. Below Right — Anita Fenelle runs for Wilson during a relay race.

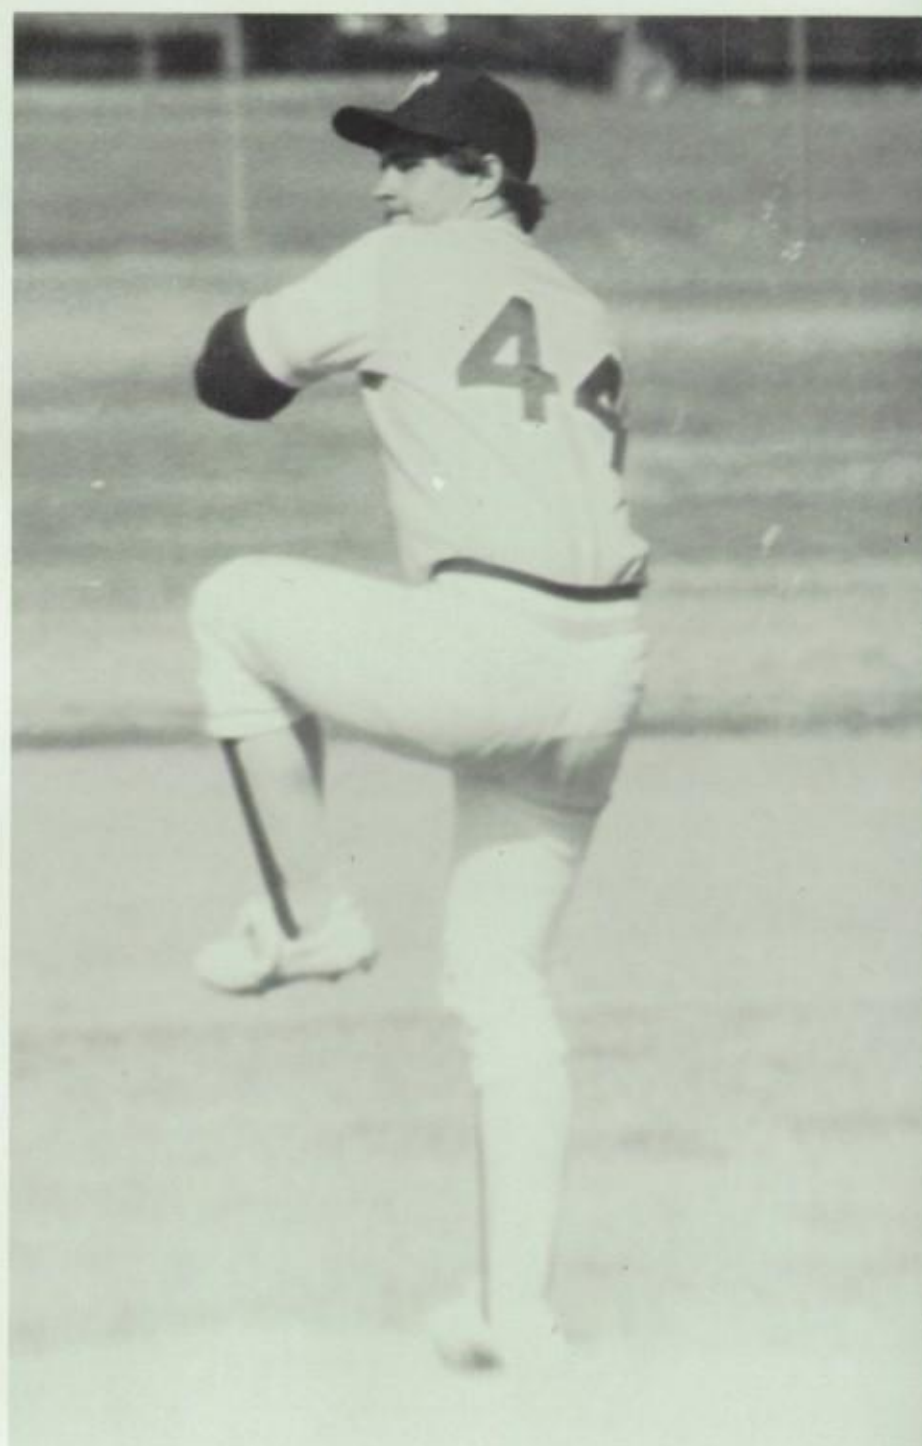

Varsity Baseball Has High Hopes

The 1982-83 Varsity baseball team hoped to have a good season. The team was led by the experienced Tim Galbraith, Frank Casciari, Tom Tucker, and Ron Granger. The Varsity team was coached by Walter Martin, and with his help, the team should have a successful season.

Coach Milhiser and Coach Cavezza show the boys on the tennis team how to improve their game, so that they can be tough competitors in the Sierra League.

Every day after school these boys work on their forehand, backhand, and serves in order to maintain the boys' tennis team's successful standard. Plenty of hard work and skill will go into the many victories of this team.

Wildcat Golfers Take to the Links

The 1982-83 Varsity Golf team had a terrific season with several players having a great year. The team was led by Harold Arsenian, Greg Hurtado, Rod Valdez, Greg Cowell, and Scott Williams. The Cats also had a fine J.V. squad which will make Wilson competitive in the years to come.

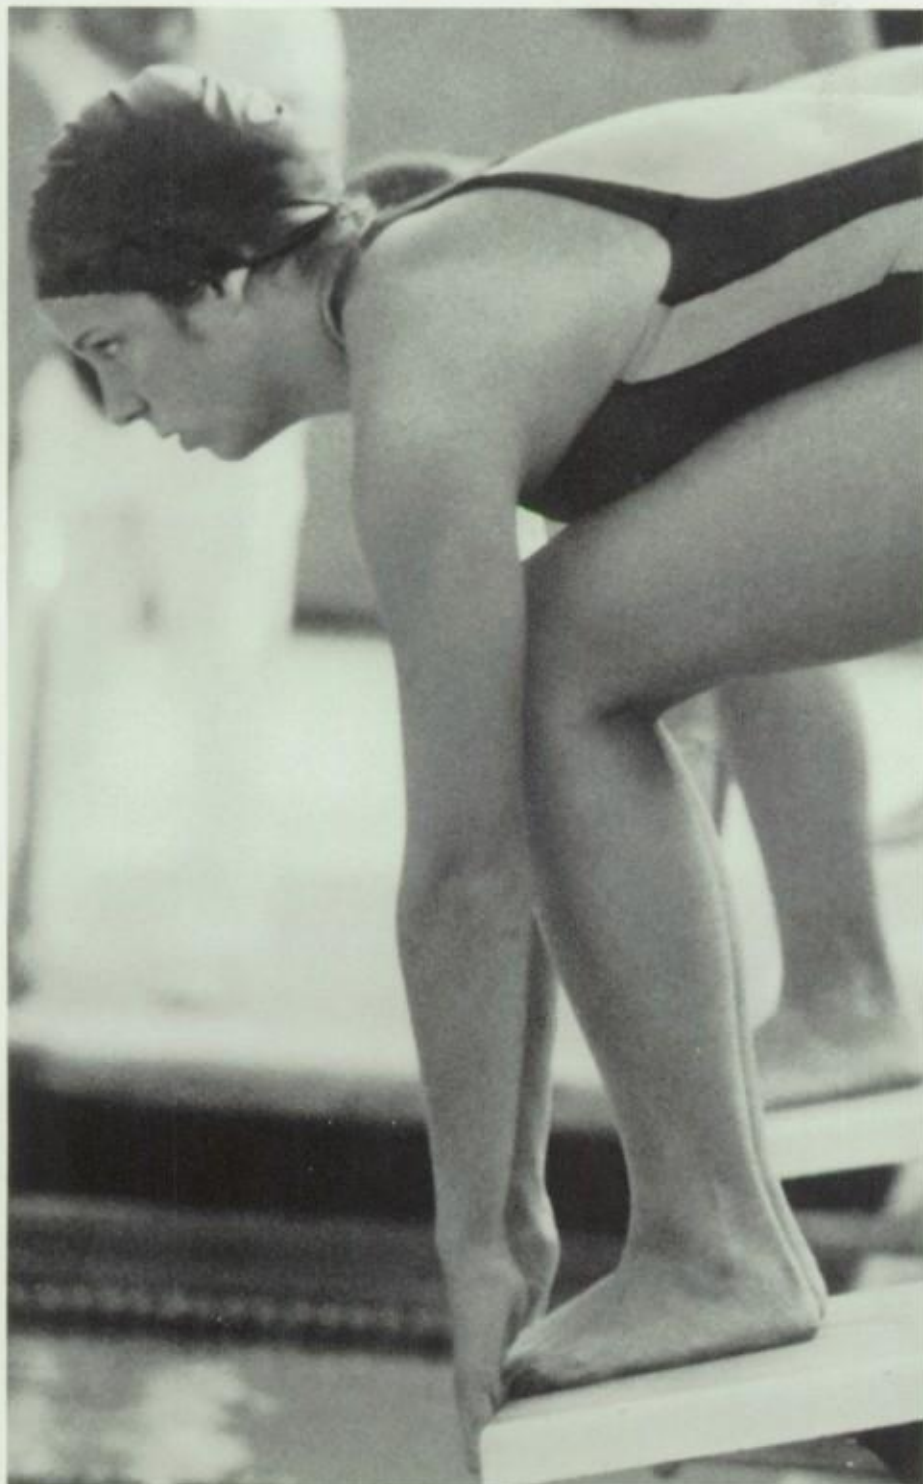

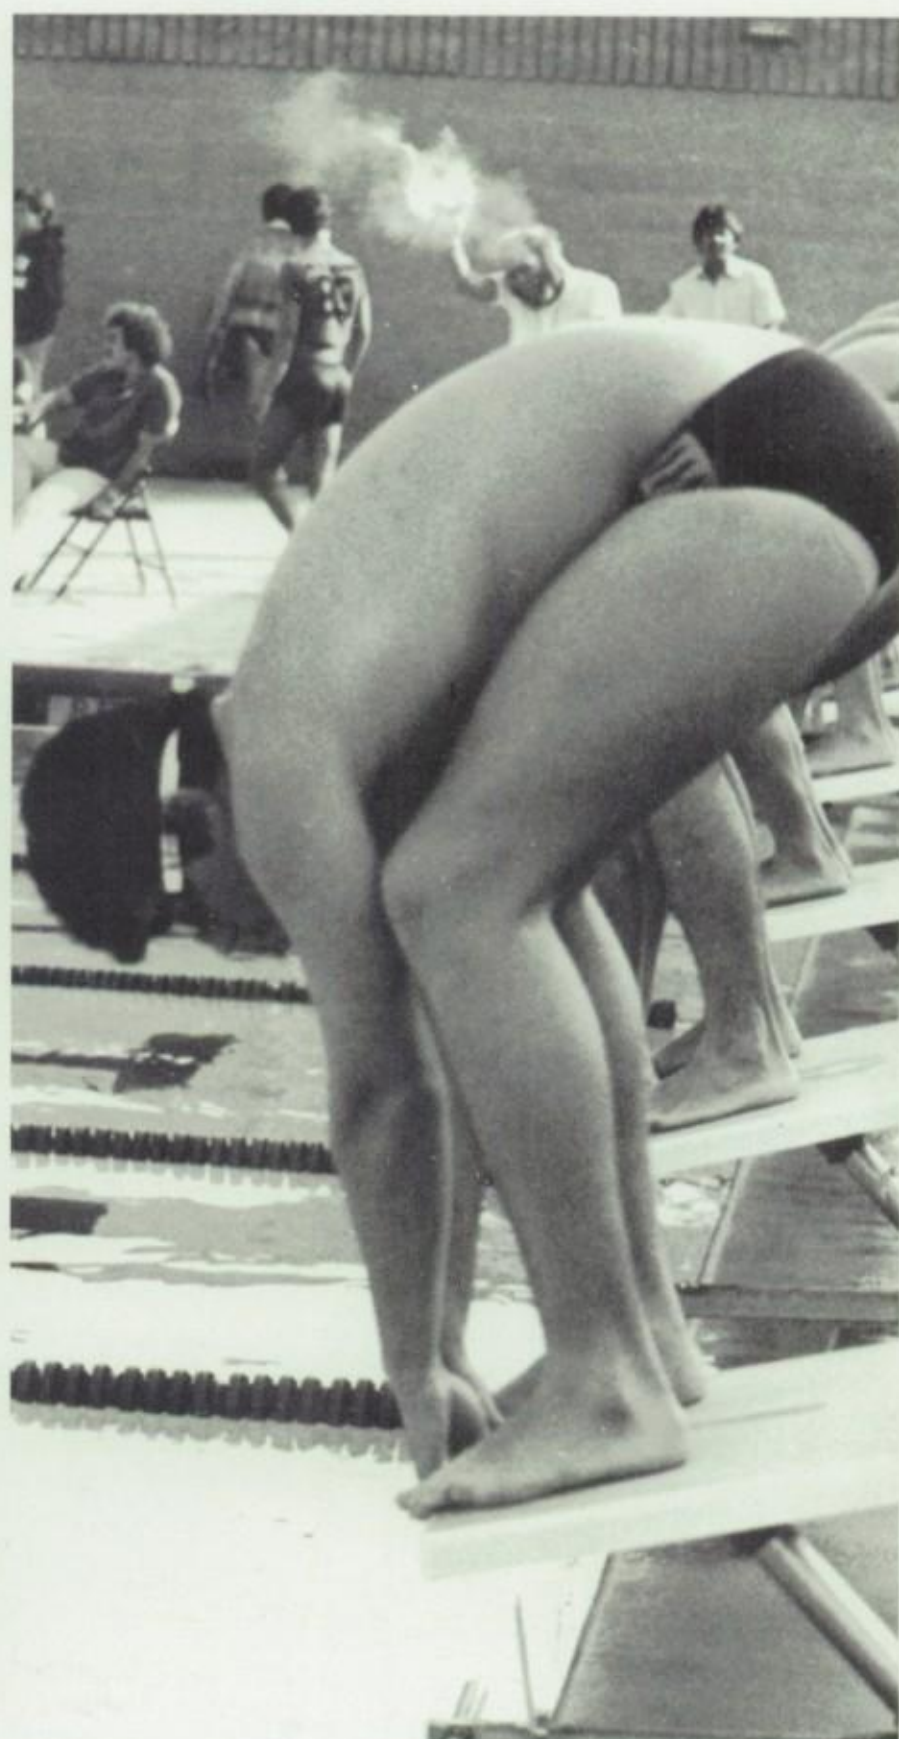

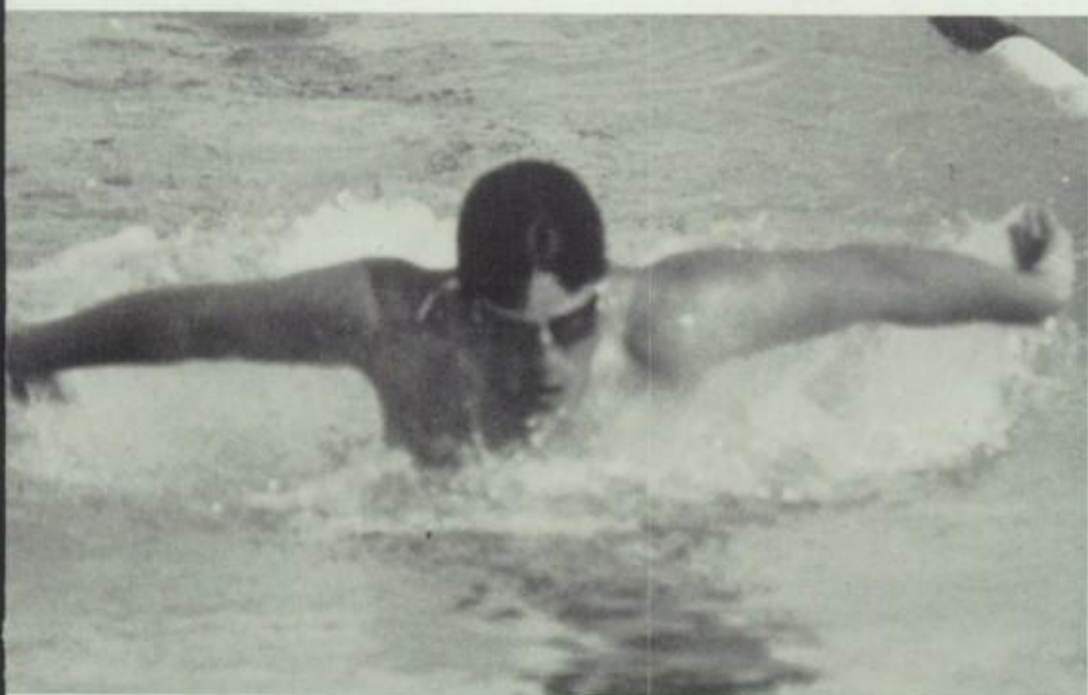

Swimming Expects Big Year

The Wildcat Swim Team had many extremely fast swimmers on it. For the boys' team, Mark Lennox, David Poon, and Walter Royle will be the leading swimmers. And for the girls' team, Joyce Hitchcock, Julie Schonard, Susan Schoemann, and Marci Cantu were the leaders. They had hopes of winning the Sierra League title and going on to CIF. With the top caliber Wildcat swimmers Wilson had, their opponents surely were caught "eating their bubbles."

Badminton Hopes for Good Season

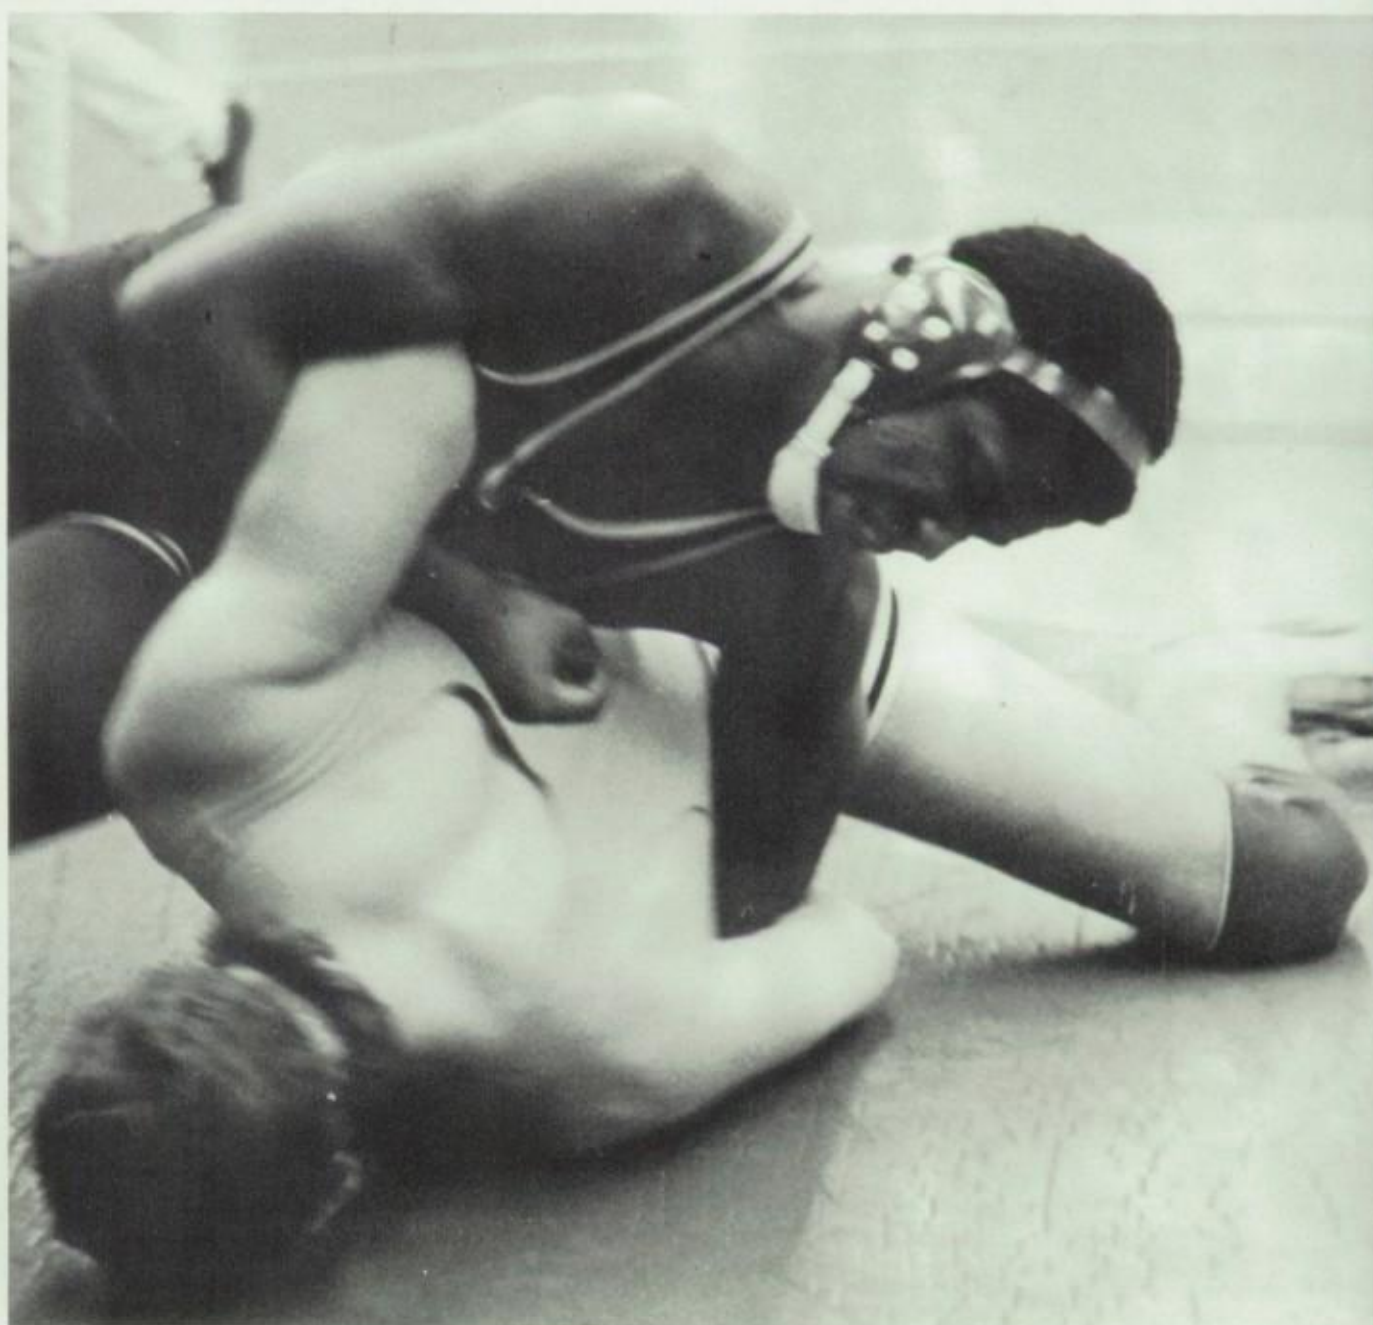

Badminton at Wilson High is a co-ed sport which is played in the Round Robin style. Altogether, thirteen games are played; two girls' doubles, two boys' doubles, three girls' singles, three boys' singles, and three mixed-doubles. The boys and girls will be competing together and individually to clinch the Sierra League title for the Wildcats. But, League is not the only thing on these players' minds; many of them are thinking of CIF. Four such players are the number one girls' singles player, Noreen Ward; the number one boys' singles player, John Meyers; and the number one girls' doubles players, Donna Lau and Maureen Cruz. From the looks of this year's team, it will definitely do well.

The 1982-83 Varsity Badminton team will "probably place in the top three teams," said Ms. Weil. So far the team has beaten South Hills and Arcadia in the pre-game season. Out of 80 students who have tried out, only 24 made the team. The teams had a lot of potential and a lot of good freshmen who should give the teams great depth for the years to come.

Annual Staff Works Hard

Annual Staff

Since the start of the 1982-1983 school year, the prowler staff has been working to put out this yearbook. Now that the book is complete, it has hit me as to how much work the 15 people, this year's staff, put in. There are just a small number of people, other than the 14 on the staff on this campus that can appreciate the large amount of work that this staff accomplished. Between all fourteen members of this staff, there was only two full years of experience on High School yearbooks.

But, behind the guidance of Mr. Besse, we managed to put out this book, even though at times it looked as if we would not. Each one of us went through seemingly endless sessions of photo cropping, layout drawing, copy writing and proofreading which we all thought at the time were not necessary. Every member of this staff contributed equally to the production of this book.

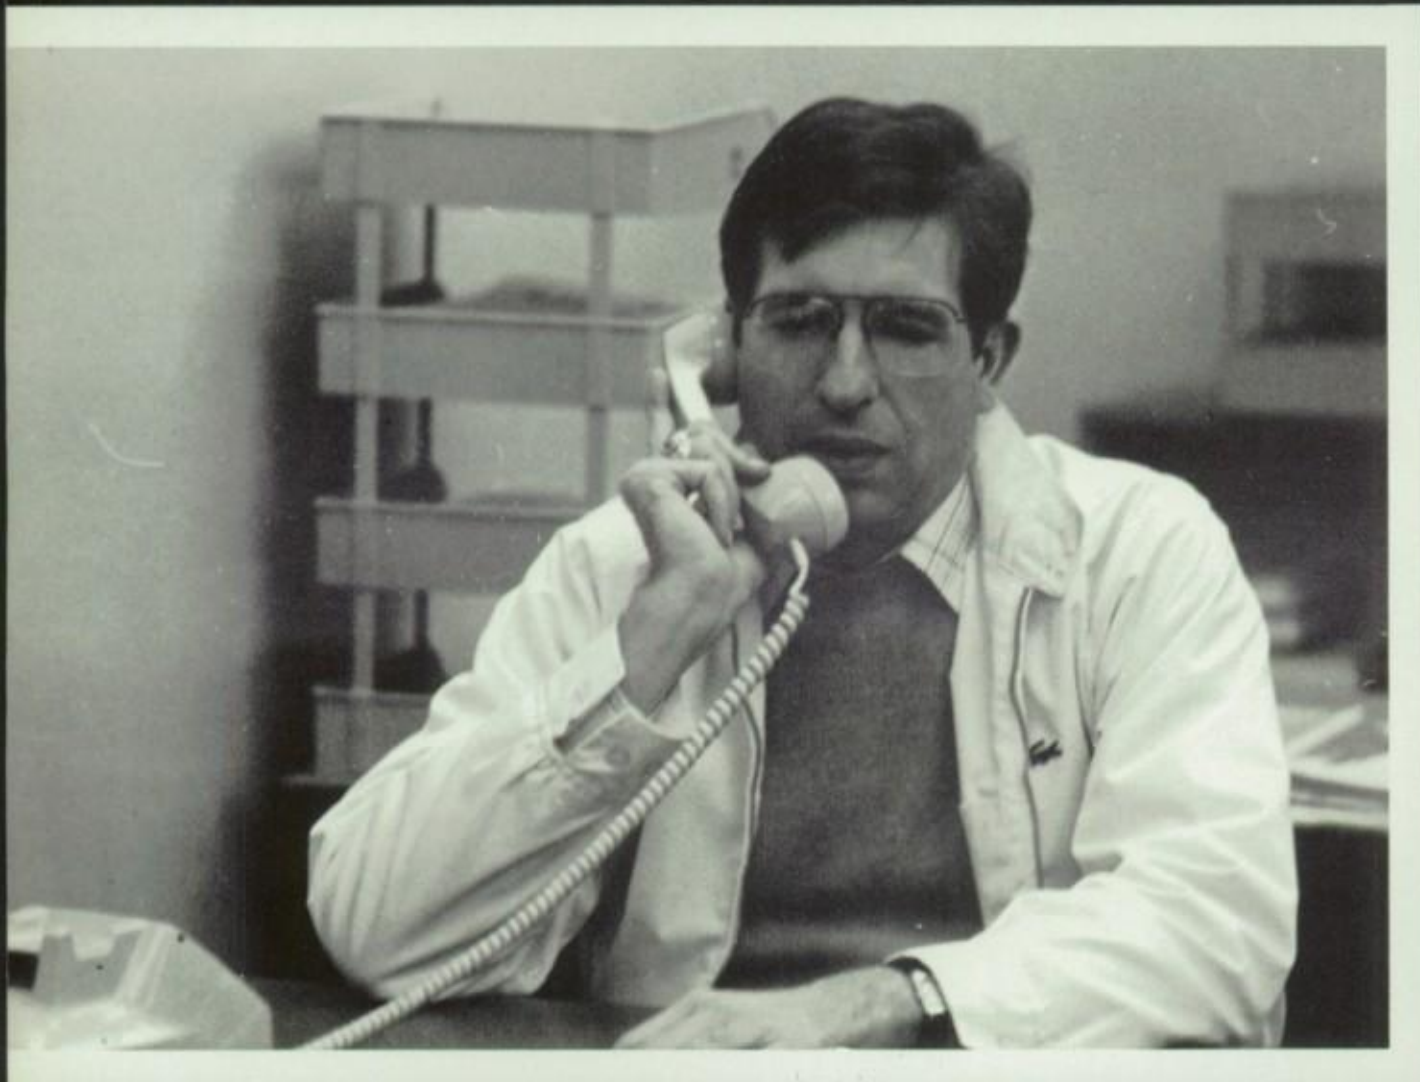

Lorraine Schumann and Liz Uhler completed the Clubs Section, and Lorraine also helped out with the opening section. Dana Romero finished the entire underclass section section by herself. Anne Glaab did all of our financing and advertising on her own. Maria Busalachi and Martha Romero were the two editors of the Senior section, and finished it under great

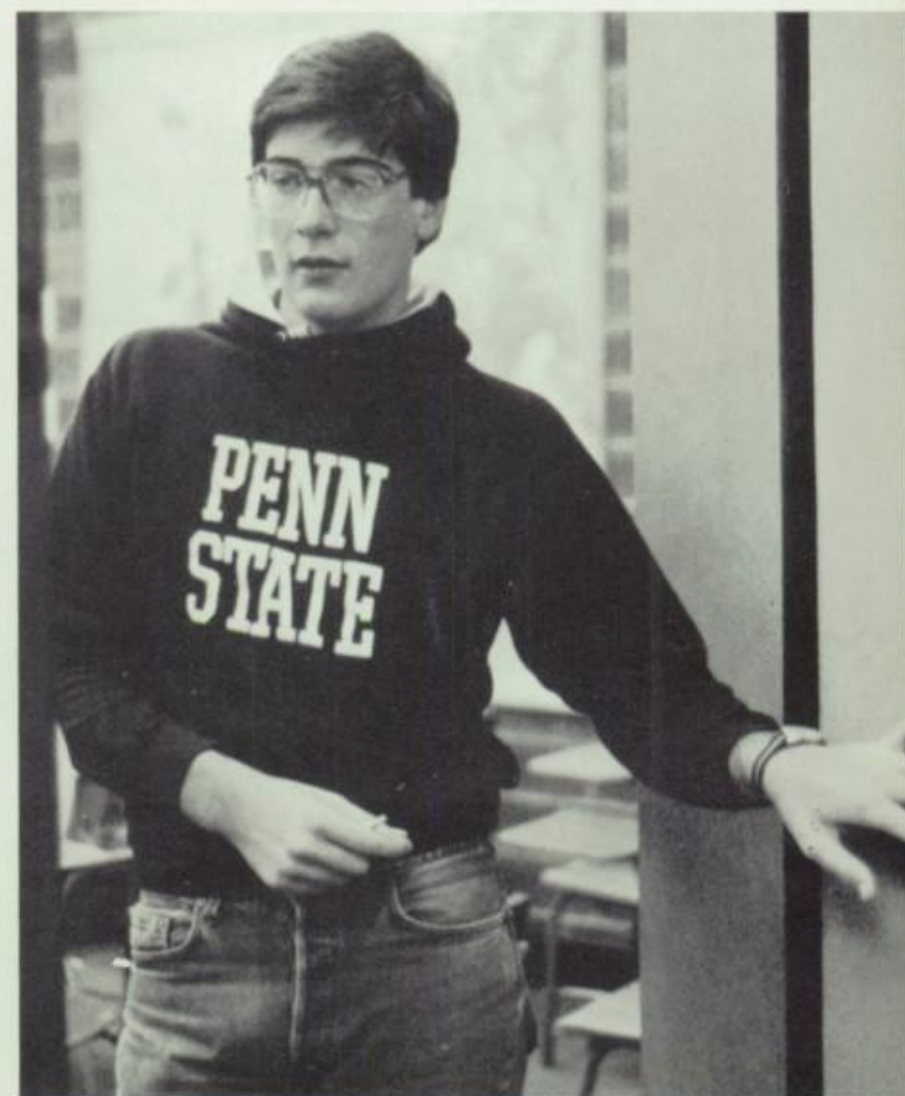

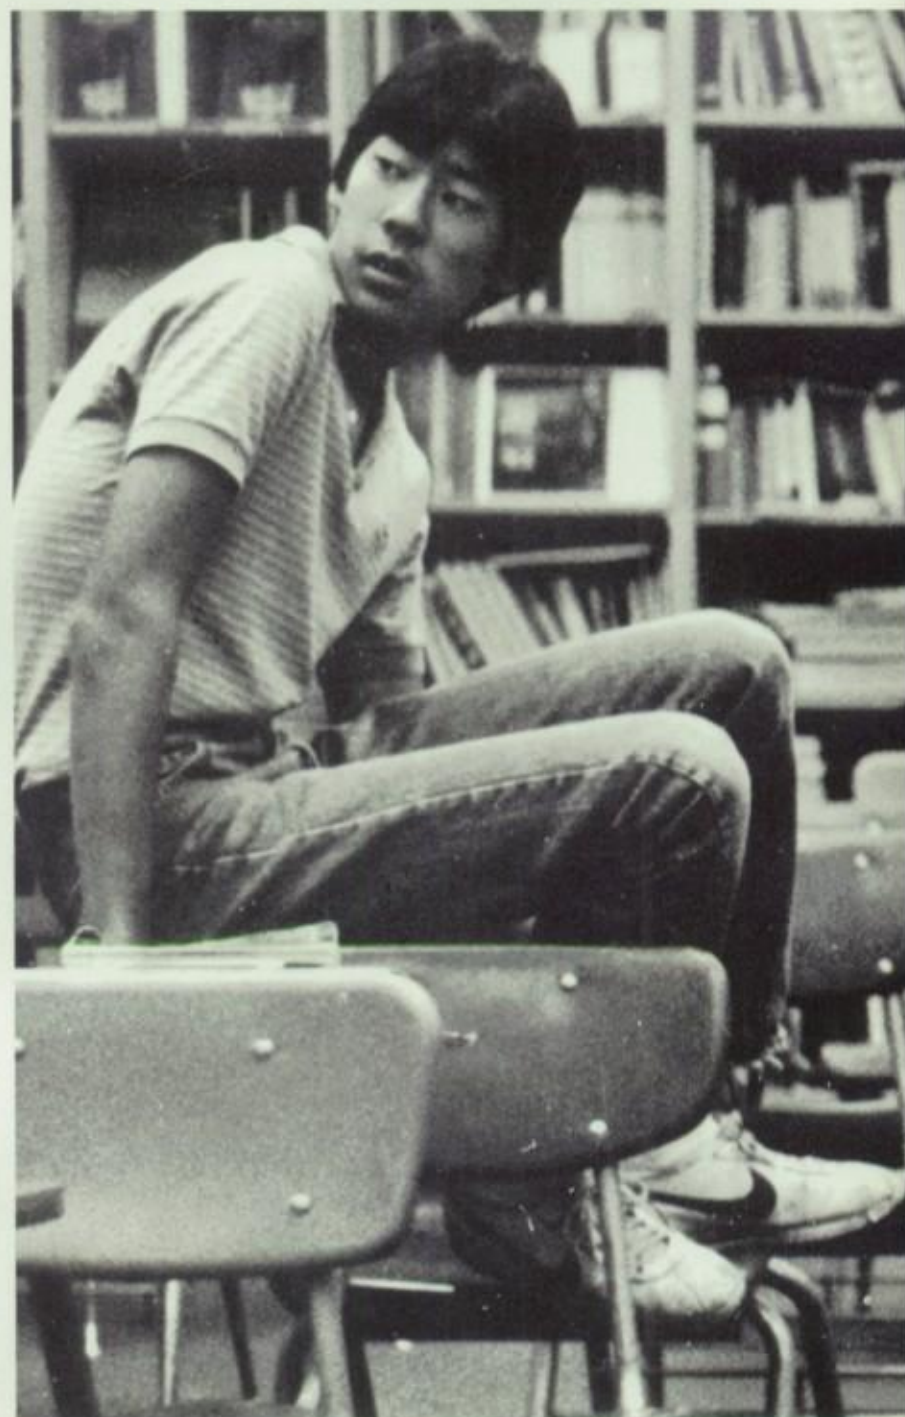

adversity. Yvette Cantu and David Tanaka helped me out with all the sports. Jenny Park quietly did the entire Academics section on her own as well. Mike foxen and David Harmon did the majority of our photography, even though all of us had to take some last minute pictures by ourselves. Debbie Obad and Shelly Wanstreet typed all of our stories and Debby Oliver also helped out with various things, including typing and writing.

Last year at Wilson, we had the best yearbook of any high school in the area. I hope that this book measures almost as good as last years', if it does that well I will be pleased. I know that we will receive the same complaints as every publication that is put out by high school students, "my name is misspelled", "where is my picture?", "Why is the cover white? It gets too dirty." Nobody ever said that high school students are perfect even though some may think that they are.

I would like to thank the Paw Prints, Brent Bailey, Thomas Clarkson, Wayne Seeber, Mr. Bernier, and the 1982-1983 Prowler staff for all the work they did to help me make this publication possible.

Annual Puts the Year Together

Mike, Dave, Anne, Yvette, David, Lorraine, Liz, Maria, Martha, Dana, Shelly, Debby, Jenny, Debby, and Mr. Besse. To be honest with you, more times than not this year I never thought that I would ever be holding this book in my hands. I do not know how all of you put up with my short temper and anger rages. It seemed as if everything was going correctly, something would foul it right back up again. But, we persisted and it finally got completed. I do not believe that it is actually finished.

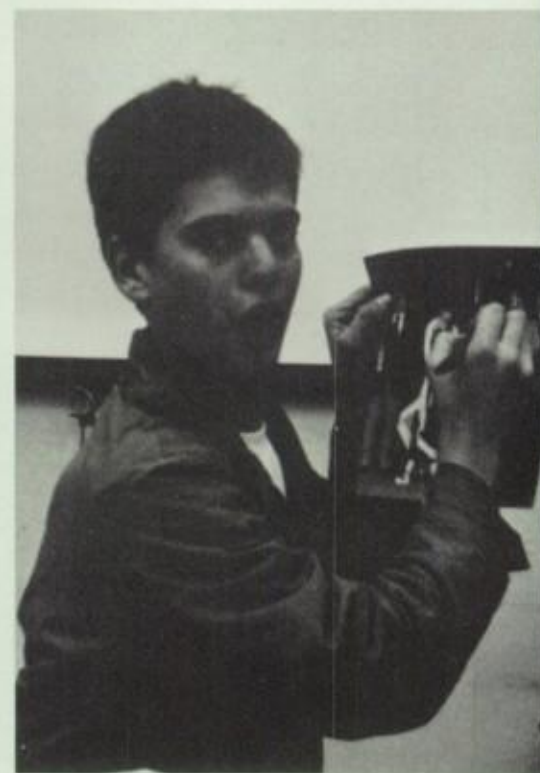

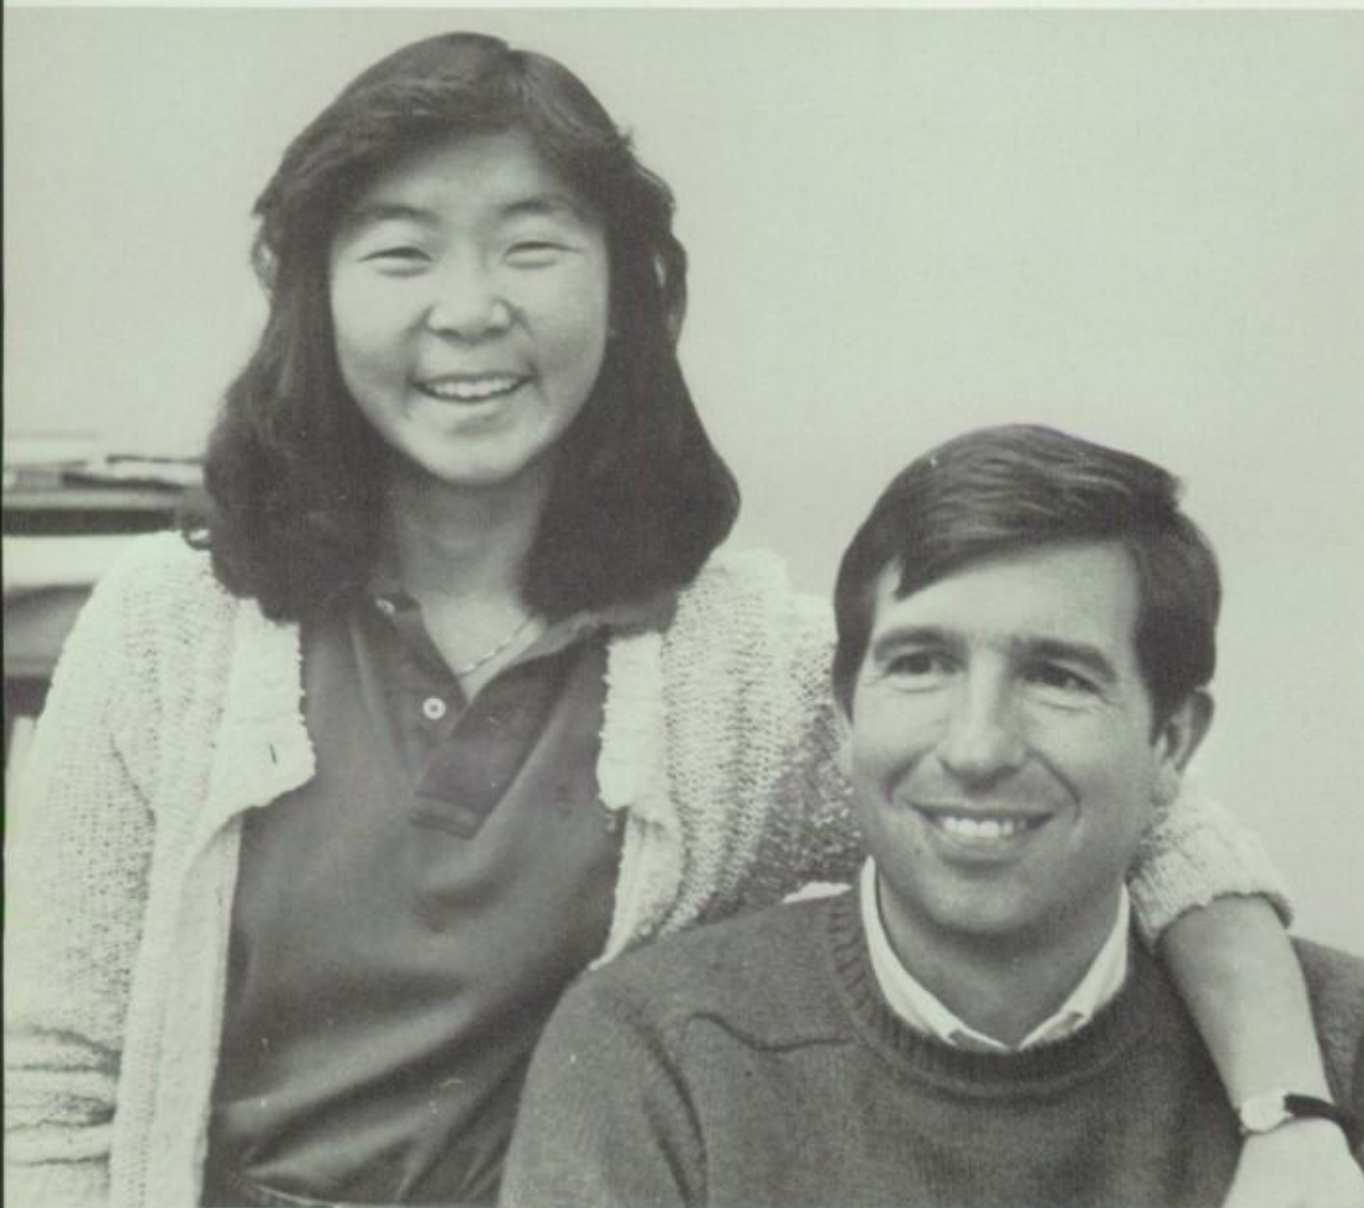

I would like to thank everyone who helped myself and the staff this year. Mr. Besse, for having enough patience to put up with me, Jane Kasel, for helping me out at every deadline no matter how tired she or I was, Mr. Bernier, for allowing us to purchase the extra pages we needed, Wayne Seeber, who came up with quite a few of our sports pictures, Brent Bailey and Mr. Wong, for working very hard printing on printing and developing for us, and especially the entire Social Science department for putting up with us all.

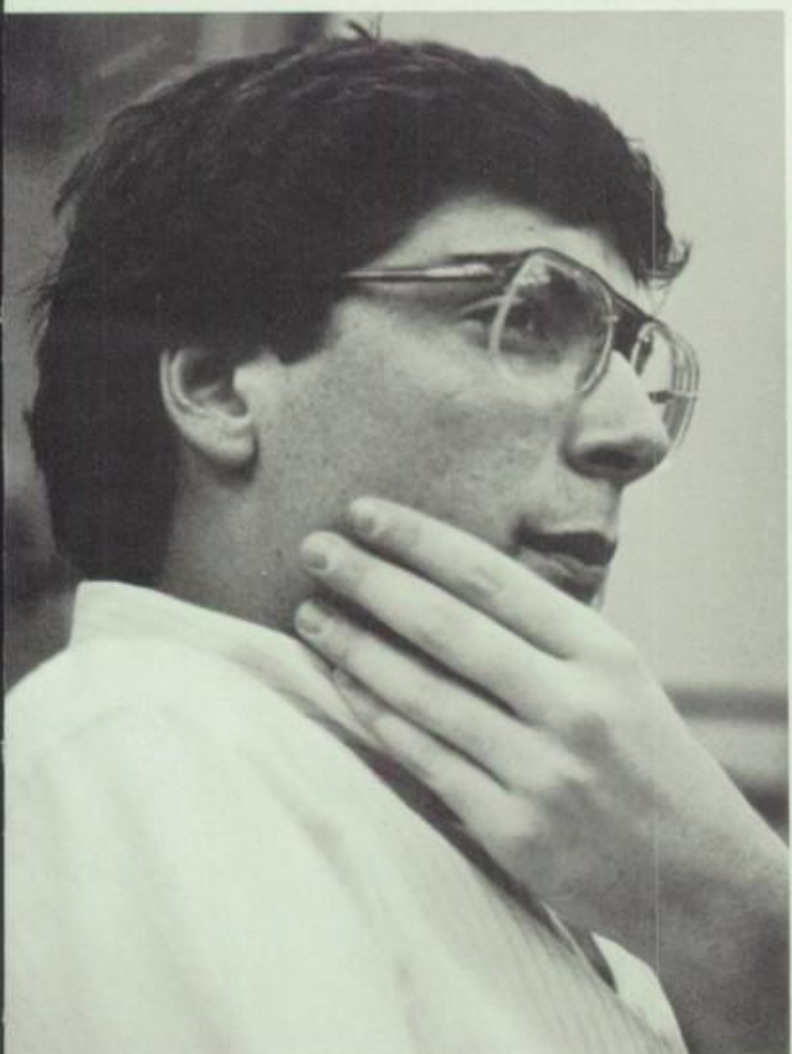

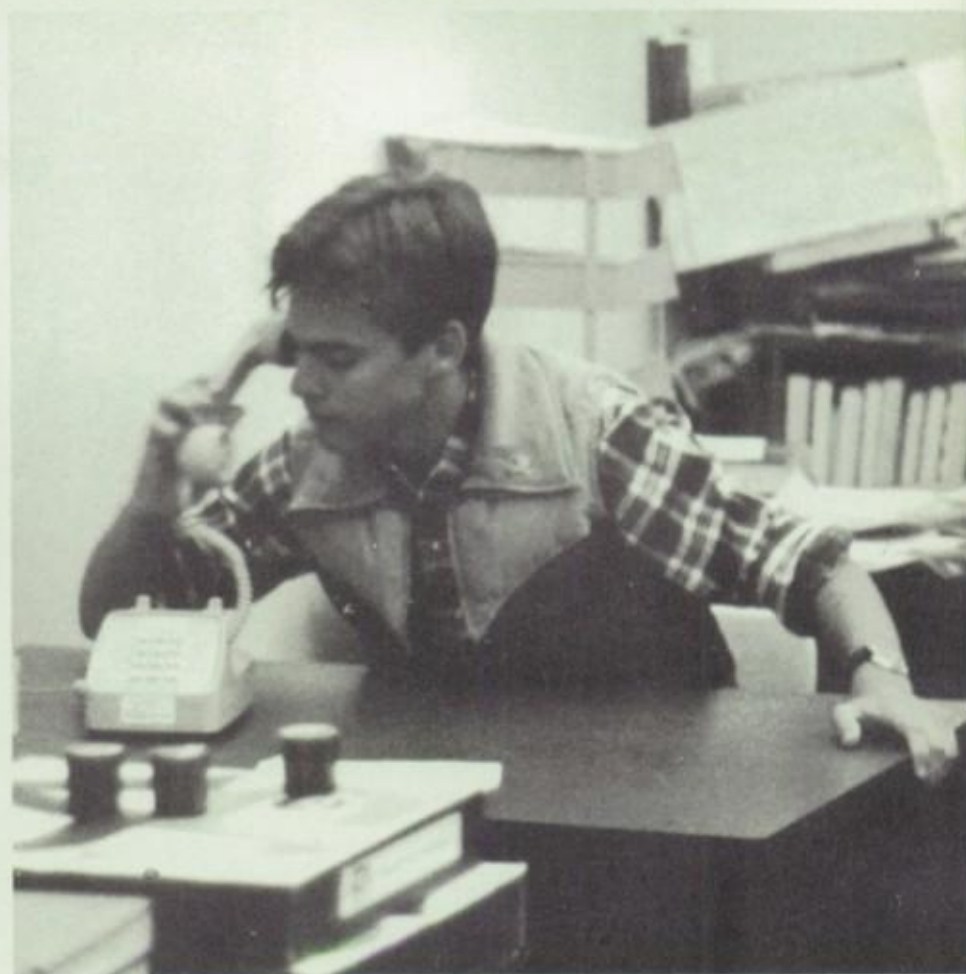

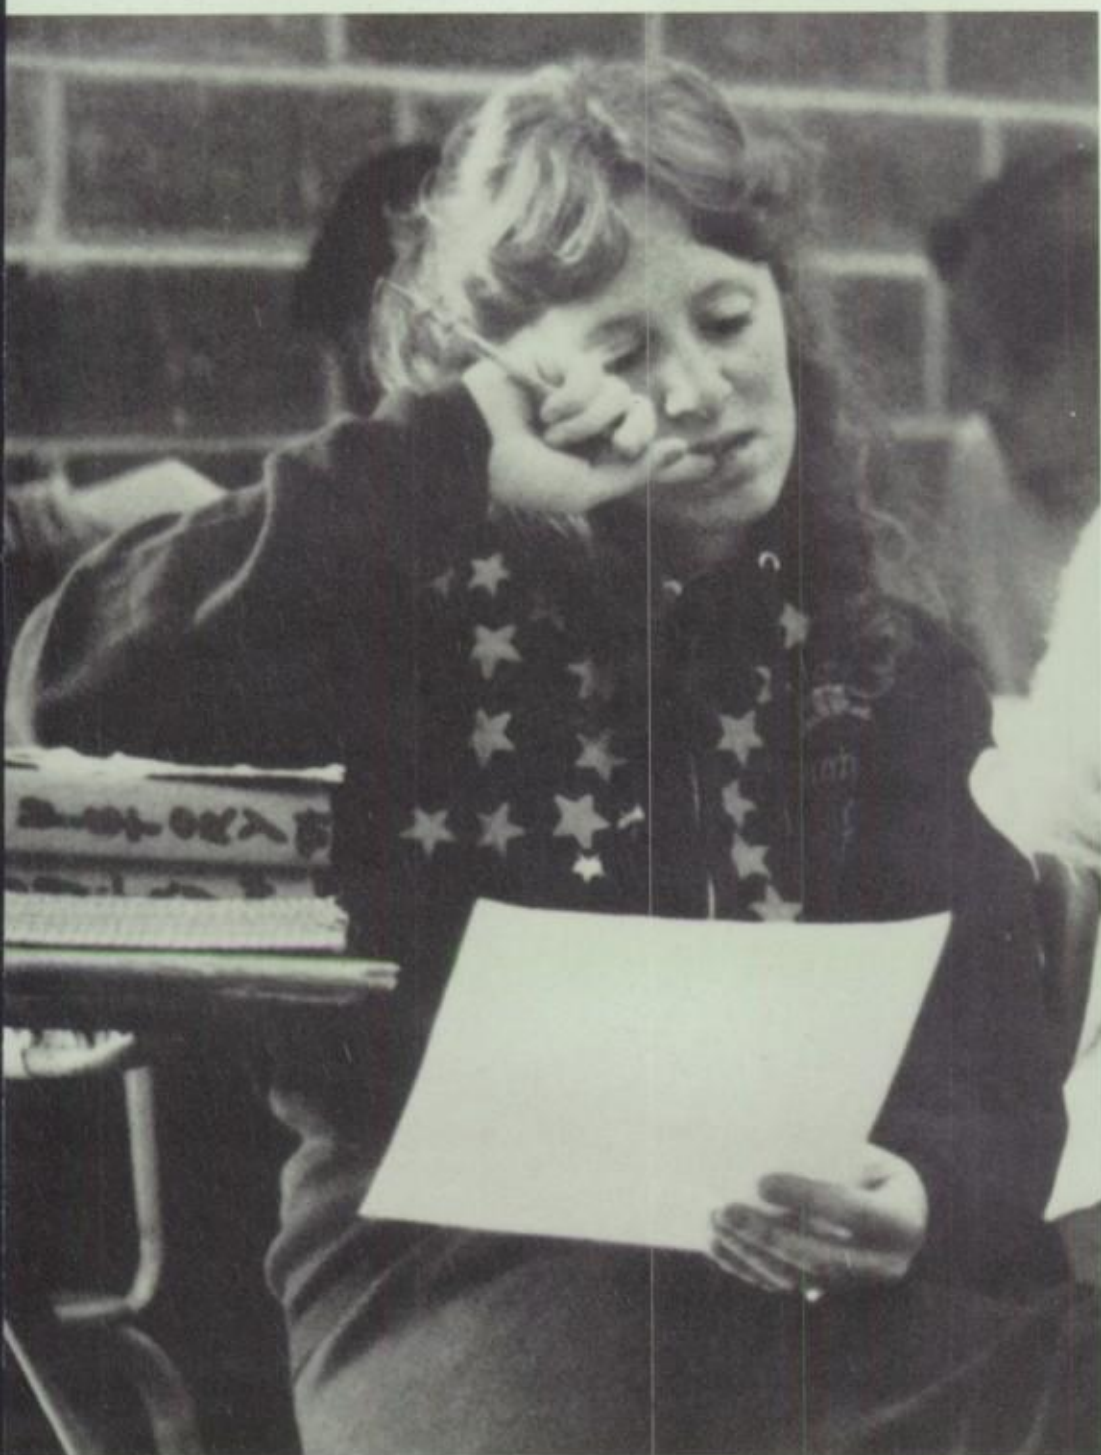

We had fun most of the time though. Last summer at camp, Dave, Mike, Lori and I all had a wonderful time. Mike and Dave would sleep while Lori and I would sit with glazed eyes and empty stomachs through the boredom. We started off the year without knowing each other, but ended up knowing quite a bit about each and every person on the staff.

Once again, I cannot thank everyone who helped this year enough. Without your assistance you would not be reading this book. This book was one which I did not think that I would even see as I sat down early on March 9, the day of the final deadline. We still had eighty-seven pages to turn in and if they were late then so was to be the book. But, miraculously we finished all 288 pages that make this book a whole book.

Good luck to all and thanks to everyone again.

Christopher

Mascots Keep School Spirit Alive

This year's mascots were not picked by tryouts; they volunteered. Brent Bailey and Mark Marrero were two funny guys. They really showed spirit at football games by dressing up in the old mascot uniforms and helping the rally squad get the fans spirited, and they sure did a good job. Many times they had the fans laughing at their acts. When asked why they did this they replied, "We wanted to show our spirit, and we didn't have an A.S.B. card. How else would we be able to get in free?"

Spirit Going Strong

The rally squad showed much spirit in the many sports they cheered for. They kept up the spirit between games by planning rallies. But their spirit didn't stop there, they also spent many hours making posters and giving gifts to the many athletes. The rally squad was advised by Miss Pam Campbell. We should all be thankful for the great job rally squad did for keeping school spirit alive.

The Wilson Wildcat Marching Band

The Wilson Wildcat Marching Band competed in various competitions, including the Chino Band Review, Los Altos Band Tournament, Tournament of Champions, and the Dodger's Annual Battle of the Bands. In addition to these competitions, the band entered two new competitions: The Olympic Band and Drill Team

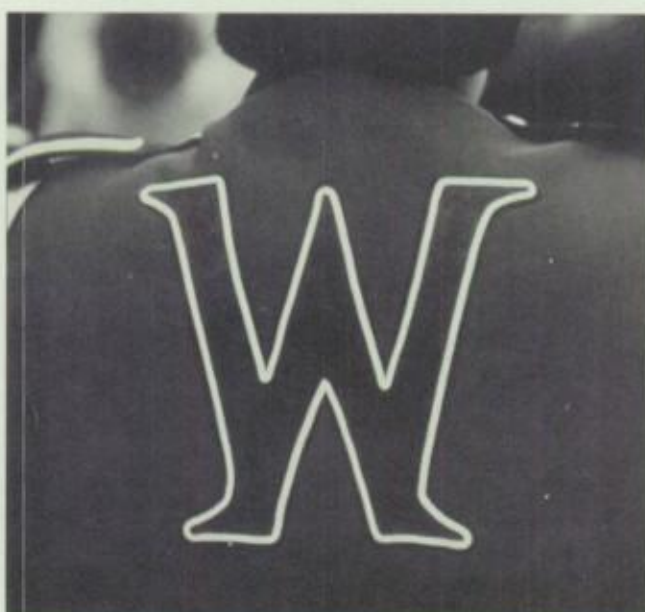

Halftime Show Championship, and the International Music Olympics. These events were the field show, Parade, Concert, Wind ensemble, Stage band, and Drill team and Flags.

The band made plans to take a trip to Japan in June. They traveled to many cities including Tokyo. In Tokyo, they

were involved in the opening of the new Disneyland. There were numerous tours, concerts and parades in which the band was involved, in their fifteen-day stay in Japan. This trip was made possible through various fund raisers and parent help.

THE WILDCATETT DRILL TEAM

The 1982-83 Wildcatette Drill Team had a very successful year. The 28 member team traveled with the band to many competitions in which they won numerous awards. They were also successful indoors, competing at such competitions as Claremont, Cal Hi and West. In March they hosted the 2nd Annual Golden Cup Championship. The team was led by Captain — Cheryl Oliver, 1st Lt. — Martha Romero, and 2nd Lt. — Jovielyn Magdangel. Cheryl was the first two-year captain in 11 years.

Christine, Connie, Diane Enjoy Calif.

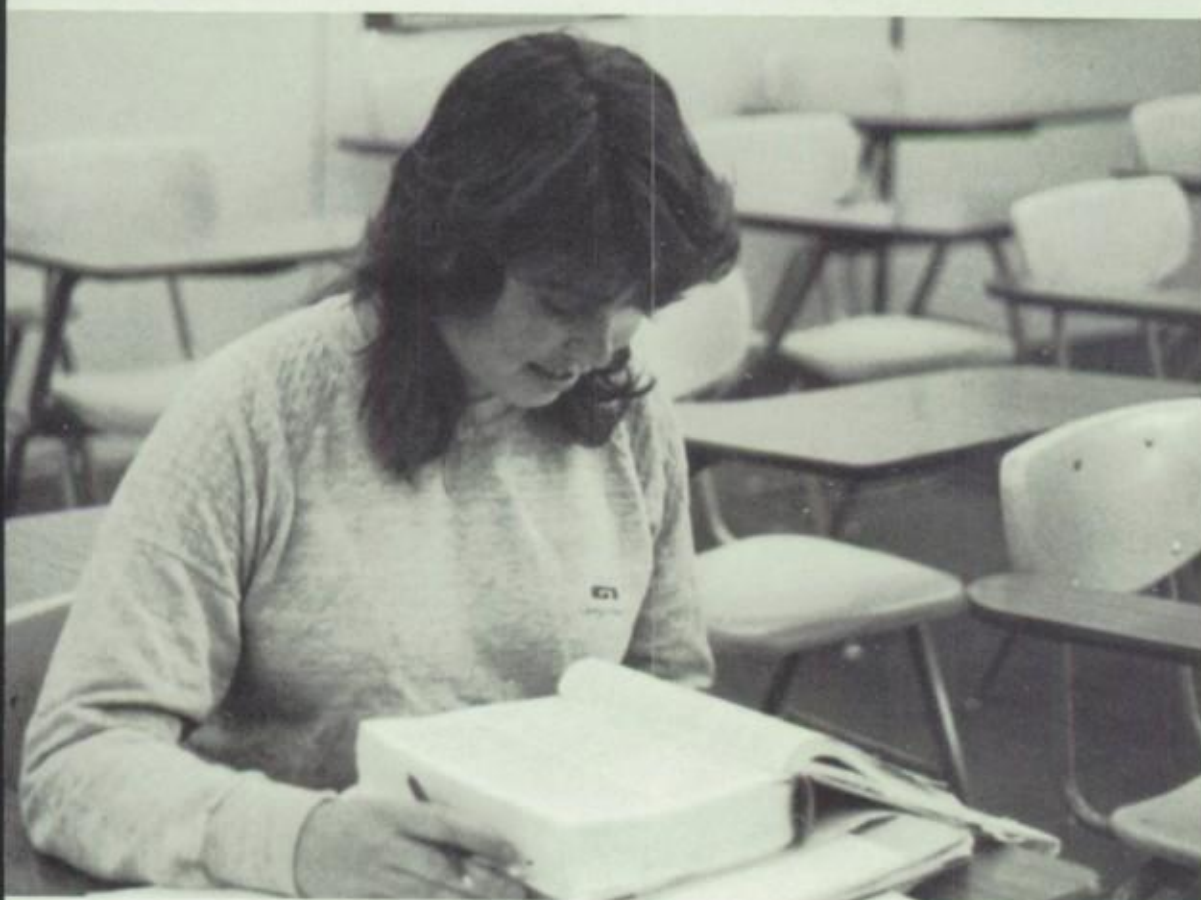

Christine Capetillo was a foreign exchange student from Basque Country in North Spain. Wilson was different from Christine's school where they don't get to choose their classes until they're juniors and they also do not have the same class at the same period. It varies throughout the week. Christine likes the warm weather of Calif. She finds it hard to get accustomed to the food. In Spain they use a lot more spices and eat a lot of fish and shellfish. Christine stayed with the Obert family.

Diane Strang was a foreign exchange student from Denilguin, Australia, 500 miles from Sydney. Wilson was very different from Diane's school which was very small and had grades 7-12. What Diane liked most about Calif. was the people, their accents and Corvettes. What Diane finds hard to get accustomed to was our accents and some of our pronunciation. Diane couldn't understand why nobody likes vegemite, an Australian jam. Diane loves Swenson ice cream. She stayed with Ronnelle Kantra.

Connie Schiender was a foreign exchange student from Brazil. Wilson varied from Connie's school which was a catholic school, and it didn't have very many boys. Connie says that she loved it here, but it was very different than her hometown. In Brazil, the kids don't work. They don't have a tardy system at her school, and can't drive until they are 18. While she was here, she learned how to snow ski. She likes jazz dancing, and she'd like to travel to Germany. Connie stayed with the Pawlowski family.

PAW PRINTS TELL IT ALL

The Paw Prints is the campus newspaper that was published twice a month. The Paw Prints was led by Allen Marino, Editor-in-Chief; Felicia O'Sullivan, News Editor; Glenn Heinrichs, Sports Feature Editor; and Steve Little, Opinion and Commentary Editor. These editors were under the supervision of Mrs. Moore. Their stories ranged from school sports and happenings to editorials, feature stories and student opinion letters.

Editors: Allen Marino, Glenn Heinrichs, Claudia Vasquez, Ricky Salonga, and Loren Pluth.

ART CLUB CREATES FUN

The art club was made up of students who enjoy learning about art. They also helped to decorate the school community during the holidays. For Christmas they painted windows to bring out the Christmas spirit. They made different items of art and painted art objects throughout the year. Mr. Murray was the club advisor of this 31 member club.

Korean Learns Heritage

The Korean Club is made up of 37 members, who are interested in Korean Culture. This year's club had planned a party, a banquet, and a day at the ice rink. The Korean Club is advised by Mr. Lubin.

Chinese Help Each Other

The Chinese Club is made up of 39 members who are of Chinese descent. The club has plans for a picnic and a camping trip. The club is advised by Mr. Lubin. The main purpose of the club is to help other students speak English fluently and become accustomed to American life.

Field Science Comes to an End

At the close of this school year, one of Wilson's oldest and largest clubs will cease to exist. For a variety of reasons, it is felt that the club no longer serves a useful purpose for enough students to make its existence worthwhile.

During the last four or five years, there has been a very gradual decrease in available free time as students are working more and there are more demands being placed on them by other less flexible co-curricular activities.

Parental support, which at one time was very high has dwindled to where it is almost non-existent. So far with three overnight trips, and the whale watch completed, we have had 63 members participate while the parent participation has been very small — only four parents provided transportation with the remaining vehicles being supplied by friends of the sponsor or faculty members. At our recent Bingo work night, only two families, Schwab and VanBrabant, would help us out.

Most members are too preoccupied or not interested enough to attend planning meetings. Many have no qualms about dropping out of a trip at the last minute without explanation, and some just don't show the morning of departure, leaving us holding the financial bag.

For the remaining part of the year, we had the Mexico trip over Easter Vacation (March 27-April 1) at a cost of \$35.00 and the final trip of the year to Frazier Park, Mt. Pines over Memorial Day weekend (May 28-30) at a cost of \$13.00.

Thanks to some community members, we have hung in there through thick and thin, wet and dry. Jim O'Brien and Joe Narole were rides we could always count on. Long after their kids were gone from Wilson, Larry Sotomator and Charlie Gray continued to be there when we needed them. "One of the good guys," Craig Paugh was master builder of Biffs. From the faculty, Jim Baucher was the best number one right hand man. He has put up with the french toast since Wilson opened. Fred Long, Roger French, Lee Wong and John Dobrenen have all contributed too much to mention.

It has been a good 21 years, but as with all good things, it must come to an end. It was time for the Winegar family to move on to something new.

The Interex Club had 18 members who were interested in learning about foreign cultures. Each month the club had a meeting in which there was a guest speaker or film from a foreign country. They learned about the life and customs of different countries and the contrasts from life in the U.S. The club planned many activities: a Christmas party, a trip to Magic Mountain, and an annual club banquet. This club was advised by Mrs. Koh.

CSF Makes the Grade

CSF was made up of students who excelled in academic classes. They received certain privileges throughout the year such as registering for classes before everyone in their class. The students met standard state academic requirements in order to be members, and membership gave them the opportunity to visit colleges.

Wildcat B-I-N-G-O Big Success

Two years ago, Wilson High School started a profitable fundraiser which today has increased the popularity of one of America's favorite pastimes — BINGO. Every Tuesday night, hundreds of men and women alike gather in the Wilson gym, bringing lots of money, good luck charms and enthusiasm in hopes of striking it big.

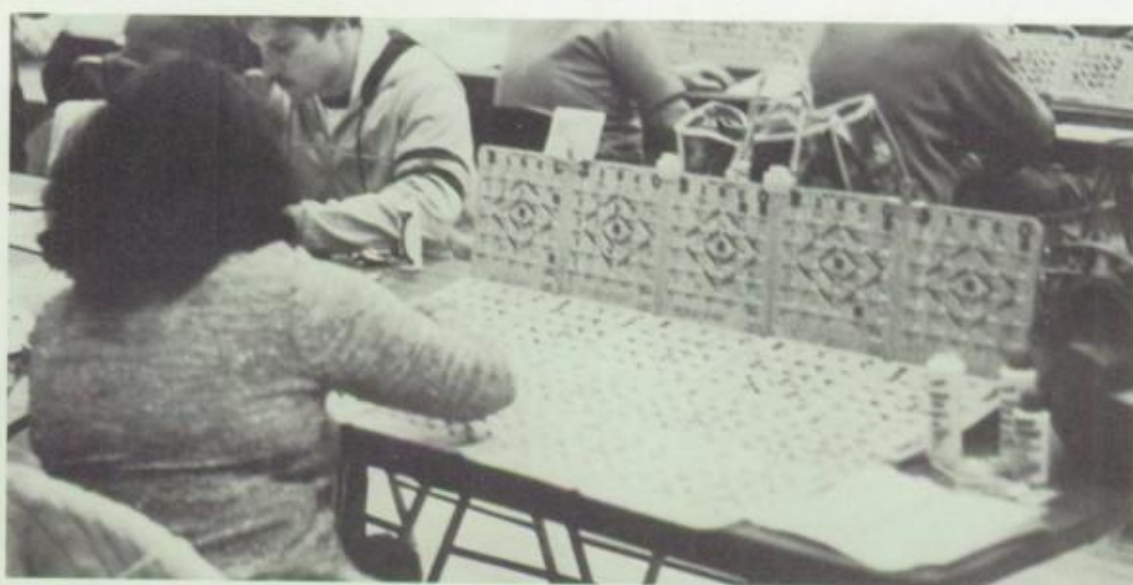

Wildcat Bingo was sponsored by football, A.S.B. and band. The profits were then divided into thirds among these groups. However A.S.B. had the different clubs on campus work Bingo every Tuesday. These clubs had to supply five adults and five students, and in return, would receive \$125 towards their club. Football and Band also send representatives to do their part in making Bingo a huge success.

'82 Elections

Once again the elections of 1982 began with commercials on T.V., campaign posters, bumper stickers, and billboards with the campaigner smiling for your vote. The 1982 Election was probably one of the most exciting elections that has ever taken place in California. At least 70% of all registered Hacienda Heights voters came to the polls between 7:00 AM in the morning to 8:00 PM in the evening and came to vote for the best person.

The most important face was for Governor of California. The race was between Democrat Tom Bradley, and Republican George Deukmajian. The final votes for Tom Bradley were 3,721,368 and for our new Governor George Deukmajien were 3,747,550. Deukmajian took the seat of Governor by a slight margin of 26,182 votes. The California seat for Senate in Washington D.C. was taken by Pete Wilson. Wilson was given 4,005,805 votes and Jerry Brown was given 3,488,638. Our new

Senator Pete Wilson was given this honor by 517,617 votes by the citizens of California.

The most controversial porpositions were Proposition 12 — the nuclear freeze and Proposition 15 — the issue of handgun control. The nuclear freeze proposition was the issue of stopping the production of nuclear war products. The California citizens were mainly concerned with this proposition and voted "Yes" for the freeze. The voters gave 4,031,367 yes votes and 3,439,082 no votes. The other important proposition was Proposition 15. The issue was whether to register all handguns or not, and the voters did not want to register all the handguns. There were 2,772,973 yes votes and 5,110,235 no votes.

The California voters were very satisfied with the results and this showed the great concern for the fukure and the government of California.

What An Uproar!

There was much controversy over the Senior Superlatives. It has been a tradition at Wilson High School every year that the Senior Class has been given the opportunity to select their favorite seniors for a particular category. They were asked to nominate four seniors for each category, two males and two females. The nominations were then tallied and voted upon for two days during both lunches. During the voting many seniors complained that the ballot was unfair. So they wrote remarks on the ballot.

In order to resolve the situation, the Annual Staff, in cooperation with Senior Senators, agreed to grant the seniors another chance to re-nominate. Once the nominations were again tallied and voted upon, there was considerable dif-

ference in the amount of seniors who voted. Within Civics classes an approximate 140 Seniors voted and when they were given the opportunity once again to vote, only 75 Seniors took the time to do so.

Through the eyes of Columbia University our 1981-82 Annual was selected for first place. A note made by one of the judges was that a high school annual should not have superlatives within it. It was considered rather childish. However, since it has been a tradition at Wilson High, the superlatives will be continued throughout the annuals. The boggling question at this point is why so much controversy when the opportunity was given again and only 50% of the seniors grasped for it.

All-Time Great

All Time Great

played 2,600 games.

By the year's end some of our favorite personalities are gone.

"Eleanor Powell who tapped her way to fame in thirteen movies, including Broadway Melody of 1938.

Henry Fonda went from Tom Joad to Mr. Roberts. He was in eighty films, mostly as the good guy.

Leonid Brezhnev ruled Russia for eighteen years with fear, endurance, and a worker's common sense.

Leroy Satehellpaige baseball great had

Stanley Halloway who was Alfred Doolittle of "My Fair Lady."

Paul Lynde was master of the adlib. He logged some two hundred hours a year on television.

Lee Stasberg was director of the actors studio. He shaped American theater for half a century.

Dave Garroway from early morning television became a National habit because of his relaxed "Today Show."

Story Dana Romero

The KROQ dance was a smashing success. About 400 students were "ROQ-ING" with Ramondo and the Blade.

The dance started at 8:30, but at 8:00 lines at the door and at the ticket window were very long. When doors were open, students were shoving and pushing to get their way in, but Mr. Bernier told students no one was going to get in without forming two lines. Students quickly got into order.

Ramondo and the Blade were supposed to be guest D.J.'s, but they were too busy signing autographs, giving away a new magazine called "Rag," and giving kisses to any girl who asked for one.

Many times, students were asked to move back away from the D.J. area because the vibrations from the dancing made the needle on the turntable to skip on the record.

About half way through the dance, a

surprise guest showed up. The Poor Man. The Poor man said, "Hello" and made a few comments then disappeared.

At 11:00 both Ramondo and the Blade disappeared leaving before the press interviews that were scheduled after the dance.

The next morning, the morning of the big Los Altos and Wilson football game, Ramondo and the Blade were heard to be talking about how Wilson is going to beat Los Altos. They were also heard to be talking about how rowdy Wilson students were at the dance the night before.

Wilson ROQERS all agree that the dance was the best we have had in a long time.

The US Festival

If someone came up and asked what made this year so special, what would you tell them? Would you explain, being a senior? Would you tell them about your new girlfriend or boyfriend? Would you tell them about all the great parties? How about the US Festival?

The memorial day weekend of 1982 was characterized by one very special event. It was known as the US Festival and the theme was *A Celebration of Life*. But what made the US Festival so special?

How about some of the "hottest" rock-n-roll in the world? Many of the biggest named in pop music came out for this gigantic three day concert which drew over a quarter of a million people to the

San Bernardino mountains. Among the acts featured were the Police, Pat Benatar, Oingo Boingo, Tom Petty and the heart breakers, B52's, Eddie Money, and Fleetwood Mac.

Fans could have seen the show in two ways. They could stay the entire weekend and listen to every bit of this multi-million dollar concert, or they could buy tickets for a certain day and see the act of their choice.

Most compared it to another gigantic rock festival of the 60's known as "Woodstock."

But whatever your taste in pop music, you were certain to find it at the US Festival.

Crime Within Our School

Is crime within our school getting out of control? Within the first semester of the 1982-83 school year, Wilson has suffered from major robberies.

The school newspaper, "Wilson Paw Prints," covered the science building robbery. In this attempt to destroy school property, the criminals stole scales and microscopes, scientific instruments used by Wilson students for laboratory experiments. Another attempt was made within the auto building where students are given the opportunity to experience and learn mechanical work upon cars. There, many expensive tools were taken. As the semester continued the school was once again burglarized — this time within the home economics building

where pupils are taught the basics of home life, cooking, sewing, etc. Two brand new microwave ovens had disappeared; nevertheless, the crime that has been with us continuously is vandalism of lockers, a crime seeming to have no solution. However at one point, the notion of having the lockers banned almost went into effect. This crime has become so tremendous and not to mention expensive to the school, that students are advised to take all their books home during holidays and weekends.

People do not relish the thought of having their homes ransacked or belongings stolen; therefore, why have it done to the school?

“Pelicans Are Humans, Too!”

Since mid-October of 1982 there have been many mutilated pelicans found abandoned on the shores of Southern California.

The Crown Valley Animal Hospital in Laguna Beach has taken care of these maimed pelicans whose upper beaks were either chopped or sawed off by some inhumane human being, who enjoyed hurting these innocent animals and leaving them to die. Of eighteen of these pelicans, four have died, and one has been cared for at Sea World in San Diego.

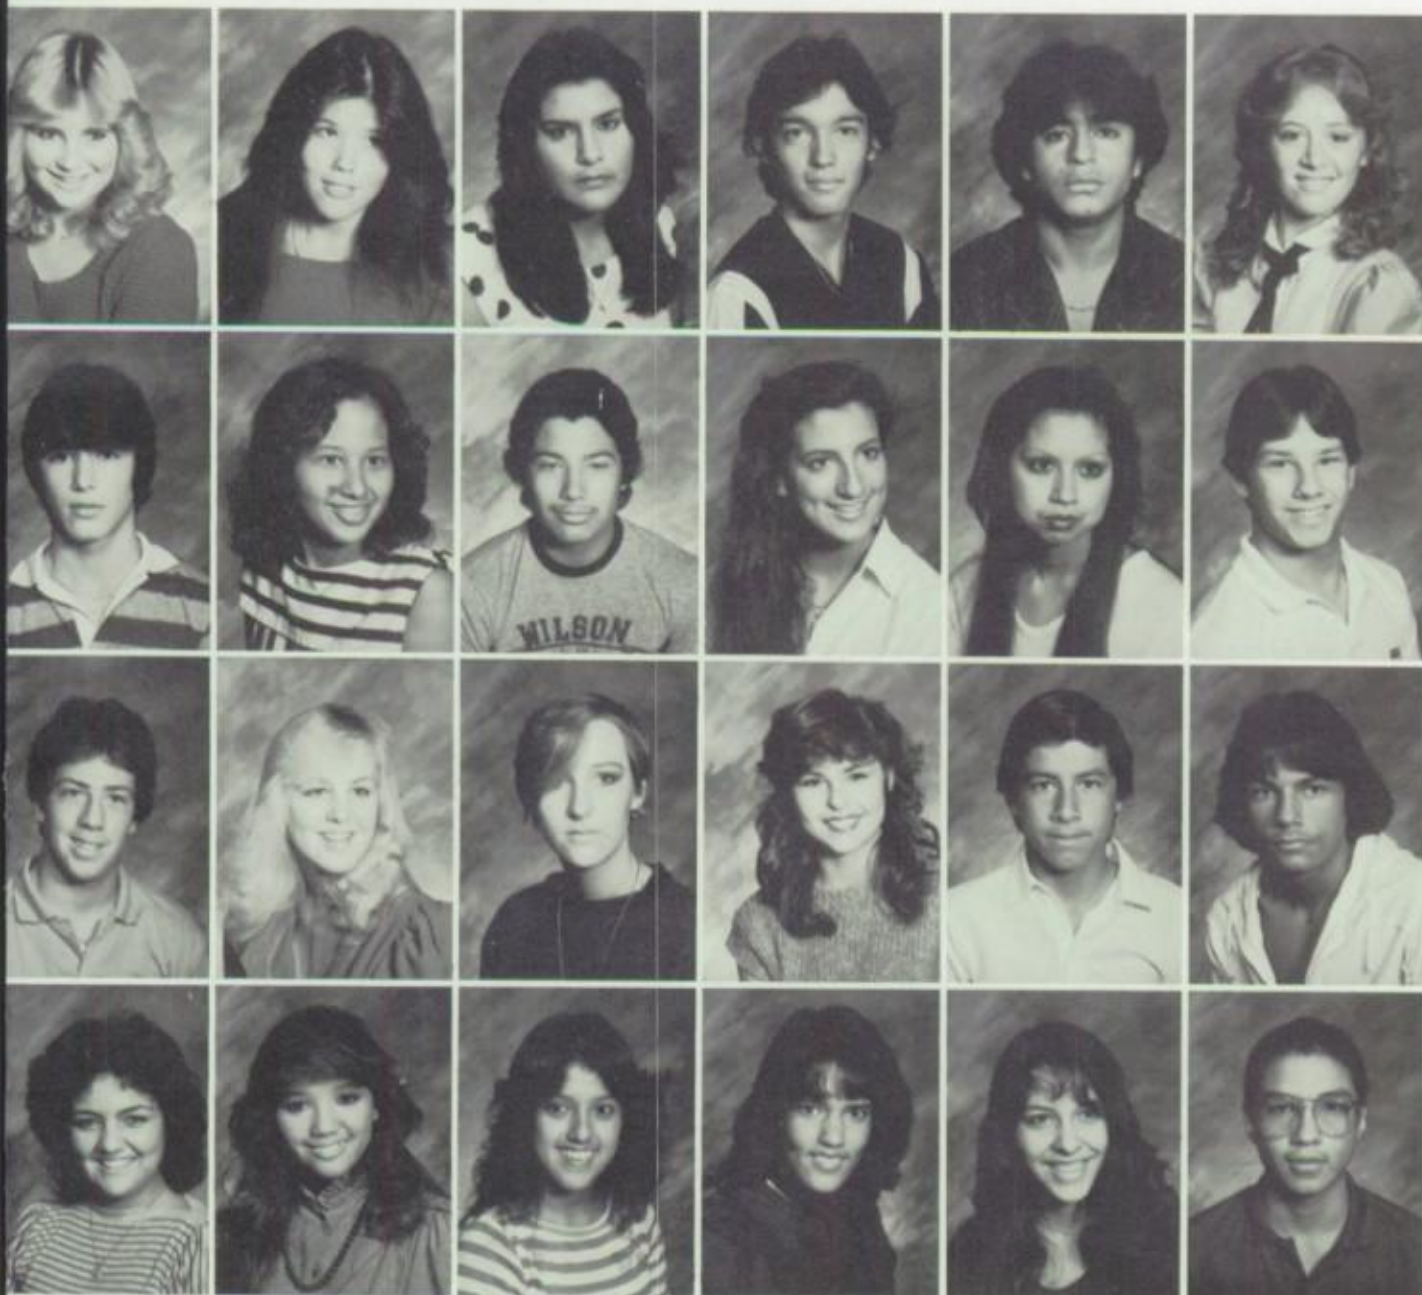

Many of these maimed pelicans have been operated on and given new beaks. Some of these new beaks are made from fiberglass and others are given a stainless steel beak which is cemented on with fast-drying glue. Doctors say that they will operate on two pelicans every Sunday until all have new beaks.

It is said that the pelicans are now doing fine. They have been eating a healthy diet of tuna and mackarel with vitamin supplements. These pelicans should be able to live a normal, healthy life.

Animal authorities are still uncertain of who harmed these innocent pelicans. These animals are harmless to our society and are friendly when around people. Pelicans are just like human beings. Anyone who harms these innocent animals must be sick in their right mind. Harbor patrol has been keeping a sharp eye day and night to see if they can find these people hurting our pelicans. People seen hurting or tormenting these animals will be prosecuted.

Don't forget that pelicans have as much right to live as we humans do!

World Series

The 79th World Series was played by the St. Louis Cardinals and the Milwaukee Brewers. The Brewers in the first game slid by the Cards by a 10-0 win. In the second game the Cards downed the Brewers in an exciting game by just one run to win the game 5-4. The third game was all St. Louis who eased to an easy 6-2 win over Milwaukee. The fourth game of the series Milwaukee made a surprising comeback as they were behind by five going into the bottom of the 8th inning, and were able to get six runs in and win the game 7-5. In the fifth game, the Cards and the Brewers were tied at two games apiece in the series, but St. Louis was behind 2-6 and it was top of the ninth and the Cards appeared to be making a comeback but were stopped 2 runs behind and lost the game. Game six the Brewers could win the whole series if they won this game because the Cards

were already a game behind, but the Cards were just too tough for the Brewers that night and they went on to an easy win 13-1.

Game seven, Milwaukee and St. Louis both tied at three games apiece, would fight each other in the last game of the World Series. The Cards jumped on top with a run in the bottom of the 4th, but the Brewers came back at the top of the 5th and 6th to lead the Cards by 3-1 and appeared that they were going to win. But in the bottom of the 8th the Cards gained the lead and the Brewers were defeated by 6-3.

The St. Louis Cardinals won their first World Series in fifteen years. Catcher Darrell Porter was named the Most Valuable Player of the Series.

E.T.

The motion picture E.T., the Extra Terrestrial, hit the nation this past year as millions of fans stood for hours in long lines to see this fabulous movie. The space creature E.T. was a figment of the imagination of movie producer, Steven Spielberg. E.T. entered into the hearts of many fans of all ages. Everyone was touched by this movie because E.T. wished desperately to return home. Nearly the whole audience left with tears in their eyes.

Not only was the movie a loving story, E.T. was unlike any outerspace being

ever imagined. He had two long arms complete with a magic finger which caused helpful happenings. Needless to say, his facial features were unique. They were so unusual that since the movie was released, many products featuring E.T. have been made. You can purchase E.T. dolls, glasses, posters, records, shoelaces, T-shirts, as well as many more. In fact, the Universal Studios Tours have one shop devoted to E.T. items.

Drivers Training Abolished

Driver's Training was cancelled due to the lack of funds to support it.

\$100.00 for Driver's Training.

Many students were angry about this since they will have to start paying for Driver's Training themselves.

S.R.C. stands for State Requirement Class. This class was taught by Mr. Richey and Mr. Gary, periods zero and sixth. Many juniors and sophomores did not like the idea of being at school by 7:00 A.M. or after school until 2:45.

All students must take SRC at Wilson before they can take Driver's Training. They cannot take SRC anywhere else since this is a required course for graduation. After SRC a student is able to go down to the D.M.V. office and take a test for their permit. Then they become eligible to take lessons from a Driver's Training Agency.

However, this course taught students a lot about driving. They learned about rules of the road, effects of drugs and alcohol when driving, first aid, CPR, and other things that are very useful to them while driving behind the wheel of a vehicle.

This will create many problems for students who don't have jobs to pay over

Future Plans

One of the most asked questions the seniors receive is, "What are you going to do when you finish high school?"

Many of the seniors say that they are going to go to college and get a better education so that they can get a degree in medicine of law and become wealthy.

Others will join the National Guard and Reserve and become heroes or four-star generals and come to our nation's rescue whenever it is called for. You will never

know, maybe one of our classmates will become the President of the United States or a famous actor or actress. If so, you will probably be proud, and you might even exaggerate a little too, saying that you were once best friends with that person when you were in high school.

But many of the seniors will probably go to college, get a job and remember how hard they thought high school was.

C or Better

2.0.

The Los Angeles Unified School District required that all students who are involved in extra curricular activities must have a "C" average or better in all academic subjects. This new higher standard was a more stringent requirement than the California Interscholastic Federation, where only a minimum standard of a D- is required. In previous grading periods, a student could still be able to play with four D's and two F's.

This proposal was accepted November 8th. And the policy was put into effect by spring semester of 1983.

This proposal caused some mixed emotions on Wilson Campus. Many teachers agreed that the students who are in extra-curricular activities should get grades equal to the minimum requirement, but they also thought that students would not come to school only

to play in sports. This would also cause students to take easier classes where they know they can get a C or better.

Rowland Unified School District had a similar policy. This was put into effect at the start of the 1981-82 school year. They started out by raising the grade average each year until they raised it to 2.0. But this was only required for students involved in school sports whereas the Los Angeles Unified School District was required for any students in an extra-curricular activity.

At Wilson we have a similar policy where students who were in rally squad or drill team had to have a 2.0 grade point average, but this does not include athletes. Athletes only had to meet the California Interscholastic Federation Requirement.

Tom!

Tom Selleck made waves on nighttime T.V. as the handsome star of "Magnum P.I." Soap fans recognized him from "The Young and the Restless," starring as Jaime Lynn Bauer's lover.

By chance, you've ever seen or heard Tom Selleck and you happen to pass him on the street, you would certainly take notice — especially if you are female. Tom is 6'4" with hazel eyes, dark hair, dashing mustache, and a friendly smile.

He has two brothers and a sister. He grew up in Sherman Oaks, California, nurtured by the love of Bob and Martha Selleck, his parents. Tom was interested in sports rather than acting. He was a starring player on the high school basketball team and baseball team. He went to U.S.C. with a basketball

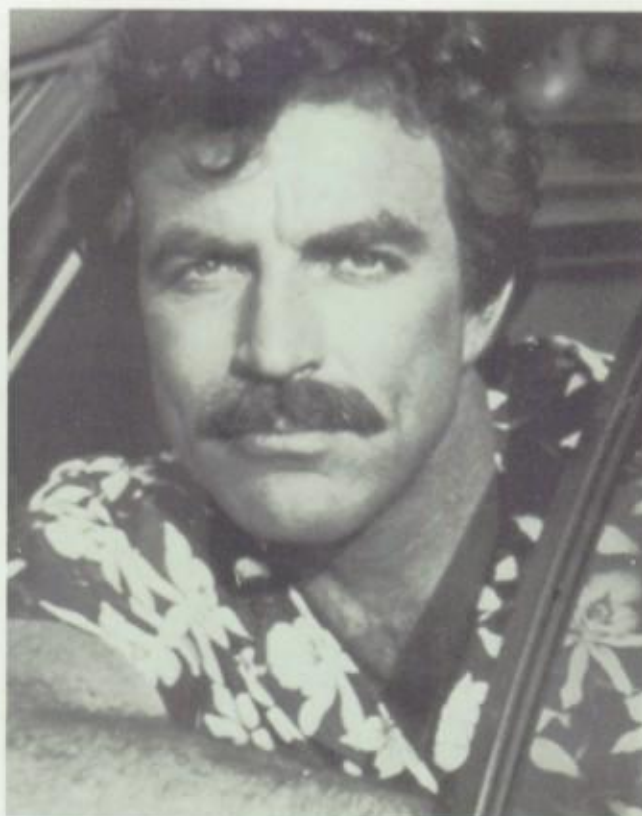

scholarship and played baseball as well, during his four years. Tom was asked to do a commercial while he was on the U.S.C. basketball team. This made him interested in acting. His first commercial was a basketball player drinking a Pepsi.

That commercial began a 13-year career of doing small but financially lucrative parts.

By the time he starred in Magnum, he had done over 50 commercials, seven unsold pilots, a few feature film roles and numerous T.V. guest shots.

Tom is more than a working actor; now he is a star. But he doesn't take his stardom for granted.

Number Six No Longer In Dodger Blue

Steve Garvey, the famous Los Angeles Dodger first baseman is now wearing a San Diego Padre uniform. His dream of retiring from baseball wearing the same Dodger blue uniform he wore when he first started his baseball career shattered when the Dodger organization refused to sign him on for five more years. Instead, they only offered him three years, which Steve Garvey and his agent, Jerry Kapstein, turned down.

Once Garvey entered the free agent scene he was drafted by nine different American and National League teams. From the nine teams that wanted him, Garvey narrowed it down to four, the New York Yankees, from the American League, the Chicago Cubs, the San Francisco Giants and the San Diego Padres all from the National League. Once

George Steinbrenner owner of the Yankees dropped from the bidding Garvey was left with three choices, all from the National League.

After weeks of meeting with the three organizations and not being able to make a decision, the San Diego Padres offered him a contract he couldn't refuse, five years as their first baseman earning 7.3 million dollars. The people of San Diego were overjoyed and the very same day Garvey signed, the season ticket sales went up tremendously. Even though Garvey is now wearing the uniform of the Dodgers' biggest rival, he is still, thanks to Tim Hannery who gave it up, wearing his no. 6.

Who!

"The song is over, it's all behind me ..." from the album, "Who's Next," 1972.

"The Who," one of rock's most prestigious and well-known groups, said goodbye to Southern California during their farewell tour earlier this year.

"The Who's" lead guitarist, 37 year-old Pete Townshend, declared this the Who's last North American tour. The decision to quit touring was not a unanimous one. John Entwistle, the group's bass guitarist, and Kenney Jones, the group's drummer, wanted to continue touring; however, the band will continue to make more albums.

The Who has been called one of the wildest and most innovative bands to come out of England since the Beatles. They proved this one last time for So. Cal. with their high-energy concert in

San Diego and L.A. The band played to more than 100,000 devoted fans. During the Who's performance there was a feeling of excitement, but one couldn't help but have a feeling of sadness.

A 24-song line-up started with the 60's hit, "My Generation." From there the band played such legendary songs as "Tommy" (the rock opera), "Behind Blue Eyes" and the powerful "Won't Get Fooled Again." As always, Townshend was the center of attention with his trademark, "pinwheel" playing. Daltry Entwistle, and Jones gave equally eyecatching performances. They won't soon be forgotten.

The four young lads that took America by storm in the early sixties have left their mark on rock and roll history. The unforgettable "Who."

Fashionable Cats

Fashion — fash-ion/'fash-en/ n, a prevailing custom, usage, or style (1) the prevailing style (as in dress) during a particular time (2) a garment in such a style. (Webster Dictionary)

Fashion is the most general term that applies to any way of dressing, behaving, writing, and performing that is favored at any one time or place. It comes and goes in many ways shapes and forms.

In the 50's we had skirts, Oxford shoes and argyle sweaters and socks. While in

the 60's we had T-shirts, Levis and leather jackets. As time changes, fashions change, but somehow they wind up repeating themselves. The only thing new about them are the customers themselves.

Recently, we found ourselves repeating the Prep look as seen in the Ivy League era. Presently we are going through the fashions of the 50's with skirts, argyles and the 60's with leather jackets and so on and on and on!

Penn State All The Way

Penn State's head coach Joe Paterno, the "winningest" active coach in college football today, finally got what he was after — a national championship in football. On January 1, Paterno's Nittany Lions defeated the Georgia Bulldogs 27-23 in the Sugar Bowl. The win put the second ranked Lions on top of the college polls.

This was the second straight year that Penn State faced the Heisman trophy winner on New Year's day. This was also the second straight year in which Penn State tailback Curt Warner outshined his Heisman winning foe. In 1982, Warner and the Lions stopped USC and Marcus Allen cold in the Fiesta Bowl. This year Penn State held Herschel Walker to 107 yards on twenty-eight carries, his lowest one game output since his freshman season.

The Penn State defense simply played an awesome game. Led by Scott Radecic and Walker Lee Ashley, the Lion defense keyed the whole night on Herschel Walker. The Lions brought out their "Magic Defense," which Joe Paterno describes as a "Now you see it, now you don't," with linemen and linebackers shifting into various configurations. With only two down linemen, Penn State forced the Bulldog offense into recalling their plays at the line.

But, it was the Penn State offense which supplied most of the "magic." The Lions came right out throwing the ball, a weapon which was expertly used throughout the game. Four quick completions set up a two yard touchdown run by Warner, just 2:51 into the game. It was as if Georgia had been shot with a gun they never saw.

Penn State's 6'4" quarterback Todd Blackledge picked apart the Georgia secondary all night. By the end of the first half he completed nine of 16 passes for 160 yards and the Lions went into the locker room with a 20-3 lead.

In the second half, Georgia quarterback John Lastinger went to work on the Penn State secondary. Lastinger completed 12 of 27 passes for 166 yards on the night. He engineered the two drives that brought Georgia back into the game, early in the second half, the Bulldogs pulled to within three, 20-17.

But then "magic" happened again as Lion wide receiver Greg Garrity hauled in a 47 yard touchdown pass from Blackledge. Penn State ran out the rest of the clock and won their first ever national championship.

The Tylenol Scare

Twelve-year-old Mary Kellerman of Elk Grove Village, Ill., awoke at dawn with a sore throat and a runny nose. Her parents gave her one Extra-Strength Tylenol capsule and at 7 am they found her dying on the bathroom floor.

Mary Reiner, 27, of nearby Winfield, Ill., took two capsules for a mild headache. She was dead within hours at a local hospital. Paramedics found 27-year-old Adam Janus collapsed in his home, his pupils fixed and dilated. Janus soon died despite emergency efforts. Later that day his grieving relatives shared a bottle of extra-strength Tylenol they found in his home. Adam's brother Stanley, 25, died that evening. Theresa, 19, Stanley's wife, held on for two days — until doctors abandoned efforts to save her.

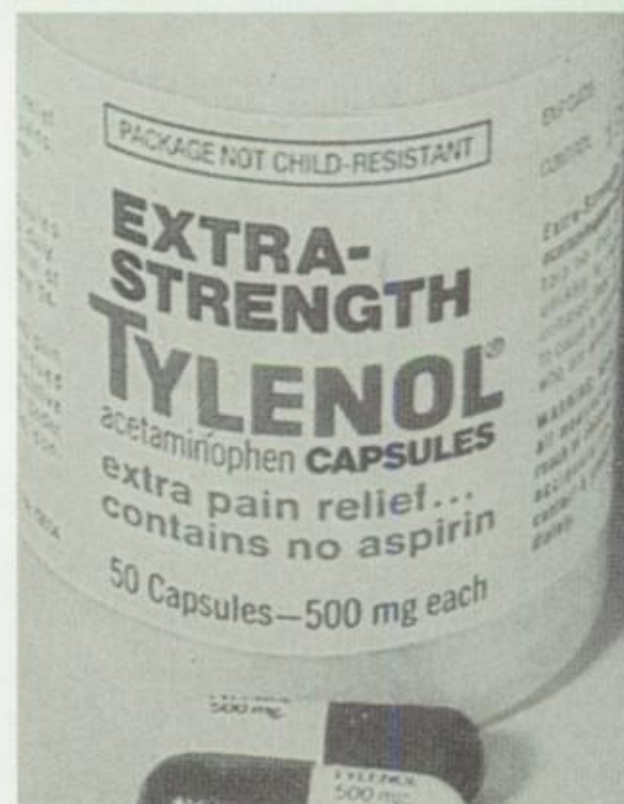

By the weekend seven Chicago-area residents had died and authorities braced for still more victims in what

had become the biggest consumer alert in memory.

The same potassium cyanide found in the deadly Tylenol capsules is used in the manufacture of PCP, the street drug commonly called "angel dust." Cyanide is the name given to metal salts containing a carbon atom linked to nitrogen atom. It is so toxic that 50 milligrams, a fraction of a teaspoon can kill in as little as 15 minutes. Lethal doses kill by disrupting the blood's ability to carry oxygen through the body, affecting the heart, lungs and brain.

It is pretty sad now people can't even have a headache without worrying about someone or something killing them. A Cook County, Ill., medical examiner Dr. Robert Stein called it "American roulette" — Russian roulette with drugs.

Band, Flags, and Drill Team

The Wilson High School band, tall flags, and drill team were very hard working groups. They practiced sixth period every day and 6 to 9 on Tuesdays and Thursdays. This trying practice paid off at the end when they competed in various competitions. In the past our band has taken the highest award in many competitions. The Wilson high school is well known through this state and highly respected.

After an exciting field season the band, flags, and drill team did not just sit around, they split up and went into separate competitions. The drill team

and flags learned basketball shows and the band worked on different musical arrangements.

These groups have been criticized by many students and teachers. Some people do not think these groups are needed, but they wouldn't say that if they had to do without them for a while; for example, who would open the football games, who would entertain during half-time, and who would provide music at the rallies? These groups played an important role in our school and we should support them all the way.

By Debbie Oliver

A Teacher Responds

Wilson High School has a minimal dress code. In an effort to preserve an atmosphere more conducive to learning than to recreation, the administration and the faculty have formulated and advertised to all the students the prohibition of short shorts and other distracting costumes. Some teachers have elected to enforce this ruling and have been subjected to undue harassment, as a result, from students who, well-advised of the ruling, elected to do as they pleased in spite of clear-cut directions from administrators and teachers, time to adjust to those directions and ample explanation as to the rationale of the rule. Any attempt to enforce the rule, in fact, was met with loud cries of dismay and attempts on the part of the students to accuse the teacher or teachers of "embarrassing" the student directed to dress appropriately.

To complicate the matter even further, the very "spirit" clothes of several of Wilson's "spirit" groups violate the rules established for every other student, and attempts to make the "spirited" students abide by the rules which govern

everybody else have been met with loud cries of protest, too: this time the protest has been that the teacher is "against extra-curricular activities," cheerleaders, songleaders, drill team and tall flag team."

I am one of those "certain teachers" who have elected to enforce the rule against short shorts and distracting costumes. In my opinion, participation in extra-curricular activities and athletics carries with it a responsibility to model the best behavior, not a license to break every rule in the name of "spirit." I like the concept of extra-curricular activities; I do not like manipulators who demand, in exchange for their service to the school, immunity from punishment for breaking the rules applicable to all other less-visible students. When most teachers and advisors encourage their students to follow the regulations or take the consequences of their refusal to do so, the question of "embarrassment" will be withdrawn as irrelevant and the "commotion" will die down.

Half a Million Dollar Face Lift

The G.A. Wilson Administration Building received a half-million dollar face lift after the destructive fire left a major scar on the campus. It took two years for the building to be completely rebuilt, and it took a lot of patience and time by the faculty to wait for the building to be restored to its new condition.

It took \$350,000 dollars to reconstruct the administration building. The builders tore down the building and rebuilt it. They put in a new electrical system, and even replaced the roof and the floor. The administration had to buy new furniture and equipment because only two chairs were salvaged from the

fire. The administration building is currently furnished with new desks, chairs, phones, xerox machine, and all this new furniture and equipment costing approximately \$100,000 to be replaced.

While the building was being rebuilt, it caused distractions to all classrooms on campus. The reconstruction was continuous. It went on during school, and even when school was over during summer vacation. Although the scar caused pain and the faculty wished it had not happened, but it did serve its purpose. John Rieckewald said, "It is much better and much more functional, but I wish the fire had not have taken place."

Fads and Trends of 82

Everyone, I mean everyone, wore little alligators on shirts, socks and pants. Another interesting item found on shirts and socks was a polo player on a horse. Fashion trends have returned to the college look of oxford shirts and wool sweaters. Many fashions resembled the spunky fashions of the fifties.

Have you ever walked down the street and noticed that the person ahead of you has two things over their ears with wires running down into their jacket? This latest craze was the Sony "Walkman." At any given time you could see people jogging, driving or

studying with them on.

In 1982 the home video game craze really hit home! I don't think there was a living room in America that didn't have "Pac-Man," "Donkey Kong" or "Zaxxon," not to mention such ingenious games as "Gorf," "Worm War I," and "Megamania."

These were just a few of the many fads or trends of 1982. 1982 will be remembered for its originality, boldness, and general feeling of excitement.

Rock Out!

"Rock and Roll is here to stay..."

Music is one of the oldest and most important parts of man's life. We hear music on television, radios, concerts, and practically everywhere we go. There are many types of music ranging from easy listening music to acid rock. Different people prefer to listen to different types of music, one of the most popular was rock and roll.

Rock and roll has been around for many years and is still going strong. We have heard great hits from many different groups. It all started back in the fifties with Elvis Presley singing "Hound Dog" and Buddy Holly singing "Peggy Sue." As the sixties rolled around, we

heard from the Beatles which were inspired by Buddy Holly. The Beatles had many hit songs such as "Help," and "Hard Day's Night." The Rolling Stones and the Who followed. During the early 70's the Doors became extremely popular with hits such as "L.A. Woman" and "Light My Fire." Led Zepelin was also popular with top hits such as "Stairway to Heaven" and "Rock and Roll."

Now, in the 80's, we have a lot more groups to choose from. We have Journey, Reo Speedwagon, Pat Benatar, and Tom Petty just to name a few. So it's apparent as time goes on, so does rock and roll.

The Brave Bystander

The day the Boeing 737 crashed into the icy waters of the Potomac River, the only thought in Lenny Skutnik's mind was to save Priscilla Tirado, a passenger on the plane, who was too frozen to grab onto the line which was being lowered from a rescue helicopter.

When the crash occurred, Lenny was on his way home from work. He left his car and walked to the river's edge to see what was happening. He then heard a woman scream. When he realized Priscilla could not grab the line from the helicopter, he took off his coat and cowboy boots, leaped into the water, swam out twenty feet and towed her back through the ice to the shore.

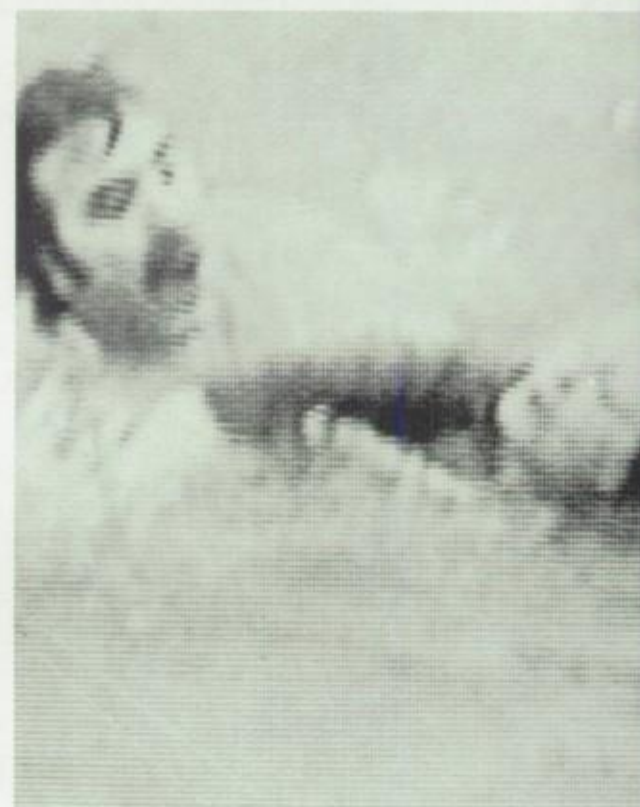

More than 50 million viewers saw the dramatic rescue. Everyone knew Skut-

nik was an instant hero. On television talk shows he was always asked the same thing — "What were you thinking?" He said he didn't even know what he was doing. After he saved her, he said that he just stood up and froze. Everybody just kept clapping.

Priscilla, who just lost her husband and baby, was in shock after this tremendous accident. She says she will never forget the heroism of Lenny Skutnik. Priscilla stayed in the hospital eight weeks after her accident, where she was visited by Lenny and his wife.

Priscilla Tirado said, "Lenny Skutnik is my savior — my angel sent from heaven. Nobody will ever forget his heroism."

ACADEMICS

Wilson Teachers Work Hard

Board of Education

The Hacienda La Puente Board of Education is the head of all schools in the Hacienda La Puente School District. They maintain all school policies and regulations, and they set them for the good of everyone. Each member of the Board is in charge of a different section concerning the educational program and also apportions the money to all schools for the year. The president of the Board of Education is Kenneth R. Manning and the vice president of the Board is Judy A. Richman. The Hacienda La Puente Board of Education does a great job, and they are truly dedicated to their work.

Administrative Staff

John Hyma
Principal

At G. A. Wilson, we have the best administrative staff ever known throughout the district. John Hyma our principal has done a fantastic job administrating the school and made sure that everything was fine. Dolores Burkhardt and John Rieckewald, who are our assistant principals, have also done a great job helping Mr. Hyma. The Director of Activities, Dick Bernier has shown that Wilson's students have spirit through the activities he had planned. The students of G. A. Wilson would like to thank the administrative staff for serving the school so well throughout the year.

Counselors

The counseling staff of Wilson High consists of helpful and careful counselors. They are in the administration building from morning until evening. The counselors are there to help students who are in need of help in any sort of way. They help students with schedules, scholarships, and solve any type of problems you have. A student said, "The counselors are really helpful when you need them."

Office Staff

Vita Heilman, Nancy Reddy, Gilda Brice

The office staff was an important factor at Wilson. They took care of all paper work, Zerox work, and lots of other things. The office staff kept the school running smoothly and efficiently. The office staff has done a great job throughout the year, and hopefully will in the years to come.

Media

The little, but quaint Wilson Media Center was a place everyone enjoyed. The Media Center was run by three industrious ladies. The ladies were Cynthia Kirkley, Amy West, and Eleanore Bell. They kept the Media Center in order and made everything even better than it already was. They kept the books neatly in place and made sure the audio visual equipment and video equipment were well taken care of. We would like to commend them for a job well done.

Eleanore Bell

English

The English staff was one of Wilson's strongest academic staffs. Even if the staff was strong, they made it even stronger by developing a new program. The program was the honors classes. Many teachers and students enrolled in that class were more than satisfied with the new program. Even without the honors program, the staff had an excellent reputation on campus. The English staff will continue to be one of Wilson's strongest academic staff with all the fine teachers.

Foreign Language

The Foreign Language department taught the Wilson students the elegance of a foreign language. The department made it interesting for the students to learn French, German, or Spanish. The Foreign Language department was one of Wilson's smallest, but that didn't stop them from being an excellent staff. The first year of a foreign language class the students learned the basic language structure, grammar, and a whole lot of vocabulary. The proceeding years, they learned the whole language — a valuable asset. A foreign language is one of the best classes a student could ever take at Wilson.

When you walk into a Social Science class, you would probably see a class having a wonderful time while they were learning something about history of all kinds — geography of the world, U.S. History and also all kinds of other social science.

The department was headed by Jim Kelly and there were other teachers who taught the interesting Social Science subjects. A very jovial student in a U.S. History class stated, "The Social Science teachers are very understanding." The Social Science Department has done a great job in the past, but they have done a better job this year.

Mathematics

The math department at Wilson High is doing a great job in teaching the basics as well as more complicated subjects like calculus. The math department teaches fundamentals, applied, consumer math, algebra, geometry, trigonometry, and calculus. The chairman of the math department is James Pate, and the other hard working teachers are: John Crowther, Leo Utt, Bob Mann, Fred Long, Jeanne Paquette, Donald Schlesinger, Patricia Nicholson, Norman Lee, and Adela Kennedy. The math department has been excellent and strong, and will continue to be strong since the staff is dedicated to their position as a math teacher.

The Business Staff helped many students by teaching saleable job skills that could be used in the future. This staff prepared to teach students many facts about the business world. The department consisted of only four teachers, but they did an excellent job in teaching. The staff offered courses that would definitely help in the future like accounting, typing, business principles, and also business law.

Physical Education played a vital part in a student's life. The class kept the students in good physical condition throughout the year. The physical education staff made the students take laps, and sometimes they required the running of a whole mile. The staff also made the students exercise and afterwards play a game of volleyball or softball. The physical education staff did a great job of keeping all the students at Wilson in great shape.

Industrial Arts

The Industrial Arts department offered various hard-working, but very enjoyable classes. The department taught wood, auto, metal, drafting, and photography classes which were classes where you had to be very industrious. The classes made many projects, and they were all wonderful. The projects were high quality because of the dedicated help of the Industrial Arts staff.

Music

Music department emanated the most beautiful sounding. Gilbert Adams, and Kevin Lambert were the two teachers responsible for the great department. Home Economics

The Home Economics department was the smallest department at Wilson. The department consisted of only one teacher, Mrs. Schneider. Mrs. Schneider taught all the Home Economics classes from morning until the end of the school day. Mrs. Schneider taught the students about cooking all kinds of food, about marriage and family, and also about clothes. When you walked into one of the Home Economics classes you could usually smell all sorts of delicious food, and the students will tell you that all the Home Economics classes were very enjoyable. Mrs. Schneider did a great job of teaching the students about Home Economics all by herself.

Art

Rick and his friends are trying to look busy.

The Art department offered the most enjoyable classes at Wilson. The department taught ceramics, jewelry, painting, and drawing, and their specialty was teaching 2 and 3 dimensional art work. The staff provided the students with the most creative environment available at Wilson, and many students claim they had fun while they were learning. As Karen Alejandro said, "I had a lot of fun making and learning in my art class."

Instructional Aides

The Instructional Aides were also an important staff at Wilson. They helped certain teachers by running off dittos, correcting papers, xeroxing a lot of papers, and all performing the necessary clerical duties. The Instructional Aides were also always there to help the teachers when the teachers were busy. The staff consisted of very nice, helpful, and loving people. Dear Anthony Paul,

I've tried not to think of it, but the time is here. Our senior year is over, the time I've always feared. We have a long journey before us, and with you I would like to be.

This dream would be impossible though, for you but not for me. And even though I love you, our different ways we will go. I wish the very best for you, just thought you would like to know.

And when we've established our lives, and found our own careers, my mind will ponder upon the times past, reflecting our high school years.

I'll remember you and our shared love, how could I ever forget? The joys, the tears, good times and bad, for sure I'll never regret.

To Sam,

I'll always remember the fun we had at the Go-Go's concert (getting lost), the football games (especially against L.A.), the KROQ dance, the homecoming dance and your special friendship.

Got any problems? Who loves ya? I do!
Best of luck always.

All my love,
TRACE

To Lisa and Maria,

I'll never forget the crazy times we had in Mr. C.B.'s class, or the pranks you guys pulled on me. My purse contents went through a lot of moving around. You better watch out, cause I've got my eye on your purses! If I don't go for the purses, I'll just get a new killing jar!!

I hope Wilbur is happy. Bless his little pig heart!
Good luck in all you do.

Love Ya,
LYNNESCO

Matt,

You're the best friend anyone could hope to find. When I couldn't handle it alone, you were always there. Thanks for listening, and I know nothing will ever break the bond of our friendship.

Love Always,
Your "Sister,"
MARY

To Ronelle,

The bestest friend I'll ever have. Boy, can we get crazy and hyper!! Your friendship is special to me. Thanks for being there! I only want the best for you and Bryan.

Best friends always,
Love ya bunches,
ESCO

Miki,

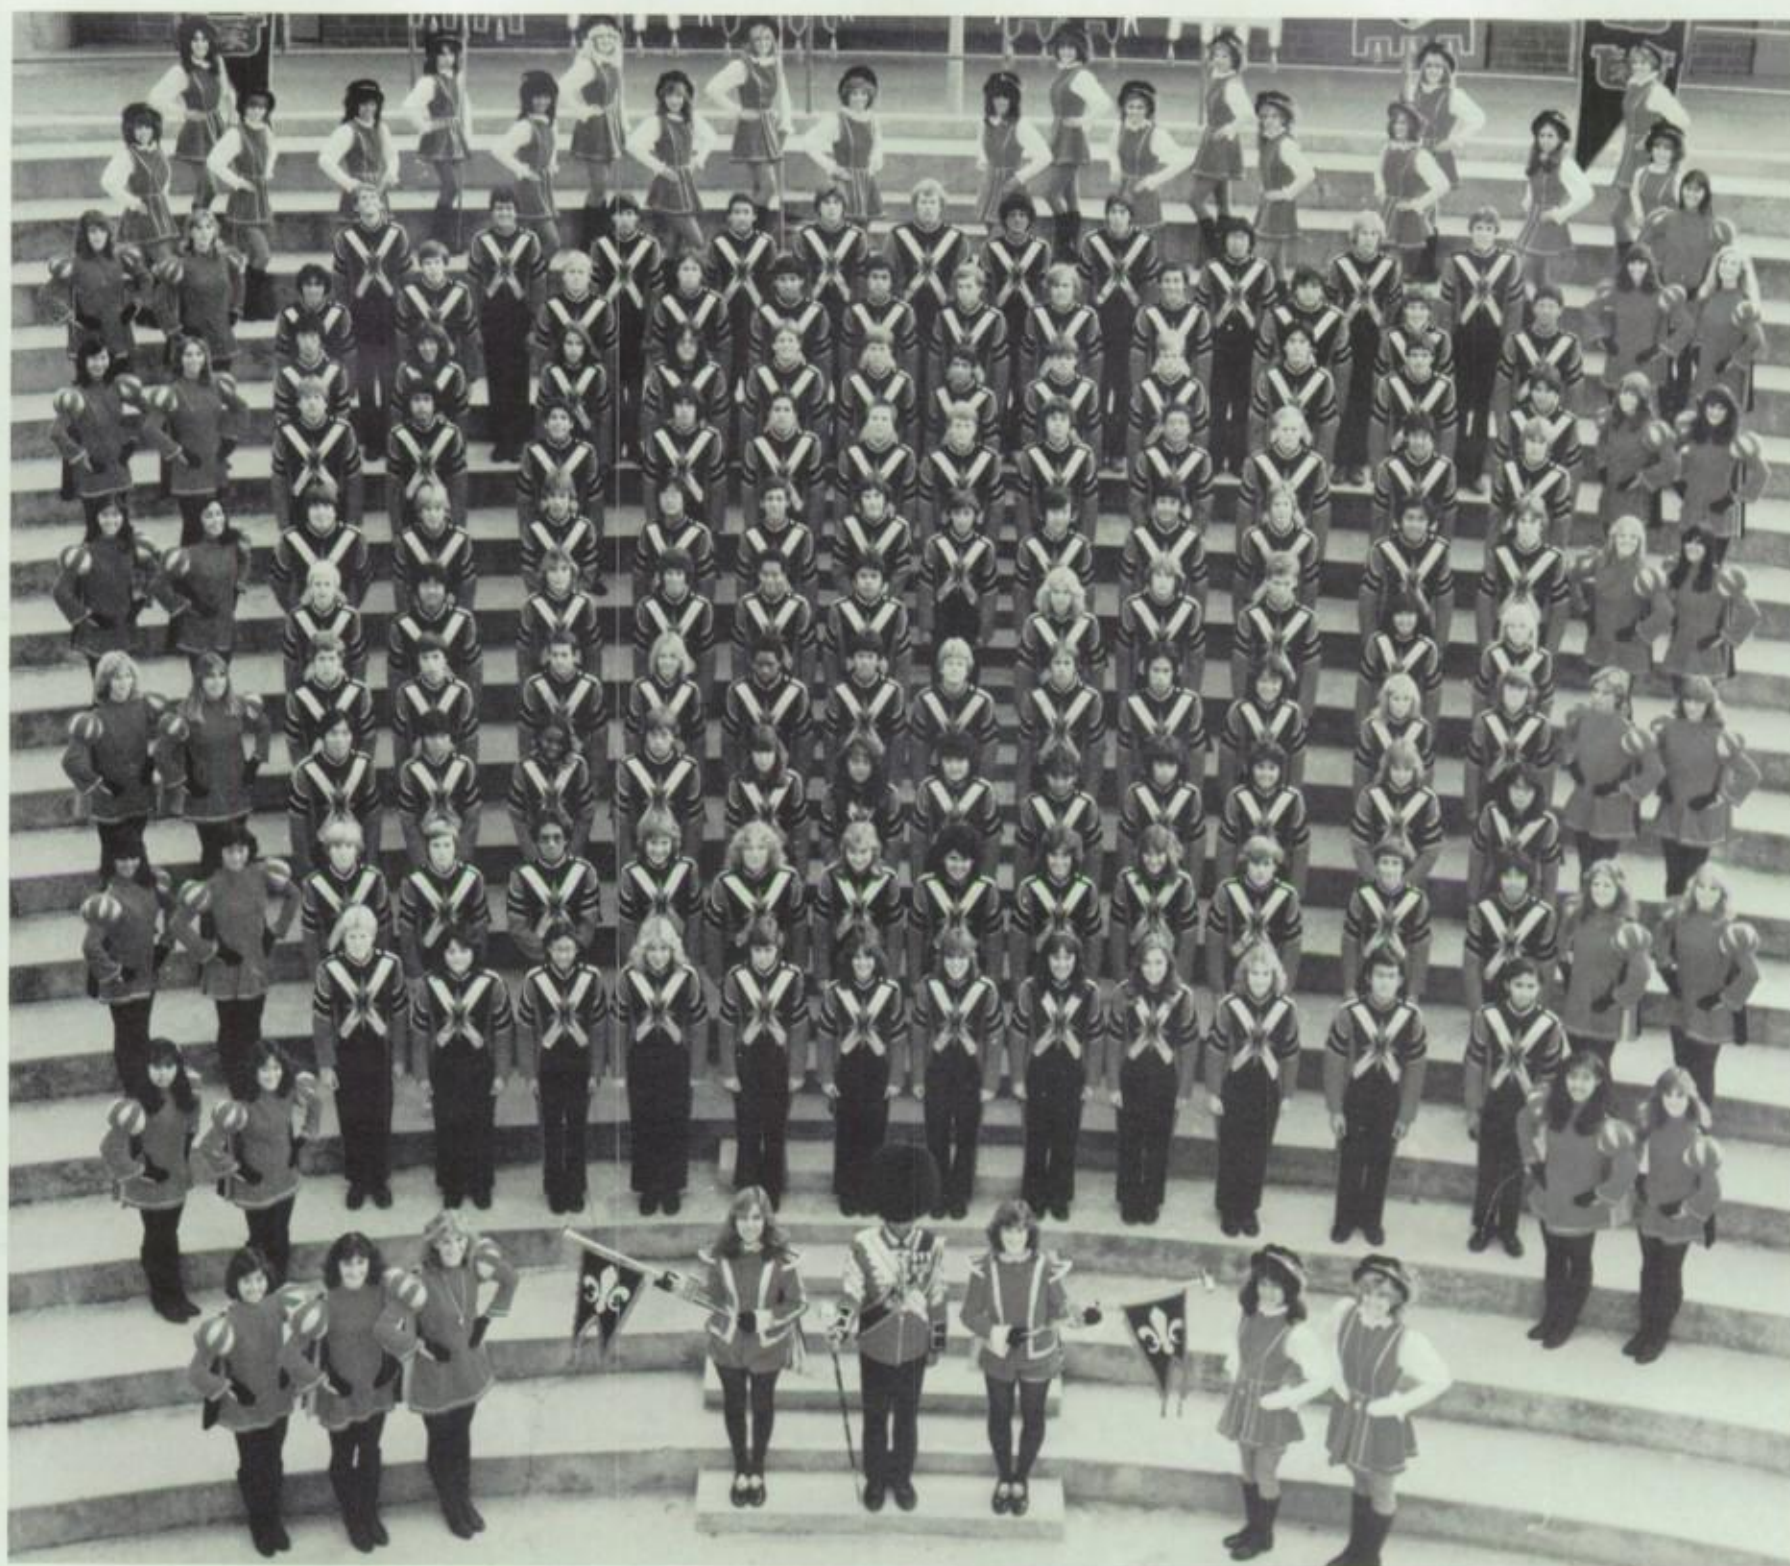

We made it!!! And we are still this close!! We've shared so much in the past three years and have a lot of great memories to hold on to. Thanks for everything and . . . Mik, I love you.

MARY

Christopher,

The times that we have shared have been the best! You are a special person and a big part of me. The fact that we can work out our problems means a lot. Thanks for your love and caring and for making my senior year great! I love you!

Cheryl, Martha and Jovielyn:

**Thanks for all of your hours of hard work,
dedication and loyalty. Your efforts are
appreciated much more than you will ever
know! Thanks.**

**Love,
MISS KIRKLEY**

Julie,

**Never will you realize how much you mean to me. I am
forever in debt to you. You have taught me so many
things about myself and the world around me, and I
hope I have done at least half as much for you.
I will never forget all the fifteen-minute phone calls,
the gracing of presence, anonymous love letters in
French class, last summer, going out, parties with
"David, painting megaphones, painting boxes,
painting signs, painting jars, studying for Chemistry
tests we never took the next day, being my "Little"
Friend, La Serna basketball games, bus rides to Palm
Springs, letters at Christmas time, Sociology, J.G.,
Peter Allen-ing it, listening to the Boss, breaking
tables, getting harshed on, eating Häagen Dazs, red
clothes, F.P., F.S., F.J., "he's fond of children," Tonto,
having a great memory, cousin Jethro from
Oklahoma, "Hey . . . do you know that guy?"
Melodramaticness, long distance phone calls from
New Jersey and Hawaii, going to hospitals, playing
backgammon, playing ping pong, Miami Dolphins
teeshirt, shower fixations, doing our Civics paper,
Harpo and the technical foul, stealing numbers out of
trucks, stealing Boogie Boards from Anthony,
matching outfits, Halliograms, Santa Claus suits and
beards, In-and-Out Burger Hysteria, "isn't he
though," funniest guy I know, wearing visors
everywhere for a week, lawn chairs on the patio "one
summer night," "the Phillies won the pennant"
bombs during World War II movies, "should I turn off
the projector?". If you ever feel down just "pick
yourself up and dust yourself off," Well, you know.**

CHRISTOPHER

The Annual Staff would like to thank all those long-suffering members of the faculty, friends, and others who have put up with us this year. The list is long, and we are sure we have forgotten some of you. The ones who come to mind at this wild time during our last deadline are: Jane Kasel, Mr. H. A. Besse, Mr. Wong, Wayne Seeber, Brent Bailey, Watson Photography, Sangeeta Chabra, Mr. Hyma, Mr. Bernier, Julie Kaup, the staff of the Paw Prints, but most of all, the members of the Social Science Department. They have put up with all the antics of the Annual Staff including yelling and screaming while their classes were in session, messing up their office, moving typewriters out of the office, peeking through their windows to wave at our friends, using the telephones, and making cow noises through the doors. We thank you and ask your forgiveness.

THE 1983 PROWLER STAFF

To My Girlfriend Diana Hernandez.

I give you all my love and I want you to know that I will always be there for you no matter what happens. I love you very much.

"Yours Forever,"
BRENT

To All My Good Friends, Thanks for all the good times we shared together through our four years here at Wilson. I will remember you guys for the rest of my life.

BRENT

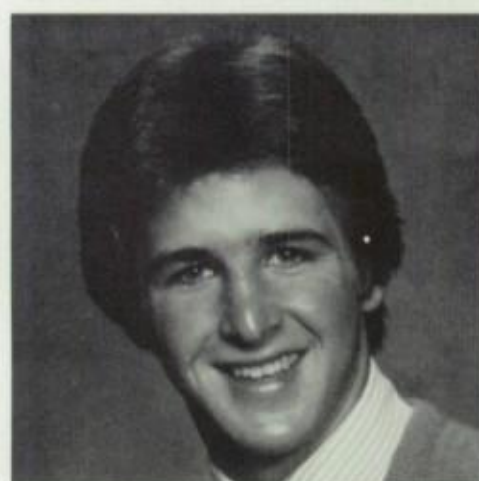

Thank you to Mr. Besse for all his help, Mr. Mrakich for being such a nice guy. Thanks to the 1983 Prowler Staff for doing your work, even though I yelled at you all.

Christopher

To Mike Sorosky and Mark Marrero
May we laugh together until we die.

BRENT and CHRIS

Paige,

**You're a very special friend.
Hope you get the best, you
deserve it.**

Friend Always, ROCHELLE

Cheryl,

I send you a smile for just being there by my side
when I'm down and showing, that you care.
I send you love for caring for me when I was sick or
hurt or wanted company.
I send you a rainbow for showing me that the sun
needs the rain for a rainbow to be.
I'd send you the world if dreams could come true, for
a sister takes it all then returns it to you.

Love,
DEBBIE

To: Brian Orcholski, David Duncan, David Tanaka, Dennis Bird, James Kahn, Jerry Renek, Jim Darcey and Matt Miyasato. Happy Everything! You finally made it! Congratulations and good luck in all you do. We'll miss you because you're a special bunch. You made lunch something to look forward to. We love you!

To Wadster,

I'm glad I have you as a brother. You are really special
to me!!! I hope we'll always have a special
relationship. Wishing you a great Senior year and lots
of fun times in your future!!!

Cats Receive Roaring Honors

At Wilson high school we have students winning awards and scholarships every day. These students who are never really credited for their fine achievements by the student body here at Wilson are now recognized.

Since 1948 a special award has been created for the Los Angeles area high schools. This award is the Bank of America Achievement Award. The winners for these awards are selected by school faculty committees. Three students received plaques for their achievements. Students could receive from \$2,000 to \$5,000 for becoming finalists for the Bank of America Achievement Awards. The plaque winners were awarded for applied and fine arts, liberal arts, and science and math. Ten certificates were given out for art, drama, music, English, Foreign language, Social studies, Lab science, Mathematics, Business, and trades and Industry. All the winners for these awards should be con-

gratulated for their efforts and dedication.

The following people received awards:

Certificate Winners

ART — HYUN YUP LEE
MUSIC — MATT MIYASATO
LABORATORY SCIENCE — JOHN LIM
BUSINESS — LISA FORTENBERRY
TRADES AND INDUSTRIAL — DUC TIEN DONG

Time to Go On

A yearbook is supposed to capture the entire year in three hundred or so pages. I feel that this book has basically accomplished that. But it now must have an ending, and for the Senior Class of 1983, that ending is to keep on going.

I do not care for melodramatic sayings, like "we are now at the crossroads of our lives" or "we are now mature adults because we have now completed high school". But it is now time for us to go on to different things. For some it will be on to either a college or a junior college, for others it will be on to some type of employment. Whatever it is that you choose to go on to, you will never (No matter how hard you may try) forget the years that you spent at Glen A. Wilson High School.

The friends we all made, the fun times that we all had together are now to be let loose. It is time for us to leave these people and memories behind, no matter how hard it is. New friends must be found and with new friends will come new memories that will also be held on to, just as your high school

ones were.

Whatever you decide to do, I wish you all the luck in the world.

Now that this book is put to rest, there are a number of people who deserve all my thanks. First off, I would like to thank Mr. Besse and the entire 1983 Prowler staff, Jane Kasell, the best yearbook rep around, Mr. Bernier, the entire Social Science department, the Paw Prints and Mrs. Moore, Brent Bailey, Thomas Clarkson, and Ted Padres for all the pictures and the prints that they made for us, Jennifer McCammack, Julie Kaup, Sangeeta Chabra, and especially Wayne Seeber of the Highlander for the assistance he gave me. Without the assistance all these non-staff members gave us, this book would have never been finished. If I did not thank anyone I should have, I am very sorry.

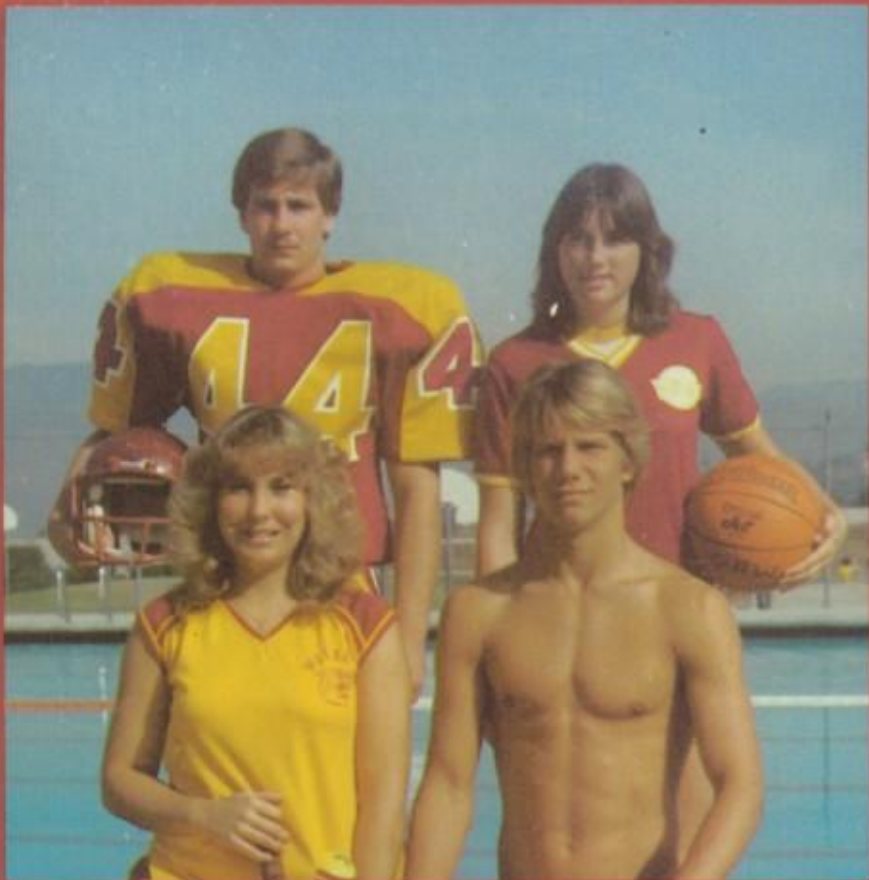

With every best wish,

Dunfee

Schoemars

Dear
Darryl,
(Doe's)

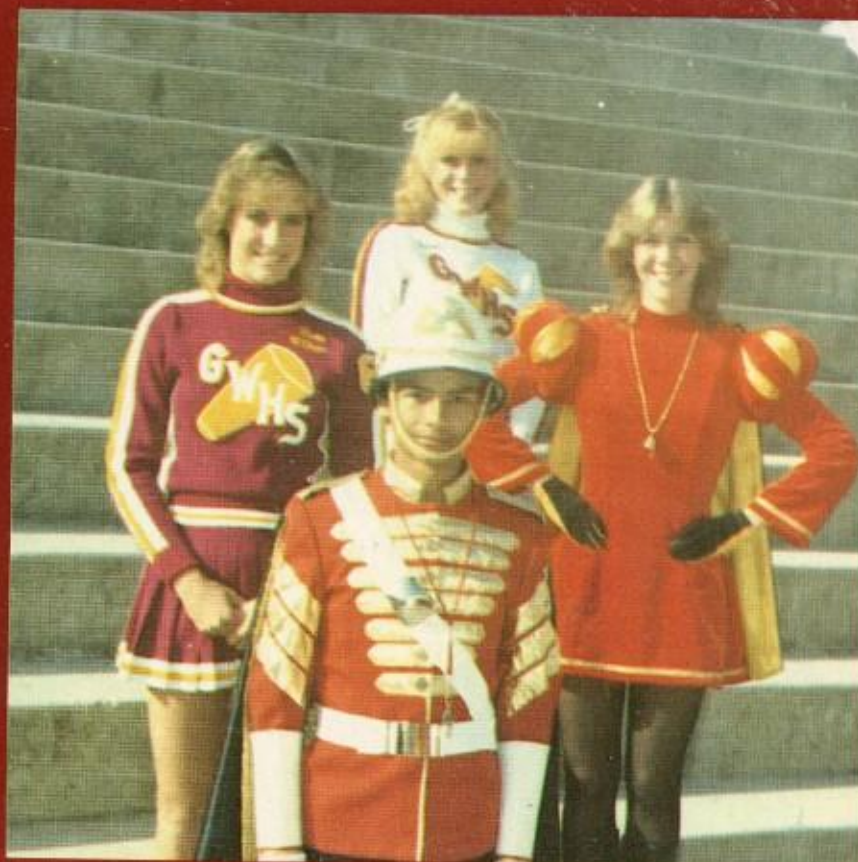

I don't even though
I don't go to your school
mainly because you're in it
summer. I'm glad I met you last
summer. I will never forget those all
many times I will see you just turned
but we still have each other. I just about a
year, but it's been a really fun summer
as you've been a very special friend, who has helped me through
a lot of problems, when I will never forget, (I couldn't EVER FORGET).
you're very special, especially to me, you always will be! You looked
so nice! It seems so weird that you're about to graduate in 7
day, I wish I were so fun together you are graduating at Prom! You looked
think I'll make it, that you did! I hope you have a graduation party!
your life. I hope grad night is fun to, it should be it,
lost enough, but not too much. I want you to know and you'll
Darryl, there's some things I want to mention you're graduation party!
no matter what happens between us, I hope you'll be
always be in my heart. If we ever have a bad or good you'll
and peacefully, to where we can have a friendship, be-
cause I will always be there for you to talk to, and
help you. I hope you'll be happy, without losing
matter what! I hope you'll be happy, without losing
some bad times, but if you have patients, you do. I k-
your temper, you will succeed at everything you do. I k-
now you think you can be happy with it, everyone
you really my life! Be happy with it, everyone
throughout your life! Be happy with it, everyone
around you, long as you are happy with it, everyone
with a big plan will feel the same way! Good luck
a big plan won't. Well, I have never said
all remember we had, because I said
that no matter what happens, I will
always and say, but always
no matter what
what

Have fun
 in the next few
 weeks, make sure you
 have the best summer
 yet, Good Luck in college
 Larry!

Love,
 Lora
